- directly advising the relevant Office Holder of the CNZ Entity controlling a tournament or event; or
- submitting it to the Office Holder who is the principal person in authority at the premises of the CNZ Entity where the matter arose. Should the complaint arise from a tournament or event under the control of a different CNZ Entity, it must be forwarded promptly to the relevant Office Holder of that other CNZ Entity.

Office Holders advised of a complaint will act on the complaint in accordance with the CNZ Complaints Procedure.

A complaint should be made at the earliest time in the context of the matter and desirably within 7 days of the matter arising. It is the responsibility of all involved to ensure that complaints are handled fairly, promptly and correctly. Where appropriate and possible complaints will be resolved in the simplest possible manner.

Complaints should be made honestly and only discussed in confidence with others who need to know. The complainant should be made aware of the legal consequences of frivolous or vexatious accusations. The receipt of a complaint under this Code shall be notified to the Chief Executive of CNZ.

Complaints Procedure

PURPOSE

The purpose of this Complaints Procedure is to provide and maintain an orderly, effective, efficient and proportional process to resolve complaints to which the CNZ Code of Conduct applies.

DEFINITION

In this Complaints Procedure a:

- CNZ Entity is Croquet New Zealand Inc.; CNZ's member Associations; and Clubs affiliated to CNZ member Associations.
- CNZ Affiliate is an individual who is:
 - an officer or member of a CNZ Entity;
 - participating in the sport of croquet at the premises of a CNZ Entity;
 - engaged by a CNZ Entity and/or is present at the premises of a CNZ Entity and is involved in croquet related activities whether as an employee, coach, or a volunteer and irrespective of the duty being performed;
 - attending by invitation or consent at the premises of a CNZ Entity.

APPLICATION

This Complaint Procedure applies to:

- any CNZ Affiliate when assisting in any activity involving croquet whether as contractor, coach, employee, or volunteer; and
- any CNZ Affiliate participating in the sport of croquet at the premises of a CNZ Entity; and
- anyone engaged by a CNZ Entity to assist with travelling arrangements for, or transportation of, players; and
- anyone attending by invitation or consent at the premises of a CNZ Entity.

Complaint

A CNZ Affiliate who believes he or she has been adversely affected by the conduct of another CNZ Affiliate involving a matter of behaviour or conduct to which the complainant considers the CNZ Code of Conduct may apply may make a complaint in accordance with this procedure.

Implementation of the Procedure

A. Complaints Arising in the Context of a Tournament

A complaint that arises in the context of a tournament will be handled by the CNZ Entity controlling that tournament. CNZ itself will deal only with complaints arising at tournaments or events under its direct control,

When a complaint arises in the context of a tournament, it should be submitted to an Office Holder of the CNZ Entity controlling that tournament where practicable. It may, however, be submitted to an Office Holder of the CNZ Entity hosting the tournament, in which case that Office Holder of the hosting entity must ensure that the complaint is forwarded promptly to the CNZ Entity controlling the tournament or event.

A complaint will not prevent the tournament proceeding in a timely manner.

B. Complaints Arising Other Than in the Context of a Tournament

A complaint that arises on any occasion other than in the context of a tournament shall be submitted to an Office Holder of the CNZ Entity where the matter that is the subject of the complaint is alleged to have occurred.

C. Commencing a Complaint

The complainant shall provide a note or memorandum in writing to the appropriate recipient described in A or B above. This shall state the place, date and time of the occurrence and sufficient detail for the nature of the matter to be understandable by a third party. If possible, the complainant should provide the names of witnesses who may be able to comment on the substance of the complaint.

D. Integrity

To avoid the risk of unfair treatment, it is important that all complaints are made honestly and only discussed with those people who need to know. The complainant should be made aware of the legal consequences of frivolous or vexatious accusations.

Investigation of the Complaint

The Office Holder of the CNZ Entity responsible for dealing with the complaint will appoint an Investigator to consider the complaint promptly, appropriately, and fairly.

The Investigator will interview:

- the complainant;
- the respondent (the person against whom the complaint is made); and
- any witnesses.

A support person may be present with the complainant and respondent and shall be present if either is under 18 years of age.

The Investigator will advise the complainant, respondent and witnesses of the necessity of confidentiality and the potential consequences of any breach.

The Investigator will prepare a report regarding the facts of the situation based 'on the balance of probabilities'. The report will include:

- the basis of the complaint
- the response of the respondent to the allegation(s)
- a summary of any information provided by witnesses
- reasons why any one person's evidence is preferred
- details of the investigation
- any recommendations for the resolution of the complaint
- when appropriate, any recommendation as to how to prevent this type of thing happening again

Rights of the Respondent

The respondent must be given the opportunity to:

- understand that the investigation/hearing is unbiased, where both sides have the right to be heard, but the respondent has the right to have the final say in response to the evidence
- know what the complaint is about and who it is made by
- respond to the complaint and have their account heard
- have time to respond, and
- have support to respond

Decision Making

The Investigator will recommend the outcome of the complaint to the Office Holder by whom the appointment was made. The Office Holder will confirm the outcome with the CNZ Entity and notify the complainant and the respondent.

The Investigator may dismiss the complaint or may make recommendations that may include:

- a verbal or written apology
- a letter of reprimand
- a fine or levy
- a referral to counselling
- a termination of engagement or appointment
- a change in role or duties
- an exclusion from team selection
- suspension
- an expulsion from membership
- any other measures the investigator considers appropriate
- a combination of any of the above

If the Investigator determines that the complaint warrants it, or if the Office Holder receiving the report requires it, a disciplinary committee meeting will be convened promptly and desirably within 21 days of the completion of the Investigator's report. The committee will:

- receive the Investigator's report
- consider the report
- provide the complainant and the respondent with the opportunity to respond to it and comment on what they feel is appropriate action
- determine if and what disciplinary action is appropriate

Record keeping

A confidential record of formal complaints that have been upheld shall be retained in accordance with the CNZ Privacy Policy. This record should include a record of the investigation, the decision of the disciplinary committee, if any, and of the CNZ CE, if any, and what action was taken.

Records of formal complaints that are not upheld shall be destroyed after 3 months after all decisions under this Complaints Procedure have been finalised.

Retaliation

Retaliation against an individual who has filed a complaint, participated in any procedure under the policy or been associated with a person who filed a complaint will be treated as harassment.

Support for the parties involved

The CNZ Entity involved will arrange for both the complainant and respondent to have access to appropriate support. The support person or people are also bound to confidentiality to the same extent as the complainant and respondent.

Confidentiality

All people involved in the investigation of complaints are required to keep it confidential during the course of the investigation and ongoing confidentiality may be required.

Wrongful Decision

If either of the parties to a decision made under this Complaints Procedure consider the decision is to be one that no reasonable person could reasonably have made, or that it took into account factors that should not have been considered, or it failed to take into account matters that should have been considered, then that party may place the concern in writing before the Chief Executive of CNZ within 21 days of the decision being made. Such application shall not extend to a decision correctly made with which the party disagrees. The CNZ CE shall consider the matter with due expedition and may vary the decision or dismiss the matter at the CE's absolute discretion. The CE's decision shall be final.

Safeguarding Code of Conduct

Purpose

1. This document describes the standards of behaviour expected when:
 - a. Dealing with young people.
 - b. Coaching young people, including advising when Police Vetting should be undertaken
 - c. Young people use CNZ Entity premises.
 - d. Contacting young people via social media, handling their data, using their visual images
 - e. Organising trips for young people.
 - f. An emergency occurs.
 - g. Handling media on safeguarding matters.
2. This document also defines how any breaches in these standards are to be handled.
3. This document, which is specific to safeguarding young people, should be read in conjunction with the CNZ Code of Conduct
4. This document is part of the CNZ Safeguarding Policy

Definition

5. In this document, the term "coach" includes CNZ accredited or employed coaches and any volunteer working with young people for the purposes of coaching.
6. The other definitions in the CNZ Safeguarding Policy apply to this Code.

General Conduct

7. The aim is that all CNZ Entities should create a welcoming and supportive environment for both young people and adults that will minimise opportunities for abuse and false allegations.
8. CNZ Entities have a responsibility to engage with the parents/carers of young people. The first formal opportunity will be when young people are accepted as participants in an introduction session. Parents/carers must be asked to consent to their young person taking part in CNZ Entity activities, to consent to photos/videos being taken and used in a range of circumstances, and to provide contacts and medical conditions that might give rise to health concerns while participating in croquet (e.g. asthma concerns). A template (T1) Parent/Carer Consent and Information Form on Joining is provided. Also available is a template (T2) Information for Young People.
9. Young people may feel awkward and out of place in a sport largely played by older people. To address this, they should be:
 - a. Respected - seek their views, value their contribution.
 - b. Included - in conversations and CNZ Entity activities.
 - c. Supported - be reassured they are in a safe environment.
 - d. Encouraged - as they learn the game at their pace.

10. All adult members should always:
 - a. When young people are at a CNZ Entity without their parent/carer or Responsible Adult present, ensure a minimum of two adults are in the vicinity. In addition to safeguarding needs, this is a sensible precaution in case of accidents and may be necessary to meet insurance requirements. See also paras 18 to 22 below regarding online communication.
 - b. Treat all young people with respect.
 - c. Allow young people privacy when using any changing facilities.
 - d. Use the minimum force necessary if physical contact is required to prevent injury or danger to a young person or other individual.
 - e. Avoid physical contact in other circumstances; coaching should be by demonstration only.
 - f. Obtain parental/carer consent before befriending or otherwise contacting them via social media.
 - g. Any other contact with a young person is only through their parent/carer.
11. Adult members should never:
 - a. Denigrate a young person's croquet abilities. NB Particular care is required in streaming commentaries, online texting and social media.
 - b. Drive a young person in their car (except in an emergency) without specific parental/carer consent, unless the adult is the Responsible Adult, and see below for trips.
 - c. Have favourites among the young people.
 - d. Engage in any physical or sexualised behaviour with a young person.
 - e. Use obscene or sexualised language.
 - f. Condone young people who engage in swearing bullying or other unacceptable behaviour.
 - g. Ignore any concerns or allegations expressed by a young person.

Conduct by Coaches

12. Coaches (including volunteers) working with young people are expected to apply all the CNZ's coaching standards.
13. To meet the CNZ Safeguarding Policy when coaching young people, in addition to the general conduct requirements for all adult members at paras 7 to 11 above, coaches are required to:
 - a. Respect the right of parents/carers to be involved, including ensuring that young people's parents have the coaches' contact details. Conversely, coaches should ensure that they have the young people's emergency contact details readily available.

- b. Ensure an adult/coach ratio on the lawn of no more than four young people per adult, improving the ratio to take into account any additional needs e.g. communication, disability or challenging behaviour.
- c. Apply the guidelines in the section Conduct for Trip Organisers below. This includes obtaining parental consent for all trips to croquet events; the necessary templates (T3A) Letter to Parents for an Event, and (T3B) Parental Consent Form for an Event are provided.
- d. When using video recording equipment (including mobile phones, tablets, and similar devices) as a coaching aid, ensure that all images are appropriate and available to the parents/carers or immediately deleted.

Police Vetting and Certification

- 14. Advice should be sought from the CNZ Chief Safeguarding Officer (CSO) on the circumstances that require a Police Vetting process.
- 15. A Register should be kept by the CNZ CSO of all Police Vetting Certificates issued.

Young People - Use of CNZ Entity Premises

- 16. CNZ encourages young people to use CNZ Entity premises; however, to achieve this safely requires some special measures:
 - a. When a young person is on CNZ Entity premises, they must be accompanied at all times by, at least, one adult.
 - b. When a young person is being coached together with other young people, they must be accompanied by the coach and one other adult
 - c. A young person must not be given the responsibility for securing CNZ Entity premises.
- 17. For the purposes of paras 16a and 16b above, the accompanying adult may be:
 - a. Their parent/carer (who solely from the perspective of this policy need not be a CNZ Entity member; however, local CNZ Entity rules will continue to apply).
 - b. Another CNZ Entity member whom the parent/carer has formally designated as their young person's Responsible Adult while they are at the CNZ Entity.

Conduct when Contacting Young People Online

- 18. Various methods of online contact are standard practice for many CNZ Entities and young people are likely to be well-versed in their use. It is expected that all communication with young people will be open, transparent and appropriate.
- 19. There are risks with online contact which include:
 - o Inappropriate access to, use or sharing of personal details (e.g. names, email addresses)
 - o Unwanted contact with young people by adults with wrongful/questionable intent
 - o Being sent offensive or otherwise inappropriate material
 - o Sending offensive or otherwise inappropriate material

- o Online bullying by peers
 - o Grooming for sexual abuse
 - o Direct contact and abuse
20. For adults, risks include their communication with young people being misinterpreted.
21. To reduce these risks, parental/carer consent (which may at the parent's/carer's option be given for regular contact) must be obtained before any member may:
- a. contact a young person by phone call, text or email (parents/carers should be offered the option of being copied in on all such contacts).
 - b. Engage in online coaching or similar activity.

