GOLF CROQUET

Name:	
Club:	
Associa	tion:

Your index changes after each competition singles game won or lost. The winner's index increases and the loser's decreases by the same amount.

Doubles games are not recorded here.

Your handicap changes as soon as your index reaches a trigger point given in **Table A** which corresponds to a handicap different to your current handicap.

In **handicap** games your index increases or decreases by 10.

In **level (no handicap)** games the index change is shown in **Table B**. Index changes are the same for 7, 13 and 19 point games.

The **extra turns** allowed for a given handicap difference in a handicap game are shown in **Table C**.

Cards should be signed by the opponent after each game.

If an index drops below 100, it is recorded as 100. 100 is the minimum index.

Starting handicap or handicap brought forward from old card

Date	Index	H/C