Conduct to Protect Data

22. CNZ Entities must protect young people's personal data in line with the CNZ Privacy Policy and ensure it is only used in accordance with parent/carer permissions.

Conduct for Trip Organisers

23. There will hopefully be opportunities for young people to play and/or receive coaching at a venue away from that they normally attend. These guidelines will help plan and run a successful trip.
24. Establish the following, in discussion with the Local Safeguarding Officer (LSO) or the CNZ CSO if there is no LSO:
- a. Reason for the trip.
 - b. Date, times, venue.
 - c. Cost and who will pay.
 - d. Clothing, equipment, food or drink that may be required.
 - e. What to expect at the event.
 - f. Travel arrangements, including ensuring that the journey time is sufficient to allow for adequate comfort breaks to be taken and that they do not require a young person to be transported alone by anyone other than their parents.
 - g. In the event of an overnight journey - accommodation and meal arrangements.
 - h. If any young person is not accompanied by their parent, they need to be accompanied by someone who is designated as that young person's Responsible Adult
25. For each young person travelling, contact their parent/carer to:
- a. Brief them on the trip details.
 - b. Provide them with contact details of the trip organiser, venue and drivers and, if required, the young person's Responsible Adult.
 - c. Establish if the young person has any medical requirements (e.g. for travel sickness, other reasons) that might impact on the trip.

- d. Ask them to reinforce to their young person the behaviour expected and the consequences of not following this.
 - e. Ensure current parent contact details are known, together with emergency contact phone numbers.
26. An exchange of emails is useful as a reminder to all parties to avoid misunderstandings and to inform other passengers that a young person is travelling with them, while also serving as a written record.
27. Accommodation:
- a. In the event of accommodation being required, it should be assessed prior to booking regarding its suitability with particular reference to sleeping, changing and toileting arrangements.
 - b. A young person should only share a room with their parent.
 - c. On arrival, the accommodation's suitability should be confirmed, and it should be checked that the young person understands:
 - 1. Managing the room key
 - 2. Meal arrangements
 - 3. Emergency arrangements
 - 4. Schedule of activities
 - 5. Securing valuables

In an Emergency

28. The following actions are suggested if an emergency arises:
- a. Call emergency services.
 - b. Keep everyone safe.
 - c. Inform the young person's emergency contact.
 - d. Consider whether there are safeguarding implications, and if so contact the CNZ Safeguarding Officer or Chief Executive immediately for further guidance.
 - e. Make a written and/or photographic record of everything as soon as possible.
 - f. Do not speak to the press.
 - g. On return, complete the CNZ Entity's accident/incident report form, and notify the LSO or the CNZ CSO or Chief Executive.

Conduct when Handling the Media on Safeguarding Matters

29. Press enquiries on any topic are likely to come from a variety of sources and responding to each on an ad hoc local basis is a recipe for confusion. It is important that all responses on any young person safeguarding issue (especially those relating to any individual case) are handled by a single person, usually the CNZ CSO or the CNZ Chief Executive
30. If an enquiry comes in:

- a. Take the contact details.
 - b. Note the nature of the enquiry.
 - c. Give an assurance that a response will be made in due course.
 - d. Brief the CNZ CSO or the CNZ Chief Executive at the earliest opportunity.
31. Similarly, in this era of social media, it is important not to respond on an ad hoc basis to tweets, etc. on young person safeguarding topics within croquet.

Conduct when Photographing

32. Photography, Video, and Live Streaming can all be excellent ways of celebrating and promoting croquet. Photos of people enjoying the sport can be great promotional tools, but when personal information is added to photographs, these images can be used to identify people and put their safety and privacy at risk. Photographs can also be adapted for inappropriate use.
33. Images of young people playing croquet should only convey best practice and positive aspects of croquet.
34. When advised of an event, parents are told that their young person may be photographed/filmed - see Template (T3B) Parental Consent Form for an Event. If they do not want their young person's name associated with such images, they have to advise the event organiser. In such circumstances, it is the event organiser's responsibility to ensure that the parents'/carers' wishes in this respect are met.
35. Unsupervised access to young people or one-on-one photography or filming sessions, at the event or elsewhere, is not permitted. Indoor filming or photography of young people should be limited to the public area of any facilities unless express permission is obtained.
36. A young person's personal contact details (e.g. postal or email address, telephone numbers) should never be published. This applies even if parental permission has been given for their photograph to be used.

Breaches of Behaviour

37. Any suspected or actual breach of these codes must be reported as a safeguarding concern,
38. Further action will depend on the nature and severity of the breach and may range from discussion through to disciplinary, see CNZ Code of Conduct, and possibly criminal action.

Policy for Safeguarding Young People

PURPOSE

The purpose of this Policy is:

- to ensure that young people are encouraged to participate in croquet by creating a safe environment that contributes to an enjoyable and positive experience
- to promote systems and processes that create and maintain such a safe environment
- to bring to the attention of all people involved in croquet their duties and responsibilities towards young people
- to acknowledge that a duty of care is owed to all young people participating in croquet to ensure their reasonable safety and that such duty is higher than it would be for adults
- to acknowledge the authority of the statutory and legal enforcement agencies and the requirement to comply with all relevant legislation and regulatory guidance in matters relating to young people involved in croquet.

DEFINITIONS

For the purposes of this policy a:

- young person is someone under the age of 18 years.¹
- parent/carer is any adult who has responsibility for a young person at the relevant time.
- CNZ Entity is Croquet New Zealand Inc.; CNZ's member Associations; and Clubs affiliated to CNZ member Associations.
- CNZ Affiliate is an individual who is:
 - an officer or member of a CNZ Entity
 - participating in the sport of croquet at the premises of a CNZ Entity
 - engaged by a CNZ Entity and/or is present at the premises of a CNZ Entity and is involved in croquet related activities whether as an employee, coach, or a volunteer and irrespective of the duty being performed and includes an individual assisting with travelling or transportation; and
 - attending by invitation or consent at the premises of a CNZ Entity.

APPLICATION

This code applies to all young people while involved in any way in the sport of croquet or croquet related activities.

All young people participating regardless of their age, race, religion or belief, disability, gender, identity or sexual orientation, have the right:

- to protection from abuse; and
- to be safe; and
- to be treated with dignity and respect; and

¹ This is extended to 21 years for young people who have been in care

- to have their welfare safeguarded by those responsible, however temporarily, for their care and supervision.

KEY PRINCIPLES OF SAFEGUARDING

- Croquet as a sport is not restricted by ability, age or gender. Responsible interaction between adults and young people helps bring mutual respect and understanding and should be encouraged as part of club activities. Adults should always be aware, however, that age related differences do exist and conduct themselves in a manner that both recognises this and prioritises the welfare of any young people involved.
- CNZ Affiliates who are adults are placed in a position of trust when participating in croquet or croquet related activities and therefore it is important that they behave appropriately and provide a strong positive role model both to protect the young people themselves and those associated with them from allegations of poor practice.
- All CNZ Affiliates
 - shall be responsible for ensuring that a safe environment is provided and maintained for young people whether while at a CNZ Entity or when such CNZ Affiliate is involved with any young person in a croquet related activity.
 - shall ensure that they obtain all necessary statutory and regulatory checks and permissions for any involvement they may have in any role with any young people in a croquet related activity.
 - shall take all necessary steps to understand their responsibilities when involved in the care and protection of any young people in a croquet related activity and provide and/or participate in relevant courses and training such as those made available by Sport New Zealand.
 - shall ensure that any young people and parents/carers are informed and consulted and when appropriate fully involved in all decisions that affect young people participating in croquet or a croquet related activity.
- Safeguarding young people requires everyone to be committed to the highest possible standards of openness, integrity and accountability. CNZ supports an environment where CNZ Entities and CNZ Affiliates, parents/carers and the public are encouraged to raise safeguarding and young people protection concerns arising in relation to any croquet related activity.
- Physical contact with any young people by CNZ Affiliates should always be intended to meet the needs of the young person and the sport, not that of the adult. Accordingly, for example, any activity necessary to develop croquet techniques, to protect a young person from injury, to provide first aid or treat an injury should always take place in an open environment, and should not, as a general principle, be made gratuitously or unnecessarily.
- It is the responsibility of parents/carers to transport their young people to and from any croquet related activity. CNZ Affiliates may plan and provide transport in exceptional circumstances, such as team events. Where this is the case, the written permission of the parent/carer of the relevant young person will be sought. The drivers used should be checked for their suitability to transport and supervise young people and their insurance arrangements verified.

- Young people are often involved in competition. When taking young people away from their home club, consideration and planning needs to be paramount to ensure the duty of care for young people within a team is fulfilled by the CNZ Affiliate in charge.
- Consent should be sought from parents/carers prior to the publication or use of any video or photographic images of their young person.

ROLES AND RESPONSIBILITIES

A Safeguarding Code of Conduct, and the roles and responsibilities and documentation involved in promulgating and giving effect to this Policy are set out in the CNZ Safeguarding Guidance Code.

CONCERNS, COMPLAINTS AND ALLEGATIONS

If any person has a concern about the welfare of a young person, or the conduct of another young person/s or a CNZ Affiliate such concerns should be brought to the attention of the CNZ Chief Safeguarding Officer (CSO) or in the absence of such officer then to the CNZ Chief Executive who shall act as the CSO.

The person reporting the concern is not required to make any judgement about what may have occurred, but has a duty solely to pass their concerns and any relevant information to the CNZ CSO².

All concerns will be recorded in the Safeguarding Register and will be treated in confidence. Details will only be shared on a 'need to know' basis with those who can help with the management of the concern.

CNZ will work with the relevant CNZ Entities and with external agencies to take appropriate action.

Where concerns relate to any behaviour that could justify a complaint under the CNZ Safeguarding Code of Conduct or the CNZ Code of Conduct or otherwise might be considered serious poor practice in a matter involving a young person, the Complaints Procedure of Croquet New Zealand will be applied and followed where possible.

Anyone who reports a legitimate concern to Croquet New Zealand (even if that concern subsequently appears to be unfounded) will be supported. All concerns will be taken seriously.

COMPLAINTS BY A YOUNG PERSON

In the event of a young person making a disclosure or complaint, the following guidance is given:

- Reassure them that they have done the right thing to share the information
- Listen carefully
- Do not make promises that cannot be kept, such as promising not to tell anyone else
- Do not seek to question the young person or lead them in any way to disclose more information than they comfortably wish to do, as this may compromise any future action. Only ask questions to clarify your understanding where needed e.g. 'Can you tell me what you mean by the word 'xxxx'?

² This is pending the establishment of a Chief Safeguarding Officer for CNZ and Local Safeguarding Officers by Associations/Clubs

- Record what the young person has said as soon as possible in an incident report, which should also include the names of all witnesses. Send this report to the Chief Executive of CNZ.
- Inform parents/carers of the young person at the earliest opportunity if the allegation does not involve them.
- Contact the CNZ CSO to consider further action
- If neither the CNZ CSO nor the CNZ Chief Executive is available or if time is important and local help is needed, advice should be sought from either the local office of Oranga Tamariki or the Police.

VETTING SERVICES

CNZ Entities may wish to consider vetting services by the Police in relation to CNZ Affiliates who are to be involved with young people playing croquet. Please contact the CNZ CSO or Chief Executive who will be able to provide you with appropriate guidance in the circumstances of any recruitment process.

Etiquette for Association Croquet

Players

A player should not take advantage of unsolicited information or advice. The player may not consult a spectator without the express permission of his adversary. The player is entitled to receive advice from his partner in doubles play but both players must not waste time with prolonged discussions.

Referee's Decisions

Players on the court should accept with good grace all decisions on fact given by a referee/umpire whilst understanding that it is their responsibility to act as joint referees of the game by declaring any faults that they are aware of. If a player is dissatisfied, there are proper avenues of appeal to follow. (Regulation 17.1 and Regulation 18.3, 18.4, 18.5, and 18.6) but it should be noted that there is no appeal on fact. Note that it is also permissible to Appeal against a wiring decision or any test if it has been performed imperfectly. Equally, any decision made under Law 55 may be appealed. There is no place for intimidation of referees and umpires in croquet.

Expedition in Play

A player should play the strokes with reasonable despatch and note that unnecessary delays in time-limited games are outside the spirit of the game and subject to penalty.

Presence on Court

A player should not remain on the court while the adversary is playing and when off the court should refrain from audible comment, conversation or physical movement distracting to the adversary. A player should not stand in the player's line of aim or allow the player's shadow to distract. A player must advise the adversary to complete the turn if the player observes the striker is about to quit the court in the erroneous belief that the player's turn has ended.

Interruption of Striker

A player should note that in the absence of a referee in charge of a game, both the player and the adversary are joint referees of the game and as such, each is entitled to enquire of the other as to the state of the game at all times. If a player suspects that the next stroke may be questionable, the player must consult the adversary. It is the striker's duty to take the initiative and should the player not do so, there is no justification for taking offence at the adversary's request for a referee to observe the stroke. The out-player should not interrupt the striker except to discharge the duty as a referee of the game.

Replacing Balls and Clips

A player should ensure that all balls are, as required, correctly replaced and when placing a ball on the yard-line, do so with his back to the court. It is the duty of a player in making a point for any ball, to remove the clip immediately and to ensure that at the end of his turn, all clips moved are correctly placed. The consequences of playing when misled are embodied in Law 31.

Conduct of the Game

All players should familiarise themselves with Laws 15 and 54 to 63 relating to the conduct of the game.

Conclusion of Game

At the conclusion of a tournament game, the winner should immediately return all the balls to the A-baulk and replace the four clips on the first hoop. The player should then, without delay, report the result of the game and the score to the Manager of the Tournament. It is important to acknowledge and respect your opponent at the conclusion of the game, generally in the form of a handshake.

Spectators

Spectators should refrain from tactical comment that is audible to the players on the game, from offering advice to players during a game, and from calling attention to any error committed or about to be committed by any player. Spectators should refrain from moving around the lawn if this action could cause distraction to a player, particularly in his line of play.

PREFACE

The intention of this 7th Edition of the Laws of Association Croquet, the first major revision for 20 years, is primarily to clarify them, rather than to make any significant changes to the way the sport is played. Many of the changes incorporated here were in the commentary on the previous edition. Others have been the subject of discussion amongst players and referees, with agreement being reached that the changes are desirable. Stylistic changes recommended in the 6th Edition commentary have also been made, including a new numbering system; a Glossary, which defines terms which are italicised when they first appear in a law; and more modern and gender neutral language. Greater commonality, in both substance and language, with the Rules of Golf Croquet has also been an objective: the hoops are now numbered 1–12, but with the historical naming retained as an alternative. Super-advanced, alternate stroke doubles and time limited games are now covered within the main body of the laws.

The main change that players should be aware of is the introduction of the concept of Critical Strokes, for which the traditionally lenient treatment of accidental contact between mallet and ball, while casting or otherwise, no longer applies. For these Strokes, such contact will now constitute a Stroke (see the Glossary, Laws 8 and 36).

Referees are given more guidance about dealing with unauthorised advice and slow play. The treatment of borderline cases and multiple errors and interferences has now been defined.

The Laws are maintained by the Association Croquet Laws Committee (ACLC), a committee of the World Croquet Federation and formally approved by the WCF's Council. Official rulings issued by the ACLC on the interpretation to be applied to one or more of the Laws are published in a separate document together with a commentary on the Laws. The Official Rulings constitute the Official Rulings on the Laws of Association Croquet (ORLAC) as described in Law 63.1.

These Laws have been adopted by Croquet New Zealand and are effective within New Zealand from 1st July 2021.

GLOSSARY

The terms set out below are listed alphabetically. Where a term is used in the Laws it is italicised the first time it occurs within each law. Italicised terms have the meaning assigned here rather than any alternative meaning. Terms defined here that are used elsewhere in this glossary are also italicised.

Ball at rest A *ball in play* that is stationary on the court. (Law 9.3)

Ball in hand A ball of the game that has been a *ball in play* but that the *striker* must place or may reposition on the court before the next *stroke*. A ball in hand is an *outside agency*. (Law 9.2)

Ball in play A ball of the game is a ball in play from the time it is placed on the court in the position from which it is played into the game until the end of the *stroke* in which it is pegged out, except for those periods when it is a *ball in hand*.

Baulk-lines Those portions of the *yard-line* that extend from the *corner spots* at corners I and III to their intersections with a line extended through the centres of hoops 5 and 6 are known as the A and B baulk-lines respectively. The ends of the baulk-lines may be marked on the court's *boundary* but any raised markers used must not intrude or lean into the court. See Diagram 1.

Bisque and half-bisque A bisque is an extra turn given to a player or side in handicap play. A half-bisque is a restricted bisque during which no point may be scored for any ball. (Law 42)

Body References to touching or other contact with a player or a player's body include all items, other than the mallet or clips, worn or carried by the player at the start of the *stroke*, which are treated as part of the player's body. Similarly, references to a part of the body include any clothing, shoes or gloves covering it.

Boundary The innermost edge of the marking or physical line used to define the perimeter of the court. The boundaries of a court are known as the north, south, east and west boundaries regardless of the geographical orientation of the court. See Diagram 1. (Law 4.3)

Cannon A *croquet stroke* in which the *striker's ball* and the ball from which croquet is to be taken are part of a *group of balls*. (Law 18.4)

Continuation stroke A *stroke* that is played when the *striker* is entitled to continue the turn after playing a *croquet stroke* or scoring a *hoop point* for the *striker's ball*, but is not required to *take croquet* immediately. (Law 19)

Corner flags Flags coloured blue, red, black and yellow mounted on posts about 12 inches (305 mm) high, optionally placed in corners I, II, III and IV respectively to define the corners. See Diagram 2. (Law 6.2)

Corner pegs White pegs, measuring about $\frac{3}{4}$ inch (19 mm) in diameter and about 3 inches (76 mm) in height above the ground, optionally placed on the *boundary* one yard (0.914 metres) from each corner (measured to the further side of the corner peg) to indicate the extent of the corner area. See Diagram 2. (Law 6.3)

Corner spot The point where two portions of the *yard-line* meet at right-angles. See Diagram 2.

Critical position A position in which a ball is at rest where a minor change in the position could materially affect future play. Examples include positions in or near hoops, wired positions, and positions on or near the *yard-line* or *boundary*.

Critical stroke Any *stroke* for which the *striker's ball* is in a *critical position* as far as the intended outcome of the stroke is concerned. (Laws 8.5, 36.2.2 and 36.2.3)

Croquet stroke A *stroke* that is played with the *striker's ball* in contact with another ball, except in circumstances where the *striker's ball* is in a lawful position in contact with a *dead ball* and the *striker* is required to play a *continuation stroke*.

Dead ball See Live and dead balls.

Discovery An *error* or *interference* is discovered when the *striker* or an active referee announces it, the opponent *forestalls* play in respect of it, or it is uncovered during investigation of another claimed irregularity. Discovery before a *stroke* means discovery before the stroke is played.

Double-banked games When two games are played simultaneously on a court they use differently coloured sets of balls and are said to be double-banked. (Law 59)

Error A mistake in play, made by the *striker* or a player acting as the *striker*, which may require *rectification*. The only errors are those defined by Laws 26 to 29 and, in alternate stroke doubles, Law 48.4.

Forestalling A player forestalls play to fulfil the player's responsibilities for the conduct of the game by requesting the *striker* to cease play. (Law 23)

Group of balls Either a 3-ball group or a 4-ball group. A 3-ball group is formed by one ball being in contact with two other balls. A 4-ball group is formed by the fourth ball being in contact with a 3-ball group. (Law 18.4)

Half-bisque See Bisque and half-bisque.

Hampered stroke A *stroke* in which the *striker* has to take special care because the swing of the mallet or the *striker's* normal stance is impeded by a hoop, the peg, or a ball not in contact with the *striker's ball* nor intended to be *roqueted* by it. (Law 29.2.3)

Hoop in order The hoop in order for a ball is the hoop that the ball is required to score next in the sequence and direction shown in Diagram 1.

Hoop point A point which a ball scores by passing through its *hoop in order* as a consequence of one or more *strokes*. (Law 20)

Interference An irregularity in play other than an *error*, caused by a player or an *outside agency*, which may need to be remedied. Interferences are defined by Laws 31 to 38.

Jaws of a hoop The space enclosed by and including the inner surfaces of the uprights, the surface created by raising a straight edge touching both hoop uprights on the *playing side of the hoop* from the ground to the crown of the hoop and the equivalent surface on the *non-playing side of the hoop*. (Laws 16.3, 20 and 21)

Lift hoops The hoops which, when scored by a player in advanced or super-advanced play, entitle the player of the next turn to begin that turn by optionally lifting a ball of that player's

side and playing the first *stroke* of the turn as specified in the individual laws. (Laws 39, 40 and 52)

Limit of claims The point in time by which the *discovery* of an *error* or *interference* must occur if it is to be remedied.

Line of play The sequence of actions the *striker* adopts or attempts including, but not limited to: aiming to move a ball to a specific position on the court; choosing to play with a particular ball; making a particular leave; deciding how many points to score; quitting the court in the belief that the turn has ended; and, in handicap play, deciding whether to play a *half-bisque* or *bisque* under Law 42.7. It also includes the decision the opponent may be required to make on whether or not a fault should be *rectified* under Law 29.3.2.

Live and dead balls All balls other than the *striker's ball* are live at the start of each turn. A live ball may be *roqueted* and have croquet taken from it. A live ball becomes dead when croquet is taken from it and, within that turn, becomes live again when the *striker's ball* scores a *hoop point*. (Law 9.5)

Loose impediments Small items such as worm casts, leaves, nuts, refuse and similar material lying on the surface of the court. (Law 34.6.2)

Misplaced ball A ball of the game that is not in its lawful position on the court, except when it is a *ball in hand* or has been temporarily moved to avoid interference in accordance with Law 28.2.2.

Non-playing side of the hoop The side opposite to the *playing side* of the *hoop in order* for a ball. See Diagram 3.

Outside agency Any agency that may not lawfully affect play, apart from weather or the consequences of weather or, except in exceptional circumstances dealt with under the overriding law, *loose impediments* on the court. Examples include: animals; spectators; a referee; the players or equipment from another game; a *ball in hand*; a ball that is not a *ball in play*; a clip not attached to a hoop or the peg; the peg extension when not attached to the peg; and other stray objects. (Law 34.6.1)

Partner In ordinary doubles, the player of the side in play who is not the *striker* for the current turn. In alternate stroke doubles, the player of the side in play who is not the *striker* for the current *stroke*.

Partner ball The ball of the *striker's* side that is not the *striker's ball* for the current turn.

Peel To score a *hoop point* for any ball other than the *striker's ball* as a consequence of a *stroke*. (Law 5.3.4)

Playing side of the hoop The side of the *hoop in order* for a ball from which the ball runs the hoop to score the *hoop point*. See Diagram 3.

Playing characteristics (of a mallet) The mallet's effectiveness in playing different types of *strokes*. (Law 5.5.3)

Questionable stroke A *stroke* concerning which either the *striker* or the opponent suspects that its fairness or effect may be doubtful. Examples include, without limitation: a stroke in which a fault might be committed; an attempted *roquet* of a ball in a hoop; a distant peg-out;

and any stroke that might cause a ball to leave the court when the striker is unable to ensure its accurate placement on the *yard-line* in a *critical* or potentially *critical position*. (Law 55.4)

Rectification The actions necessary to correct an *error*. Rectification involves replacing balls affected by *strokes in error* and the cancellation of points scored. (Law 25.3)

Redress The actions necessary to correct an *interference* under Laws 31 to 33. Redress is generally followed by a *replay*. (Laws 16.2.4, 30.3 and 31 to 0)

Replay A period of play involving one or more *strokes* as part of the remedy for an *interference*. Depending on the circumstances, in a replay the *striker* may be required to repeat the same stroke(s) with the same objectives as in the original play, to follow a different *line of play* from that taken originally, or to have a free choice of the stroke or strokes to play and their objectives. (Laws 31 to 35 and 38.2)

Roquet A contact between the *striker's ball* and a *live ball* during a *stroke*, except when the *striker's ball* has hit a different live ball earlier in the stroke. A roquet normally entitles the *striker* to extend the turn by *taking croquet* from the ball roqueted. (Laws 17 and 21)

Rover ball A ball that has scored all of its *hoop points*. (Law 2.5)

Single-ball stroke A *stroke* at the start of which the *striker's ball* is not in contact with another ball. (Laws 2.6.2 and 29.2.3.2)

Special damage Damage to the surface of the court other than the normal hazards of an indifferent court. Examples of special damage are: a hole on a *corner spot*; an unrepaired or imperfectly repaired divot, hoop hole or peg hole; a protruding tree root; and a sprinkler head. A depression due to wear in a hoop is not special damage. (Law 37.3)

State of the game Factual information about the game that includes, but is not limited to: which ball the *striker* has chosen as the *striker's ball*; the correct positions of the balls or clips; the colour of a ball or clip; whether an *error* or *interference* has been committed; which player is responsible for the position of a ball; whether a ball has been *roqueted* or hit or has moved; whether a ball has scored a *hoop point* or is clear of a given side of a hoop; whether there is an entitlement to a lift, contact or free placement; and the amount of time or number of *bisques* remaining. (Law 54)

Striker The player of the current turn, or of the current *stroke* in alternate stroke doubles.

Striker's ball The ball the *striker* chooses to play, or is required to play in accordance with these laws, during the current turn.

Striking period The period during which a fault under Law 29.1 may be committed. (Law 8)

Stroke The *striker's* attempt to hit a *ball at rest* with a mallet as part of a turn, or a declaration by the *striker*, made verbally or by gesture, that the ball will be left where it lies. A stroke includes any resulting movement of *balls in play*. (Law 8)

Strokes in error The *stroke* in which an *error* is committed and any subsequent strokes played before the error is *discovered* or its *limit of claims* is reached, whichever occurs first.

Taking croquet The *striker* takes croquet by playing a *croquet stroke*. The ball from which croquet is taken is known as the croqueted ball. (Law 18)

PART 1 INTRODUCTION

A A SUMMARY OF THE GAME

1 OBJECTIVE OF THE GAME

1.1 The game of Association Croquet is played between two sides, each side comprising one player in singles or two players in doubles. The objective of the game is for each side to make each ball belonging to the side score 12 *hoop points* and a peg point, a total of 26 points, before the other side. Shortened and/or time-limited games may be played.

2 AN OUTLINE OF THE GAME

2.1 The provisions of Law 2 are subject to the more detailed laws that follow.

2.2 **HOW THE GAME IS PLAYED** The game is played by striking a ball with a mallet. The two sides play alternate turns throughout the game, subject to the use of extra turns known as *bisques* in handicap play (see Law 42). The *striker* is the player of the current turn (or current *stroke* of the turn in alternate stroke doubles) and during that turn may strike only the *striker's ball*; striking the *partner ball* or a ball of the other side constitutes a *wrong ball error*. By striking the *striker's ball*, the *striker* may cause it and other balls to move and score hoop or peg points.

2.3 **ALLOCATION OF BALLS** One side plays the blue and black balls and the other the red and yellow balls (or green and brown versus pink and white; other colour combinations and/or markings are also permitted). In a game of singles or alternate stroke doubles each player may play either ball of the side. In a game of ordinary doubles each player of a side plays one ball and may strike only that ball; striking the *partner's ball* constitutes a *wrong ball error*.

2.4 **SCORING HOOP POINTS** A ball scores a *hoop point* (see Law 20) by passing through the correct hoop in the order and direction shown as hoops 1 to 12 in Diagram 1. The last six of these hoops are also known as 1-back, 2-back, 3-back, 4-back, penultimate and rover respectively.

2.5 **SCORING A PEG POINT** A ball may score a peg point only when it is a *rover ball*. A rover ball scores a peg point by hitting the peg; it is then said to be pegged out and is removed from the game. Only when the *striker's ball* is a rover ball may it cause another rover ball to score a peg point.

2.6 THE TURN

2.6.1 **ENTITLEMENT TO PLAY EITHER BALL** Once all of the balls have been played into the game, each turn may be played with either ball of the side until one of them has been pegged out.

2.6.2 **FIRST STROKE** In any turn, the *striker* is initially entitled to play one *stroke* which may be either a *single-ball stroke* or, if Law 2.6.3 is satisfied, a *croquet stroke*.

2.6.3 **ENTITLEMENT TO TAKE CROQUET IN FIRST STROKE** If the *striker's ball* is in contact with another ball at the start of the turn, or may be placed in contact with another ball before the first *stroke* as a result of the *striker*:

2.6.3.1 being required to play the ball into the game in one of the first four turns under Law 11 (start of game); or

- 2.6.3.2 being entitled to and taking a lift under Law 16 (wiring lift) or Law 39 (optional lift or contact in advanced play) or Law 40 (optional lift or contact or free placement in super-advanced play),

the striker is entitled to play a *croquet stroke* immediately, involving a ball that the striker nominates as the croqueted ball by playing the stroke.

- 2.6.4 **ENTITLEMENT TO CONTINUE THE TURN** When the outcome of the first *stroke* of the turn is a *hoop point* (see Law 20.3) or a *roquet* (see Law 17.1) or when that first stroke is a *croquet stroke* played in accordance with Law 2.6.3, the *striker* is entitled to continue the turn by playing further strokes in accordance with Laws 2.6.5 to 2.6.9, using the ball initially chosen as the *striker's ball*, until a turn-ending event occurs (see Law 7.6). It is thus possible for the striker to score one or more points during the turn. In all strokes subsequent to the first, the striker's ball is played from where it came to rest at the end of the preceding stroke unless the striker is required to *take croquet* or the ball must be repositioned on the court in accordance with Laws 13 to 15.
- 2.6.5 **SCORING A HOOP POINT** When the *striker's ball* scores a *hoop point* for itself (see Law 20.3), the *striker* becomes entitled to play one extra *stroke*, which is known as a *continuation stroke* (see Law 19).
- 2.6.6 **MAKING A ROQUET AND TAKING CROQUET** Subject to the limitations specified in Law 17.2, when the *striker's ball* hits a *live ball* it is said to *roquet* that other ball (see Law 17.1) and the *striker* is then required to play a *croquet stroke*, *taking croquet* from the ball roqueted (see Law 18.1.1).
- 2.6.7 **OTHER REQUIREMENT TO TAKE CROQUET** The *striker* must also play a *croquet stroke* when the *striker's ball* is, or is lawfully finally placed, in contact with a *live ball* and the striker is entitled to continue the turn (see Law 18.1.2).
- 2.6.8 **CONTINUING AFTER TAKING CROQUET** After playing a *croquet stroke*, the *striker* becomes entitled to play a *continuation stroke* (see Law 19).
- 2.6.9 **ENTITLEMENT TO CONTINUE FOLLOWING CONTINUATION STROKE** The *striker* is entitled to continue the turn when the outcome of a *continuation stroke* is a *hoop point* or a *roquet*.
- 2.6.10 **LIMITATION ON TAKING CROQUET DURING TURN** The *striker's ball* may *take croquet* only once from each of the other *balls in play* during a turn unless it scores a *hoop point* for itself, in which case the right to *roquet* and take croquet once from each of the other balls in play is renewed.

3 ADDITIONAL LAWS GOVERNING OTHER TYPES OF PLAY

- 3.1 **ADVANCED AND SUPER-ADVANCED PLAY** Games played as advanced or super-advanced play are subject to additional laws – see Laws 39 to 41.
- 3.2 **HANDICAP PLAY** In handicap play, the side with the higher handicap receives a number of extra turns known as *bisques* – see Laws 42 to 44 for additional laws governing this type of play.
- 3.3 **DOUBLES PLAY** A game that is played as doubles is subject to additional laws – see Laws 45 to 50.
- 3.4 **TOURNAMENT AND MATCH PLAY** In tournament and match play, special laws and regulations apply – see Laws 60 and 61.

B THE COURT AND EQUIPMENT

4 THE COURT

4.1 THE STANDARD COURT

4.1.1 The standard court is a rectangle measuring 28 by 35 yards (25.6 by 32.0 metres). Its corners are known as I, II, III and IV. See Diagram 1.

4.1.2 The length and width of the court are each subject to a tolerance of ± 6 inches (152 mm).

4.2 **SMALLER COURTS** If the available area is too small for a standard court, a smaller court may be laid out with the same proportions as the standard court but using a length unit smaller than the standard 7 yards (6.40 metres). The appropriate organising body may approve other proportions and dimensions.

4.3 BOUNDARIES

4.3.1 The *boundaries* must be clearly marked. Where more than one boundary marking is visible and it is not obvious which one should be used, the most recent defines the actual boundary or, if that cannot be determined, the innermost defines the actual boundary. Exceptional cases may be dealt with under the overriding law (see Law 63). If the boundary marking is not straight, the actual boundary at any point is the straight line which best fits the inner edge of the boundary marking in the vicinity of that point.

4.3.2 The *boundary* may be marked with a movable cord fastened to the ground in a manner that minimises the risk of it becoming displaced. If the cord is displaced, Law 38.4 applies.

4.4 PEG AND HOOPS

4.4.1 Subject to the variation in position permitted under Law 4.4.3, the peg is set in the centre of the court.

4.4.2 There are six hoops which are set parallel to the north and south *boundaries*. Subject to the variation in positions permitted under Law 4.4.3, the centres of the two inner hoops are 7 yards (6.40 metres) to the north and south of the peg; the centres of the four outer hoops are 7 yards (6.40 metres) from the adjacent boundaries.

4.4.3 The positions of each hoop and the peg are subject to a tolerance of up to 12 inches (305 mm) provided that the lines joining the centres of hoops 1 and 2, 3 and 4, and 5 and 6 remain visually parallel to the east and west *boundaries*, and that the peg lies on the lines joining the centres of hoops 1 and 3, 2 and 4, and 5 and 6.

4.5 **ACCEPTANCE OF SETTING** Once the players start a game, the positions of all *boundary* markings, hoops and the peg may be changed only if a material discrepancy is discovered. The overriding law (Law 63) applies if the balance of the game is disturbed by doing so.

5 EQUIPMENT

5.1 THE PEG

5.1.1 **SPECIFICATION** The peg is a rigid cylinder with a height above the ground of 18 inches (457 mm) and a uniform diameter of $1\frac{1}{2}$ inches (38 mm). The tolerance for the height is ± 1 inch (25 mm). The tolerance for the diameter is $\pm \frac{1}{4}$ inch (6 mm). The peg must be vertical and firmly fixed.

- 5.1.2 **COLOURING** The peg must be painted white to a height of at least 6 inches (152 mm) above the ground and may have blue, red, black and yellow, and/or green, pink, brown and white, bands descending in that order from the top.
- 5.1.3 **EXTENSION** The extension to the peg is approximately 6 inches (152 mm) in length and $\frac{1}{2}$ inch (13 mm) in diameter. Its purpose is to hold clips and it must be fixed detachably to the top of the peg. The extension is not part of the peg for the purposes of Law 22 (peg point) and may be temporarily removed at any time by the *striker* (see Law 38.3 if a ball hits the extension). When not attached to the peg, the extension is an *outside agency*.
- 5.1.4 **ADJUSTMENT** Subject to any relevant provisions in the tournament regulations (see Law 60.1), at any time during the game either player is entitled to require that a leaning peg be straightened. Such a request is treated as *forestalling* play for the purposes of Law 23.4. Any test required for the purpose of determining wiring (see Law 16) must be carried out before any adjustment is made. After any such adjustment, the positions of the balls must be adjusted if necessary to ensure that the *striker* gains no advantage thereby. The straightening of the peg may not cause a *ball at rest* to be pegged out (see Law 22.2.7).

5.2 HOOPS

5.2.1 SPECIFICATION

- 5.2.1.1 Each hoop is made of solid metal and consists of two uprights connected by a crown. The crown must be straight and at right-angles to the uprights. A hoop must be 12 inches (305 mm) in height above the ground measured to the top of the crown. The tolerance for the height is $+\frac{1}{2}$ inch / - 1 inch (+ 13 mm / - 25 mm). The hoop must be vertical and firmly fixed.
- 5.2.1.2 The uprights and the crown must have a uniform diameter above the ground of between $\frac{5}{8}$ inch (16 mm) and $\frac{3}{4}$ inch (19 mm), with a tolerance of $\frac{1}{16}$ inch (1.6 mm), although minor deviations at the top and bottom of the uprights are permitted. Alternatively, the crown of the hoop may be of square cross-section with sides of between $\frac{5}{8}$ inch (16 mm) and $\frac{3}{4}$ inch (19 mm), with a tolerance of $\frac{1}{16}$ inch (1.6 mm) and with rounded edges.
- 5.2.1.3 The inner surfaces of the uprights must be approximately parallel and not less than $3\frac{11}{16}$ inches (94 mm) or more than 4 inches (102 mm) apart. In tournament and match play, the organising body may specify a narrower internal width as either the distance between the uprights or the gap between a ball and the inner surface of one upright when the ball is half way through the hoop on the ground and is touching the other upright. Each hoop on a court must have the same width within a tolerance of $\frac{1}{32}$ inch (0.8 mm); a smaller tolerance may be specified for tournament and match play.

- 5.2.2 **COLOURING** The hoops may be left unpainted or coloured white and, in addition, the crown of the first hoop may be coloured blue and that of the final hoop may be coloured red. It is permissible for the hoops to be coloured as required for Golf Croquet.

5.2.3 ADJUSTMENT

- 5.2.3.1 Subject to any relevant provisions in the tournament regulations (see Law 60.1), the *striker* is entitled at any time during a turn to require that an incorrectly aligned or loose hoop be adjusted and that the width and height of a hoop be checked and corrected if necessary.
- 5.2.3.2 The *striker* is entitled to have the height of a hoop adjusted, even if it is within the range specified in Law 5.2.1.1, if any part of the hoop's base that is wider than the uprights would affect the swing of the mallet or the passage of a ball in the next *stroke*. No consequential adjustment of the position of any ball is to be made. Furthermore, a part of the hoop's base

that is wider than the uprights is to be ignored when testing whether one ball is wired from another.

- 5.2.3.3 Any test to determine the position of a ball in relation to a hoop must be carried out before the hoop is checked or adjusted under Laws 5.2.3.1 or 5.2.3.2.
- 5.2.3.4 After any adjustment to the alignment of a hoop under Law 5.2.3.1, the positions of the balls must be adjusted if necessary to ensure that the *striker* gains no advantage thereby. The adjustment of a hoop may not cause a *ball at rest* to score or lose a *hoop point* (see Law 20.4.3).

5.3 BALLS

- 5.3.1 **SPECIFICATION** A ball must be $3 \frac{5}{8}$ inches (92 mm) in diameter with a tolerance of $\pm \frac{1}{32}$ inch (0.8 mm) and must weigh 16 ounces (454 g) with a tolerance of $\pm \frac{1}{4}$ ounce (7 g). The rebound and playing characteristics of each ball in the set of balls used in a game must comply with the requirements of Appendix 2 and be similar to each other within the specified tolerances.
- 5.3.2 **TEMPORARY REMOVAL** During a turn the *striker* is entitled to remove a ball between *strokes* in order to wipe it, avoid interference or exchange it when it is faulty or damaged. Before removal, the *striker* must mark the position of the ball accurately and, if it is in a *critical position*, agree its position with the opponent or a referee in accordance with Law 55.3.
- 5.3.3 **KEEPING IN POSITION** The *striker* may touch or steady a ball or apply such pressure as is reasonably necessary to make it hold its position. Grass clippings or similar material may also be used, but should be removed after use.
- 5.3.4 **PRESERVING ROTATIONAL ALIGNMENT** The *striker* may not rotate a ball before attempting to *peel* it. If the *striker* wishes to remove or steady a ball immediately before attempting a peel, its rotational alignment must be noted and preserved.

5.4 CLIPS

- 5.4.1 **SPECIFICATION** Clips, with colours corresponding to those of the balls in the game, are used to indicate the score. They may be made of any suitable material. They must be able to be securely fastened to a hoop or the peg extension but be readily removable.
- 5.4.2 **USE** At the start of each turn the hoop or peg next in order for each ball should carry a clip of the corresponding colour. When a ball scores that point, the *striker* must remove the clip and, at the end of the turn, place it on the appropriate hoop or the peg. The clip is placed on the crown for the first 6 hoops and on an upright for the last 6. When a peg point is scored the clip is removed from the court.
- 5.4.3 **REMOVAL** A clip may be removed at any time by the *striker* and must be removed if it is likely to influence the path of a ball in the next *stroke*. Law 38.3 applies if a ball hits a clip.
- 5.4.4 **CLIPS AS OUTSIDE AGENCIES** Any clip, whether or not it belongs to the game, is an *outside agency* when it is not attached to a hoop or the peg or the *striker*, including when it is falling to or lying on the court surface.

5.5 MALLETS

- 5.5.1 **STRUCTURE** A mallet consists of a head with a shaft firmly connected to its mid-point and at right-angles to it for at least the bottom 12 inches (305 mm), so that they function as one unit during play. Alternative but equivalent arrangements are

permitted provided the *playing characteristics* of the mallet do not depend on which end-face of the head is used to strike a ball.

5.5.2 **GRIP** A grip of any material may be attached to the shaft, but neither it nor the shaft shall be moulded with an impression of any part of the player's hands.

5.5.3 **HEAD** The head must be rigid and may be made of any suitable materials. It must have essentially identical *playing characteristics* regardless of which end is used to strike the ball. The parts of the ends that are flat are known as the end-faces. These must be parallel and identical, though fine grooves and minor deviations are permitted. Both the end-faces and their edges must be of a shape and material unlikely to damage the balls. The edges of the end-faces, however they are bevelled or shaped, are not part of the end-faces for the purposes of these laws.

5.5.4 **AIMING DEVICES** No mirrors, pointers or other devices intended to assist the aiming or playing of a *stroke* may be attached to any part of the mallet. The shaft need not be straight, however, and the head may bear sighting lines.

5.5.5 **DISABLED PLAYERS** A disabled player may use a mallet with an appropriately modified shaft or artificial aids provided that no advantage is gained thereby compared to a player without that disability using a conventional mallet.

5.5.6 **EXCHANGE**

5.5.6.1 A mallet may not be exchanged for another during a turn unless it is no longer available or its use is significantly affected by accidental damage or a mechanical or structural fault that occurred or was discovered during the turn. A damaged mallet may be used only if the player gains no advantage thereby. If the head is detachable from the shaft, neither may be exchanged except as provided in this law.

5.5.6.2 The *playing characteristics* of a mallet may never be changed during a turn, except to restore its initial state following a change to it. Changing the grip to enable the player to cope with different weather conditions does not constitute altering the playing characteristics. If a mallet is exchanged for another under Law 5.5.6.1 the *playing characteristics* of the replacement need not be the same as those of the original.

6 **ACCESSORIES**

6.1 **PURPOSE** The accessories specified below may be supplied for guidance, convenience and decoration. They are *outside agencies* and may be removed temporarily at any time by the *striker*.

6.2 **CORNER FLAGS** If *corner flags* are used to mark the corners, their mounting posts must touch the corner but must not intrude or lean into the court.

6.3 **CORNER PEGS** If *corner pegs* are used to indicate the limits of the corner area, they must be placed so that they are touching the *boundary* and with the further side of the peg one yard (0.914 metres) from the corner. They must not intrude or lean into the court.

DIAGRAM 2**THE CORNER SQUARE**

- The corner pegs and corner flag must touch the boundary, namely the inner edge of the definitive border, but must not intrude or lean into the court.
- The yard is measured from the corner flag to the further side of each corner peg.
- The yard-line and corner spot are not marked on the court.

**C GENERAL LAWS GOVERNING PLAY****7 START AND END OF A GAME AND TURN**

7.1 WHEN A GAME STARTS A game and its first turn start when the first *stroke* is played in accordance with Law 11.1.

7.2 WHEN A GAME ENDS A game ends when, in agreement as to which side has won, the players quit the court or start another game on it.

7.3 WINNER A game is won:

- 7.3.1 by the side whose balls are first both pegged out; or
- 7.3.2 in accordance with Law 61.1.7 if the game is subject to a time limit and neither side has both balls pegged out when play ceases after the time limit has been reached.

7.4 WHEN A TURN STARTS All turns subsequent to the first start when the preceding turn ends in accordance with Law 7.5.

7.5 WHEN A TURN ENDS A turn ends and, unless the game has been won, a new turn starts when:

- 7.5.1 one of the events causing end of turn, as defined in Law 7.6, occurs, the last *stroke* of the turn has ended and the balls and clips are correctly positioned; or
- 7.5.2 the opponent plays a *stroke* after the *striker* has either:
 - 7.5.2.1 quitted the court in the belief that the requirements of Law 7.5.1 have been met; or
 - 7.5.2.2 permitted the opponent to play a *stroke* by mutual agreement or under Law 38.1.

In time-limited games this definition of end of turn is subject to Law 61.1.2.

7.6 EVENTS CAUSING END OF TURN A turn ends if:

- 7.6.1 in a *stroke* other than a *croquet stroke*, the *striker's ball* neither makes a *roquet* nor scores a *hoop point* for itself; or
- 7.6.2 in a *croquet stroke* either ball is sent off the court as specified in Law 18.7; or
- 7.6.3 in any *stroke* the *striker's ball* or a ball *roqueted* in that *stroke* is pegged out; or
- 7.6.4 the *striker* plays a *stroke* by declaring that the ball will be left where it lies; or

- 7.6.5 the *striker* plays a *half-bisque* or *bisque* prematurely and the opponent fails to *forestall* play (but see Law 42.5, which specifies the opponent's obligations); or
- 7.6.6 the *striker* quits the court in the mistaken belief that the turn has ended and the opponent plays a *stroke* (but see Law 23.2.4, which specifies the opponent's obligations, and Law 38.1, which covers what happens if the players realise the mistake before the opponent plays a stroke); or
- 7.6.7 in any *stroke* the *striker* commits an *error* for which the penalty is end of turn (see Laws 26, 27, 28.4 and 29); or
- 7.6.8 it is so required after play is cancelled as part of the *redress* for an *interference* (see Laws 31 to 33); or
- 7.6.9 a ruling is made to that effect under the overriding law (Law 63).

8 PLAYING A STROKE AND DEFINITION OF THE STRIKING PERIOD

8.1 WHEN A STROKE MAY BE PLAYED

- 8.1.1 A *stroke* may lawfully be played when all *balls in play* are *balls at rest* or one or more such balls have been moved to avoid interference under Law 28.2.2.
- 8.1.2 Notwithstanding Law 8.1.1, a *stroke* may be played before the preceding stroke has ended provided the *striker's ball* is at rest in a lawful position and to do so would not affect the outcome of either stroke.

8.2 WHEN A STROKE AND THE STRIKING PERIOD START A *stroke* and the *striking period* start when the *striker* takes a stance with apparent intent to play the stroke or starts again to swing the mallet while remaining in the stance used in the previous stroke.

8.3 PLAYING A STROKE Once a *stroke* has been started, unless it is cancelled in accordance with Law 8.4.1 or there is accidental contact between the mallet and a ball as described in Law 8.5.2, the stroke is played when:

- 8.3.1 the mallet touches the *striker's ball*; or
- 8.3.2 a fault is committed; or
- 8.3.3 the mallet misses or does not reach the *striker's ball* when attempting to strike it.

8.4 CANCELLING A STROKE WITHOUT CONTACTING A BALL

- 8.4.1 The *striker* may cancel the *stroke* and the *striking period* after they have started and before the stroke is played by:
 - 8.4.1.1 stepping away from the stance under control; or
 - 8.4.1.2 stopping or diverting the mallet, after having begun to swing it for the purpose of striking the *striker's ball*, in a successful attempt to avoid hitting the ball or committing a fault.
- 8.4.2 The *striker* may then start another *stroke* and *striking period* without penalty.

8.5 ACCIDENTAL CONTACT BETWEEN MALLET AND BALL

8.5.1 CRITICAL STROKES

- 8.5.1.1 In a *critical stroke* any contact between the mallet and a ball is a *stroke*.
- 8.5.1.2 Law 8.5.1.1 does not apply if the ball contacted is the *striker's ball* and it has been marked by a referee or to the joint satisfaction of the players before the *stroke*. In such circumstances, the stroke shall be treated under Law 8.5.2 as *non-critical*.

8.5.2 NON-CRITICAL STROKES In a *non-critical stroke* accidental contact between the mallet and a ball before the *striker* intended to strike the *striker's ball* does not of

itself constitute playing a *stroke*. After such accidental contact, Laws 8.5.2.1 to 8.5.2.3 apply.

8.5.2.1 The *striker* must, if aware of the accidental contact, attempt to avoid any further contact between the mallet and the *striker's ball* during the *striking period*.

8.5.2.2 Nevertheless, if there is a further contact between the end-face of the mallet and the *striker's ball* in the swing in which the *striker* intends to strike it, the *stroke* is played. Any prior accidental contact is ignored for the purposes of determining whether a fault was committed but is otherwise treated as part of the *stroke*.

8.5.2.3 If Law 8.5.2.2 does not apply, the *stroke* is annulled. Any balls moved must be replaced and the *striker* may start a new *stroke* and *striking period*, except that the new *stroke* may not be any *critical stroke* that could have been an alternative to the annulled *stroke*.

8.5.3 **BETWEEN STROKES** An accidental contact between the mallet and any ball between *strokes* is covered by Law 36.

8.5.4 **ADJUDICATING CLOSE POSITIONS** If a *stroke* that is about to be, or has just been, played is agreed between the players, or decided by a referee, to be borderline between being *critical* or not critical, it shall be considered a *critical stroke*.

8.6 **WHEN THE STRIKING PERIOD ENDS** The *striking period* ends when the *striker* quits the stance under control. If the *striker* does not quit the stance before playing the next *stroke*, the *striking period* ends when the next *stroke* starts.

8.7 **WHEN A STROKE ENDS** A *stroke* ends when every ball moved as a consequence of the *stroke* has come to rest, left the court, or been moved, picked up or arrested in its course under Laws 17.3.1 or 22.3.2 when the *state of the game* will not be affected by doing so.

8.8 DECLARATION OF A STROKE

8.8.1 The *striker* may declare verbally or by gesture that the *striker's ball* will be left where it lies. That declaration shall count as a *stroke* and may be made when a *stroke* may be played under Law 8.1.

8.8.2 The *striker* must indicate to which ball of the side a declaration applies if the *striker* has a choice under Law 12.

8.9 **OTHER CONTACT BETWEEN MALLET AND BALL** Where the laws allow or require a ball to be repositioned between *strokes*, a mallet may be used to do so.

9 CHANGES IN THE STATUS OF A BALL

9.1 **BALL IN PLAY** A ball becomes a *ball in play* when placed on the court in the position from which it is played into the game under Law 11. Law 28.7 applies if the ball is played into the game from a position materially other than a point on a *baulk-line* when it is required to be played from a *baulk-line*. It ceases to be a ball in play while it is a *ball in hand* to be repositioned on the court or at the end of the *stroke* in which it is pegged out.

9.2 BALL IN HAND

9.2.1 Once any ball has first become a *ball in play*, it becomes a *ball in hand* and an *outside agency* when:

9.2.1.1 it is temporarily removed under Law 5.3.2; or

9.2.1.2 it leaves the court; or

9.2.1.3 it is moved in preparation for a *cannon* under Law 18.4; or

9.2.1.4 it must be replaced as part of the remedy for an *error* or *interference*.

- 9.2.2 In addition to the circumstances specified in Law 9.2.1, the *striker's ball* becomes a *ball in hand* and an *outside agency*:
- 9.2.2.1 when it is lifted under Laws 16 (wiring lift), 39 (optional lift or contact) or 40 (optional lift or contact or free placement); or
 - 9.2.2.2 when it is moved, picked up or arrested under Laws 17.3.1 or 22.3.2; or
 - 9.2.2.3 when the *striker* is required to play a *croquet stroke* in any of the situations specified in Law 18.1; or
 - 9.2.2.4 at the end of the last *stroke* of a turn if it comes to rest in the *yard-line area*.
- 9.2.3 In addition to the circumstances specified in Law 9.2.1, a ball other than the *striker's ball* becomes a *ball in hand* and an *outside agency* at the end of a *stroke* if it comes to rest in the *yard-line area*.
- 9.2.4 A ball ceases to be a *ball in hand* and an *outside agency* when it becomes a *ball at rest* as specified in Law 9.3.1.2.

9.3 BALL AT REST

- 9.3.1 A ball becomes a *ball at rest* when:
- 9.3.1.1 having moved as a consequence of a *stroke*, it comes to rest in accordance with Law 9.4 and has not become a *ball in hand*; or
 - 9.3.1.2 having been a *ball in hand* it is placed in a lawful position on the court or, if left on the court in either a lawful or a *misplaced* position, at the start of the next *stroke*. If there is a choice of positions, however, the *striker* may return it to hand and relocate it at any time until the earlier of the start of the next *stroke* or the end of that turn.
- 9.3.2 A ball ceases to be a *ball at rest* when it is caused to move as a consequence of a *stroke* or becomes a *ball in hand*.

9.4 WHEN A BALL COMES TO REST For the purposes of these laws, a ball comes to rest:

- 9.4.1 if it is in a *critical position* that needs to be tested, when its position has been agreed upon by the players or adjudicated by the players or a referee; or
- 9.4.2 if it is in a *critical position* that does not need to be tested, when its position has apparently remained unchanged for at least 5 seconds; or
- 9.4.3 otherwise when it appears to have stopped moving.

9.5 LIVE AND DEAD BALLS

- 9.5.1 A ball other than the *striker's ball* is defined as being *live* or *dead* for the sole purpose of determining whether it may be *roqueted* and have croquet taken from it.
- 9.5.2 At the start of every turn all balls other than the *striker's ball* are *live balls* and may be *roqueted* and have croquet taken from them. A ball becomes a *dead ball* when croquet has been taken from it.
- 9.5.3 A *dead ball* becomes *live* again when the *striker's ball* scores a *hoop point* for itself or the turn ends, whichever occurs earlier.
- 9.5.4 The *striker's ball* hitting a *dead ball* does not constitute a *roquet*.
- 9.5.5 The *striker's ball* may not *take croquet* from a *dead ball*. Playing such a *stroke* constitutes an *error* under Law 28.4.

PART 2 LEVEL SINGLES PLAY

A LAWFUL PLAY

10 DECISIONS ABOUT THE ORDER OF PLAY

10.1 The players determine which side makes the first decision about play by tossing a coin, or an equivalent procedure.

10.2 The side winning the toss decides whether to take the choice of lead, which includes the right to play second, or the choice of balls. If the side winning the toss takes the choice of lead, the other side has the choice of balls and vice versa. When a match consists of more than one game, the right to make the first choice alternates after the first game.

10.3 Once validly made, a choice may not be revoked, although if a sequence of *wrong ball errors* occurs at the start of a game the initial choice of balls is reversed under Law 27.6.

11 THE START OF A GAME

11.1 **THE FIRST TURN** To start the game, the player entitled to play first places one of the balls of that side on any point on either *baulk-line* and plays the first *stroke* of the turn. In handicap play, at the end of the turn, the *striker* is entitled to exercise the options for taking *bisques* specified in Law 42.3.2.

11.2 PLAYING THE OTHER BALLS INTO THE GAME

11.2.1 **THE SECOND TURN** After the end of the first turn, the player entitled to play second places one of the balls of that side on any unoccupied point on either *baulk-line* and plays it into the game. If the other *ball in play* is either on or sufficiently close to the *baulk-line* so that the *striker's ball* may be placed on the *baulk-line* in contact with that other ball, the first *stroke* of the turn may be played by *taking croquet* immediately from that ball under Law 18.1.3.2. In handicap play, at the end of the turn, the *striker* is entitled to exercise the options for taking *bisques* specified in Law 42.3.2.

11.2.2 **THE THIRD AND FOURTH TURNS** In the third and fourth turns, the remaining two balls are played into the game by the respective sides in a similar manner to the second ball, subject to the options specified in Laws 11.2.2.1 to 11.2.2.3.

11.2.2.1 If the ball to be played into the game can contact another ball when placed on the *baulk-line*, the *striker* may *take croquet* immediately from that other ball under Law 18.1.3.2, but is not entitled to take croquet immediately from any other ball in a *group* of which the two balls may form part.

11.2.2.2 In advanced play or super-advanced play, if the *striker* is entitled to a contact in accordance with Laws 39.4 or 40.4, the ball may be played into the game by *taking croquet* immediately from any *ball in play* as an alternative to being played from a *baulk-line*.

11.2.2.3 In super-advanced play, if the *striker* is entitled to a free placement in accordance with Law 40.6, the ball may be played into the game from any unoccupied position on the court.

11.2.3 Should the player of the fourth turn be unable to play the correct ball, the game must be restarted in accordance with Law 27.5.

12 CHOICE OF STRIKER'S BALL

12.1 **RIGHT TO PLAY EITHER BALL** After all four balls have been played into the game under Law 11, the *striker* may choose at the start of any turn to play that turn with either ball of the side, unless one of them has been pegged out. Law 42.1 modifies this law for handicap play.

12.2 **HOW CHOICE IS MADE** The *striker's ball* is chosen by:

12.2.1 playing a *stroke*; or

12.2.2 lifting a ball of the side:

12.2.2.1 when entitled to take a wiring lift with that ball under Law 16; or

12.2.2.2 that is neither in contact with the *partner ball* nor part of a *group of balls* that also includes the partner ball when entitled to take an optional lift or contact in advanced play under Law 39, or an optional lift, contact or free placement in super-advanced play under Law 40.

In each case the ball so chosen becomes the *striker's ball* for that turn and the *striker* may not then strike the *partner ball*. Doing so constitutes a *wrong ball error* and Law 27 applies.

12.3 **LIFTING A BALL** For the purposes of Law 12.2.2 a player lifts a ball by deliberately moving it from its position in any manner other than that used for playing a *stroke*.

13 BALL OFF THE COURT

13.1 WHEN A BALL LEAVES THE COURT

13.1.1 A ball leaves the court as soon as any part of it would touch a straight edge raised vertically from the *boundary*. It then becomes a *ball in hand* and an *outside agency*.

13.1.2 If a determination of whether a ball is on or off the court concludes that within the limits of observation the position is on the borderline between being on and off the court, the decision shall be that the ball is off the court.

13.2 **CONSULTING A REFEREE OR THE OPPONENT** The *striker* must consult in accordance with Law 55.3 before testing whether a ball is off the court.

14 BALL IN THE YARD-LINE AREA

14.1 **THE STRIKER'S BALL** If the *striker's ball* is in the *yard-line area* at the end of a *stroke* it is played from where it lies unless the *striker* is entitled to *take croquet*. Only at the end of the last stroke of a turn does the *striker's ball* in the *yard-line area* become a *ball in hand*. It is then placed on the *yard-line* in accordance with Law 15.

14.2 **BALLS OTHER THAN THE STRIKER'S BALL** At the end of each *stroke*, any ball other than the *striker's ball* that is in the *yard-line area* becomes a *ball in hand* and is placed on the *yard-line* in accordance with Law 15.

15 PLACEMENT OF A BALL ON THE YARD-LINE

15.1 **PLACEMENT WHEN OTHER BALLS AT REST DO NOT INTERFERE** Except for the *striker's ball* in hand in preparation for a *croquet stroke*, before the next *stroke*:

15.1.1 any *ball in hand* that has left the court must be placed on the *yard-line* at the point nearest to where it left the court; and

15.1.2 any *ball in hand* in the *yard-line area* must be placed on the *yard-line* at the point nearest to where it came to rest.

15.2 **PLACEMENT WHEN OTHER BALLS AT REST INTERFERE** If a ball cannot be placed in accordance with Law 15.1 because of the presence of:

15.2.1 the *striker's ball* inside the *yard-line area*; or

15.2.2 one or more *yard-line balls*, or balls outside the *yard-line area*

it must be placed on the *yard-line* in contact with any ball that directly or indirectly interferes with its placement in whichever position the *striker* chooses.

15.3 DIRECT AND INDIRECT INTERFERENCE

15.3.1 A *ball at rest* directly interferes with the placement of a ball on the *yard-line* if the ball at rest prevents the ball from being placed in accordance with Law 15.1.

15.3.2 A *ball at rest* indirectly interferes with the placement of a ball on the *yard-line* if the ball at rest does not directly interfere with the placement but is in contact with, or very close to, another ball at rest that either directly or indirectly interferes with the placement.

15.4 **INTERFERENCE BY THE STRIKER'S BALL** If the *striker* is entitled to *take croquet*, the *striker's ball* is a *ball in hand* and must not interfere with the placement of a ball under Laws 15.1 or 15.2.

15.5 **ORDER OF PLACEMENT** If two or more balls have to be placed, the order of placement is as the *striker* chooses.

15.6 **HOW TO PLACE** The *striker* must take special care to ensure that balls are accurately placed on the *yard-line* and must place them while facing outwards from the court unless there is a choice of placement positions under Law 15.2.

15.7 **REQUIREMENT FOR YARD-LINE BALLS TO LIE ON A STRAIGHT LINE** If *yard-line balls* that should lie on a straight line are found not to, their positions should be adjusted by the minimum amount to ensure that they do so, with none of them less than one yard (0.914 metres) from the adjacent *boundary*.

15.8 **CONSULTING A REFEREE OR THE OPPONENT** The *striker* must consult in accordance with Law 55.3 before placing a ball if there is doubt whether it may have to be placed in contact with another ball. The *striker* should inform the opponent whether the placement has resulted in the balls being in contact, or close together but not touching.

15.9 **PLACEMENT VERY CLOSE TO ONE OR MORE OTHER BALLS** If a determination of the placement of a ball on the *yard-line* in accordance with this law concludes that, within the limits of observation of determining or judging the ball's position, the position is on the borderline between being in contact with one or more other balls and not in contact with it or them, the ball shall be placed where it is not in contact with the other ball or balls.

16 WIRING LIFT

16.1 **LIFT** At the start of a turn, if the opponent is responsible for the position of a ball of the *striker's* side which is not in contact with another ball and is wired from all other balls, as defined in Law 16.3, the *striker* may:

16.1.1 play as the balls lie; or

16.1.2 lift the wired ball and play it from any unoccupied point on either *baulk-line*. If the lifted ball can contact another ball when so placed on the *baulk-line*, the *striker* may *take croquet* immediately from that ball under Law 18.1.3.2, but is not entitled to take croquet immediately from any other ball in a *group* of which the two balls may form part.

16.2 RESPONSIBILITY FOR POSITION

16.2.1 **GENERAL** A ball's position is the responsibility of the player who most recently played a *stroke*:

- 16.2.1.1 with that ball as the *striker's ball*; or
- 16.2.1.2 that moved or shook that ball; or
- 16.2.1.3 that was a *croquet stroke* or *cannon* involving that ball even if that ball did not move.
- 16.2.2 **SPECIAL CASES** If a player starts a turn by:
 - 16.2.2.1 playing an opponent's ball, the player of the *wrong ball* also becomes responsible for the positions of both balls of the player's side; or
 - 16.2.2.2 declaring a *stroke* to have been played, that player becomes responsible for the position of the ball nominated, or of both balls of the player's side if neither is specified.
- 16.2.3 **ERRORS** Law 16.2.1 applies to *strokes in error*, even if the ball is replaced when *rectifying the error*.
- 16.2.4 **INTERFERENCES** Law 30.3 governs responsibility for the positions of balls affected by an *interference*.
- 16.3 **WHEN WIRED** A ball ("the relevant ball") is wired from another ball ("the target ball") if:
 - 16.3.1 any part of a hoop or the peg would impede the direct course of any part of the relevant ball towards any part of the target ball; or
 - 16.3.2 the relevant ball would have to pass through a hoop to hit any part of the target ball; or
 - 16.3.3 any part of a hoop or the peg would impede the swing of the mallet before its impact with the relevant ball; or
 - 16.3.4 any part of the relevant ball lies within the *jaws* of a hoop.
- 16.4 **IMPEDED SWING**
 - 16.4.1 In Law 16.3.3, the swing is impeded if there is any part of an end-face of the mallet specified in Law 16.4.2 with which the *striker* would be unable to strike the centre of the relevant ball in order to drive it freely with the *striker's* normal swing towards any part of the target ball. The swing is not impeded merely because a hoop or the peg interferes with the *striker's* stance.
 - 16.4.2 The mallet to be used in the test described in Law 16.4.1 is the mallet the *striker* last used before the relevant ball assumed its current position.
- 16.5 **TESTING**
 - 16.5.1 The *striker* must consult in accordance with Law 55.3 if claiming a wiring lift.
 - 16.5.2 A test to determine whether a relevant ball is entitled to a wiring lift may be conducted only before the first *stroke* of a turn at the request of the *striker* and when the opponent is responsible for the position of the relevant ball. Otherwise a player must rely on an ocular test aided by nothing more than spectacles or contact lenses to check whether one ball is wired from another.
 - 16.5.3 If an adjudication of whether one ball is wired from another concludes that within the limits of observation the position is on the borderline between being wired and not wired, the decision shall be that the ball is wired.
- 16.6 **CHANGE OF DECISION** If the *striker* lifts a ball of the *striker's* side when entitled to do so under Law 16.1.2, Laws 16.6.1 and 16.6.2 apply.
 - 16.6.1 The ball lifted is thereby chosen as the *striker's ball* and the *striker* may not then play with the other ball of the side; Law 27 applies should the *striker* do so. In addition, the *striker* is obliged to take the lift in accordance with Law 16.1.2 and may not then

play the lifted ball from where it lay before it was lifted unless it already lay on a *baulk-line*.

- 16.6.2 The ball lifted becomes a *ball in hand* and the *striker* remains entitled to play it from any unoccupied point on either *baulk-line* until the first *stroke* of the turn is played, whether or not it had been placed either in contact with another ball or forming part of a *group of balls*.

17 ROQUET

17.1 **WHEN A ROQUET IS MADE** The *striker's ball* makes a *roquet* when there is any contact between it and a *live ball* during and as a consequence of a *stroke*, subject to the limitations described in Law 17.2.

17.2 LIMITATIONS

- 17.2.1 Once the *striker's ball* has made a *roquet* on a *live ball*, any contact with a different *live ball* in that *stroke* does not constitute a *roquet*.
- 17.2.2 If the *striker's ball* hits two or more *live balls* simultaneously, a *roquet* is made only on whichever of those balls the *striker* nominates as the *roqueted ball* by *taking croquet* from it. If no such nomination is made Law 28.6 applies.
- 17.2.3 If the *striker's ball* simultaneously hits a *live ball* and the *peg* in order, Law 22.2.2 applies.
- 17.2.4 A *roquet* may be made by the *striker's ball* on a *live ball* during a *croquet stroke* except as provided in Law 21.4.2.

17.3 **CONSEQUENCES OF A ROQUET** If the *striker's ball* makes a *roquet*:

- 17.3.1 it remains a *ball in play* throughout the *stroke* and may therefore cause other balls to move and score hoop or *peg* points; accordingly, it may be moved, picked up or arrested in its course only if the *state of the game* will not be affected thereby; and
- 17.3.2 it can score a *hoop point* for itself in the same *stroke* only in the hoop and *roquet* situation covered by Law 21.2; and
- 17.3.3 it cannot score a *peg point* for itself thereafter in the same *stroke*; and
- 17.3.4 unless the *striker's* turn has ended (see Law 7.6), it becomes a *ball in hand* at the end of the *stroke* and the *striker* must *take croquet* under Law 18.

18 CROQUET STROKE

18.1 **REQUIREMENT TO TAKE CROQUET** If the *striker* is entitled to play a *stroke*, the *striker* must *take croquet*:

- 18.1.1 when the *striker's ball* has made a *roquet* under Law 17 in the previous *stroke*; or
- 18.1.2 when the *striker's ball* is otherwise lawfully in contact with a *live ball*; or
- 18.1.3 as the first *stroke* of a turn if the ball the *striker* plays as the *striker's ball* for the turn:
- 18.1.3.1 is lawfully in contact with another ball at the start of the turn; or
- 18.1.3.2 may be and is finally placed in contact with another ball before the first *stroke* as a result of the *striker* being required to play the ball into the game in one of the first four turns under Law 11 (start of game), or being entitled to and taking a lift under Law 16 (wiring lift) or Law 39 (optional lift or contact in advanced play) or Law 40 (optional lift or contact or free placement in super-advanced play).

18.2 CHOICE OF THE BALL FROM WHICH CROQUET IS TAKEN

- 18.2.1 When the *striker* is required to *take croquet* in accordance with Law 18.1.1, the striker must take croquet from the ball roqueted.
- 18.2.2 When the *striker* is required to *take croquet* during a turn or at the start of a turn in accordance with Laws 18.1.2 or 18.1.3 respectively and the *striker's ball* is lawfully in contact with a *live ball* but is not part of a *group of balls*, the striker must take croquet from that live ball.
- 18.2.3 Except in the circumstances covered by Laws 18.2.1 (roquet), 11.2.2.1 (playing a ball into the game), 16.1.2 (wiring lift), 39.3.2 (advanced play lift) and 40.3.2 (super-advanced play lift), when the *striker* is required to *take croquet* and the *striker's ball* forms part of a *group of balls*, or would do so when placed, the striker may take croquet from any *live ball* in the group. The croqueted ball is chosen by playing the *croquet stroke*; moving balls in preparation for the croquet stroke does not determine the choice.
- 18.2.4 In all cases, failure to *take croquet* is an *error* covered by the applicable one of Laws 28.4, 28.5 and 28.6.

18.3 PLACING BALLS FOR THE CROQUET STROKE The *striker* prepares for a *croquet stroke* by placing the *striker's ball* on the ground in any position in contact with the ball from which croquet will be taken where it is not also in contact with any other ball. Except when the striker has a *cannon* (see Law 18.4), no other ball may be moved.

18.4 CANNONS After any replacement of balls on the *yard-line* that may be required under Law 15, if the ball from which croquet will be taken and the *striker's ball* form part of a *group of balls*, or would do so when the striker's ball is placed in accordance with Law 18.3, the *croquet stroke* is a *cannon*. In preparation for the cannon, all balls in the group other than the ball from which croquet will be taken become *balls in hand* and may be temporarily removed. The ball from which croquet will be taken must be replaced in its original position if it has been moved and the other balls are then placed as follows.

- 18.4.1 **3-BALL CANNON** The *striker's ball* and the third ball must each be placed in any position on the ground in contact with the ball from which croquet will be taken, provided they are not in contact with each other.
- 18.4.2 **4-BALL CANNON** The *striker's ball* and one of the remaining balls must be placed as in Law 18.4.1. The fourth ball must be placed on the ground in any position where it is not in contact with the striker's ball but is in contact with one or both of the other two balls.
- 18.4.3 The positions in which any of the balls in a *cannon*, other than the ball from which croquet will be taken, may be placed include positions within the *yard-line area*.

18.5 HOW CROQUET STROKE IS PLAYED The *striker* plays a *stroke* with the balls placed in accordance with Laws 18.3 or 18.4 and in so doing must play into the croqueted ball and move or shake it (see Law 29.1.13).

18.6 LIVE AND DEAD STATUS OF THE BALLS When a *croquet stroke* is played, the ball from which croquet is taken immediately becomes *dead*. If the croquet stroke is a *cannon*, the live / dead status of any other ball in the *group of balls* is unaffected.

18.7 BALL OFF COURT ENDING TURN In a *croquet stroke* the *striker's* turn ends if:

- 18.7.1 the croqueted ball is sent off the court, unless it is pegged out in the *stroke*; or

18.7.2 the *striker's ball* is sent off the court, unless it makes a *roquet* or scores a *hoop point* for itself in the *stroke*.

18.8 **CONSEQUENCES OF A CROQUET STROKE** Following a *croquet stroke*, the *striker* is entitled to play a *continuation stroke* unless a turn-ending event has occurred (see Law 7.6) or the *striker* is required to *take croquet* immediately (see Law 19.2).

19 CONTINUATION STROKE

19.1 **ENTITLEMENT** After the *striker's ball* scores a *hoop point* for itself, or after a *croquet stroke*, the *striker* becomes entitled to play a *continuation stroke* unless the *striker* is required to *take croquet* immediately in accordance with Law 19.2 or the turn has ended.

19.2 **REQUIREMENT TO TAKE CROQUET IMMEDIATELY** If the *striker's ball*:

- 19.2.1 scores a *hoop point* for itself and makes a *roquet* in the same *stroke*; or
- 19.2.2 makes a *roquet* in a *croquet stroke*; or
- 19.2.3 is lawfully in contact with a *live ball* before what would otherwise be a *continuation stroke* and is therefore required to *take croquet* under Law 18.1.2

then there is no *continuation stroke* and, unless the *striker's* turn has ended, the next *stroke* must be a *croquet stroke*.

19.3 **NON-CUMULATIVE** *Continuation strokes* may not be accumulated. Accordingly, if the *striker's ball* scores:

- 19.3.1 two *hoop points* for itself in the same *stroke*; or
- 19.3.2 a *hoop point* for itself in a *croquet stroke*,

then, unless the turn has ended, the *striker* is entitled to play only one *continuation stroke*.

20 HOOP POINT

20.1 **BALL STARTING TO RUN ITS HOOP** Subject to the special situations covered in Law 20.4.2 a ball starts to run its *hoop in order* when it first protrudes out of the *jaws* of the hoop on the *non-playing side* when travelling from the *playing side* to the *non-playing side*. If the ball subsequently moves back through the hoop during the *stroke*, however, and either:

- 20.1.1 comes to rest in the *jaws* where it does not protrude out of the *jaws* on the *non-playing side*; or
- 20.1.2 exits the hoop entirely on the *playing side*

then it has not started to run the hoop.

20.2 BALL COMPLETING THE RUNNING OF ITS HOOP

20.2.1 Subject to Law 20.2.2, a ball completes running its *hoop in order* when it ceases to protrude out of the *jaws* of the hoop on the *playing side* while travelling forward

through the hoop. If the ball subsequently moves back through the hoop during the *stroke*, however, and either:

20.2.1.1 comes to rest in the *jaws* where it protrudes out of the jaws on the *playing side*; or

20.2.1.2 exits the hoop entirely on the *playing side*

then it has not completed the running of the hoop.

20.2.2 A ball may complete running its *hoop in order* in the *stroke* in which it started to run the hoop. Alternatively, it may complete running the hoop in a subsequent stroke or turn unless it either:

20.2.2.1 becomes a *ball in hand* in preparation for a *croquet stroke* that the *striker* finally plays, even if it is not moved; or

20.2.2.2 is lifted under Law 16 (wiring lift) or Law 39 (optional lift or contact in advanced play) or Law 40 (optional lift, contact or free placement in super-advanced play).

In each of these cases it must start to run the hoop again.

20.3 **SCORING A HOOP POINT** Subject to Law 21.3 (roquet made and hoop not scored), a ball scores a *hoop point* in a *stroke* during which it completes running its *hoop in order* when it:

20.3.1 comes to rest in a position where it does not protrude out of the *jaws* of the hoop on the *playing side*; or

20.3.2 leaves the court; or

20.3.3 enters the *jaws* of the next hoop in the order specified in Law 2.4.

20.4 SPECIAL SITUATIONS

20.4.1 A ball which first enters its *hoop in order* from the *non-playing side* cannot score the *hoop point* for itself in the same *stroke*. Having so entered, it must come to rest in a position entirely clear of the hoop on the *playing side*, or in the *jaws* where it does not protrude out of the jaws on the non-playing side, before it can score the hoop point in a subsequent stroke.

20.4.2 If a *ball in hand* is placed for a *croquet stroke* within the *jaws* of its *hoop in order* where it protrudes out of the jaws on the *non-playing side*, and the *stroke* is played from that position:

20.4.2.1 it has not started to run the hoop; and

20.4.2.2 it may not do so until it is on the *playing side* of the hoop and does not protrude out of the *jaws* on the *non-playing side* at the start of a subsequent *stroke*.

20.4.3 A *ball at rest* cannot score or lose a *hoop point* solely as a result of a hoop being moved or adjusted.

20.5 **CONSULTING A REFEREE OR THE OPPONENT** The *striker* must consult in accordance with Law 55.3 before testing whether a ball has scored a *hoop point* or is in a position to do so.

20.6 ADJUDICATING CLOSE POSITIONS

20.6.1 If a determination of whether a *ball at rest* has completed running its hoop in accordance with Law 20.2 concludes that within the limits of observation it is on the borderline between protruding out of the *jaws* of the hoop on the *playing side* and not doing so, the decision shall be that it has completed the running.

20.6.2 If a determination of whether a *ball at rest*, or a ball placed within the *jaws* of its *hoop in order*, is in a position to run the hoop to score the *hoop point* concludes that within the limits of observation the ball is on the borderline between protruding out

of the jaws of the hoop on the *non-playing side* and not doing so, the decision shall be that the ball can run the hoop to score the hoop point from that position.

20.7 CONSEQUENCES OF SCORING A HOOP POINT When the *striker's ball* scores a *hoop point* for itself, the *striker* becomes entitled to play a *continuation stroke* (see Law 19.1) unless a turn-ending event (see Law 7.6) has otherwise occurred or the *striker* is required to *take croquet* immediately (see Law 19.2).

21 STRIKER'S BALL RUNNING ITS HOOP AND HITTING ANOTHER BALL

21.1 SITUATIONS COVERED This law applies in all situations where the *striker's ball* runs its *hoop in order* and hits another ball during a single *stroke*. Depending on the positions of the balls involved, running the hoop in order may or may not score the *hoop point* and hitting the other ball may or may not count as a *roquet*.

21.2 HOOP SCORED AND ROQUET MADE During a *stroke*, if the *striker's ball* both scores its *hoop in order* (see Law 20.3) and hits a ball ("the relevant ball") that was clear of the *jaws* of the hoop on the *non-playing side* at the start of the *stroke*:

- 21.2.1 the relevant ball becomes *live* before the impact; and so,
- 21.2.2 subject to the limitations on when a *live ball* may be *roqueted* defined in Laws 17.2.1 and 17.2.2, a *roquet* is also made on the relevant ball.

This applies no matter whether the relevant ball was *live* or *dead* before the *stroke* and regardless of whether the impact occurred before or after the *striker's ball* completed running the hoop.

21.3 ROQUET MADE AND HOOP NOT SCORED

- 21.3.1 A ball which makes a *roquet* under Law 17.1 before it starts to run its *hoop in order* cannot thereafter score the *hoop point* for itself in the same *stroke*.
- 21.3.2 During a *stroke* in which the *striker's ball* runs its *hoop in order*, if the *striker's ball* hits another ball before or after completing the running, and at the start of the *stroke* that other ball was:
 - 21.3.2.1 *live* and not clear of the *jaws* of the hoop on the *non-playing side*; and
 - 21.3.2.2 not in contact with the *striker's ball*

a *roquet* is made on that other ball under Law 17.1. The *hoop point* is not scored in that *stroke* regardless of where the *striker's ball* comes to rest.

21.4 HOOP SCORED AND ROQUET NOT MADE If the *striker's ball* hits another ball, before or after completing the running of its *hoop in order*, and at the start of the *stroke* that other ball was:

- 21.4.1 *dead* and not clear of the *jaws* of the hoop on the *non-playing side*; or
- 21.4.2 in contact with the *striker's ball*

then the *hoop point* is scored provided Law 20.3 is satisfied. A *roquet* is not made on the other ball, but if the balls come to rest in contact, the *striker* is required to *take croquet* in the next *stroke* in accordance with Law 18.1.2.

21.5 ADJUDICATING CLOSE POSITIONS When the *striker's ball* is about to run its *hoop in order* and there is another ball close to the *jaws* of the hoop on the *non-playing side*, if a determination of the position of that ball concludes that within the limits of observation the ball is on the borderline between being in or out of the *jaws* of the hoop, the decision shall be that it is within the *jaws*. In these circumstances:

- 21.5.1 Law 21.2 does not apply to the *stroke* about to be played; and
- 21.5.2 if the other ball is *live*, Law 21.3 applies if there is any contact between the balls; and

21.5.3 if the other ball is *dead* and the *striker's ball* runs the hoop, Law 21.4 applies.

22 PEG POINT

22.1 **HOW A PEG POINT IS SCORED** Subject to the special situations covered in Law 22.2, if the *striker's ball* is a *rover ball*:

- 22.1.1 it scores a peg point for itself, and is then said to be pegged out, by hitting the peg as a consequence of a *stroke* (but see Law 43, which limits when a ball may be pegged out in handicap play); and
- 22.1.2 it may cause another *rover ball* to be pegged out by causing it to hit the peg as a consequence of a *stroke*.

22.2 SPECIAL SITUATIONS

- 22.2.1 After the *striker's ball* makes a *roquet* under Law 17.1, it cannot score a peg point for itself in the same *stroke*.
- 22.2.2 If the *striker's ball* simultaneously hits a *live ball* and the peg in order, it is pegged out unless the *striker* claims a *roquet* by *taking croquet*.
- 22.2.3 At the start of a turn, if the *striker* plays a *rover ball* that is in contact with the peg, that ball is pegged out unless it is hit in a direction away from the peg.
- 22.2.4 If the *striker's ball* is a *rover ball* and hits, or causes another ball to hit, another *rover ball* that is in contact with the peg, that other *rover ball* is pegged out unless it is hit in a direction away from the peg.
- 22.2.5 If the *striker's ball*, being a *rover ball*, and another *rover ball* that it causes to hit the peg do so simultaneously, the *striker* is entitled to nominate the order in which they are pegged out.
- 22.2.6 If the *striker* apparently scores a peg point for any ball while playing a *wrong ball*, Law 27.4 applies.
- 22.2.7 A *ball at rest* cannot be pegged out solely as a result of the peg being moved or straightened.

22.3 BALL REMAINING IN PLAY

- 22.3.1 A ball remains in play throughout the *stroke* in which it is pegged out but it becomes *dead* upon hitting the peg and may not thereafter be *roqueted*. During the *stroke*, it may cause other balls to move, be *roqueted*, and score hoop or peg points and may cause the *striker's ball* to make a *roquet*.
- 22.3.2 A pegged out ball may be moved, picked up or arrested in its course, but only if the *state of the game* will not be affected thereby.

22.4 **REMOVAL FROM COURT** A ball ceases to be a *ball in play* and becomes an *outside agency* at the end of the *stroke* in which it is pegged out. The *striker* must remove a pegged out ball and the corresponding clip from the court before the next *stroke*, although these removals may be delayed until after the next *stroke* if the pegged out ball is unlikely to interfere with that *stroke*. If the pegged out ball does interfere or if it and its clip are not then removed, Law 31 applies.

B IRREGULARITIES IN PLAY

23 FORESTALLING PLAY

23.1 HOW TO FORESTALL A player *forestalls* play by requesting the *striker* to cease play in a manner that could reasonably be expected to convey the request. If the *striker* continues to play after being forestalled and before the issue is settled, Law 26 applies.

23.2 WHEN A PLAYER MUST CEASE OR FORESTALL PLAY The *striker* must cease play and, subject to the exceptions specified in Law 23.3 and the restrictions on timing specified in Law 23.4, the opponent must *forestall* play immediately the player suspects or becomes aware that:

- 23.2.1 the *striker* intends to play a *questionable stroke* without having it specially watched; or
- 23.2.2 an *error*, other than a fault, or an *interference* is about to occur; or
- 23.2.3 an *error* or an *interference* has occurred; or
- 23.2.4 the *striker's* turn is about to end prematurely as specified in Law 38.1 or, in handicap play, Law 42.5; or
- 23.2.5 a clip is misplaced; or
- 23.2.6 a *boundary* marking has been displaced.

23.3 WHEN OPPONENT MUST NOT FORESTALL Unless a turn-ending *error* under Laws 26, 27, 28.4 or 29 has already occurred, the opponent must not *forestall* play or warn the *striker* if the opponent suspects or becomes aware that the *striker* is about to:

- 23.3.1 run a wrong hoop; or
- 23.3.2 play a *wrong ball*; or
- 23.3.3 play a *croquet stroke* involving a *dead ball*.

23.4 DISTRACTING THE STRIKER The opponent must not *forestall* play after a *stroke* has started and before it has been played unless the playing of the *stroke* would take the issue to be raised past its *limit of claims* or there is other urgent reason related to the *stroke*. Forestalling in breach of this restriction constitutes *interference* with the playing of a *stroke* and Law 35.1 applies.

24 MULTIPLE ERRORS AND INTERFERENCES

24.1 APPLICABILITY Law 24 applies when it is *discovered* that more than one *error* and/or *interference*, which have not previously been considered, have occurred, regardless of whether they occurred in the same or in different *strokes*. Treatment of individual errors and interferences is covered by Laws 25 and 30 respectively.

24.2 WHEN AN ERROR OR INTERFERENCE OCCURS

- 24.2.1 An *error* under Laws 26 to 28 and Law 48.4 occurs when a *stroke* that breaches those laws is played.
- 24.2.2 A fault under Law 29 occurs when it is committed.
- 24.2.3 An *interference* under Laws 31 and 32 occurs at the time specified in Laws 31.2 and 32.2 respectively.
- 24.2.4 An *interference* under Laws 33 and 35 occurs when a *stroke* affected by the interference is played.

24.2.5 Other *interferences* occur when play is affected by them.

24.3 **PRECEDENCE** The *errors* or *interferences* are considered in the order in which they occurred, starting with the earliest, except as follows.

24.3.1 Subject to Law 24.4, any *error* or *interference* for which the *limit of claims* has passed at the time of *discovery* is ignored.

24.3.2 If more than one *error* or *interference* occurred when a *stroke* was played, any *interferences* are considered first, in the order of the applicable Laws 31 to 38, followed by any *errors* in order of the applicable Laws 26 to 29.

24.3.3 If an *interference* under Law 38.2 is followed by a fault under Law 29 in the same *stroke*, and it is agreed by the players or adjudicated by a referee that the fault was not caused by the interference, the fault is dealt with first.

24.3.4 If play is cancelled or a *stroke* is *replayed* to remedy an *error* or an *interference*, any remaining *errors* or *interferences* are ignored.

24.3.5 If incorrect equipment has materially affected a *stroke*, as specified in Law 38.2, the equipment must be corrected before its width might next affect play.

24.4 **EARLIER ERRORS DISCOVERED WHEN AN INTERFERENCE IS BEING REDRESSED** If it is *discovered* during the *redressing* of an *interference* under Laws 31 to 33 that one or more *errors* had occurred before play was affected by the interference and the *limits of claims* of those *errors* had not then passed, the laws applicable to those *errors* must be applied as if the error or errors had been discovered at that time.

C ERRORS IN PLAY

25 GENERAL PRINCIPLES GOVERNING ERRORS

25.1 **DELIBERATE ERRORS** A player must not deliberately commit an *error*.

25.2 **DECLARING AN ERROR** Any *error* the *striker* commits or suspects may have been committed must immediately be declared and play must cease until the matter is resolved.

25.3 RECTIFICATION

25.3.1 An *error* is *rectified* by cancelling all points scored for any ball in any *stroke in error* and placing the balls in their lawful positions at the start of the first *stroke in error*. If a ball could have occupied more than one lawful position at that time, it may be placed in any such position at the choice of the player who committed the error. If a ball is replaced following rectification of a fault, however, it must be replaced in the position it occupied before the first *stroke in error* was played.

25.3.2 If the *striker's* turn continues after *rectification*, each ball is then *live* only if it was *live* at the start of the first *stroke in error*.

25.4 **LIMIT OF CLAIMS** If the end of a turn prevents the *limit of claims* of an *error* being reached, the limit becomes when the first *stroke* of the next turn is played, or when the game ends if the error occurs in the last turn of the game. *Strokes in error* are counted when determining whether the limit of claims of any other error has passed.

25.5 DISCOVERY AFTER LIMIT OF CLAIMS

25.5.1 If an *error* is *discovered* after its *limit of claims* it is not *rectified*, except in accordance with Law 25.5.2. The balls are not replaced and all points in order scored for any ball in any *stroke in error* are counted.

- 25.5.2 If the *striker* apparently scores a peg point while playing a *wrong ball* or scores any point for the *partner's* ball while playing it in ordinary doubles, Laws 27.4 and 45.4 apply respectively and the *error* must be remedied in accordance with those laws if it is *discovered* before the end of the game.

26 PLAYING WHEN NOT ENTITLED

26.1 **APPLICABILITY** This law covers situations where:

- 26.1.1 a player continues to play after one of the turn-ending events in Law 7.6 has occurred; or
- 26.1.2 one side plays one or more *strokes* while the other side's turn is still lawfully in progress; or
- 26.1.3 a player continues to play after having been *forestalled* and before the issue is settled; or
- 26.1.4 the *striker* plays a *stroke* before the preceding one has ended and the outcome of either stroke is affected.

26.2 **REMEDY** If a player plays one or more *strokes* when not entitled to do so and the *error* is *discovered* before the *limit of claims*:

- 26.2.1 any points scored in the first *stroke in error* and any subsequent *strokes* played by the offending side are cancelled; and
- 26.2.2 any balls moved by those *strokes* are replaced, unless they have subsequently been moved by strokes that the non-offending side was entitled to play; and
- 26.2.3 if the player continued to play after having been *forestalled*, any outstanding issues must be settled; and
- 26.2.4 the side entitled to play then plays.

26.3 **LIMIT OF CLAIMS** The *limit of claims* is when the first *stroke* is played in the next turn to be started by the non-offending side.

27 PLAYING A WRONG BALL

27.1 **APPLICABILITY**

27.1.1 This law covers situations where the *striker* plays a *stroke* with a ball that:

- 27.1.1.1 is not the *ball in play* validly chosen as the *striker's ball* for the turn by playing it in the first *stroke* of the turn in accordance with Law 12.2.1 or lifting it as specified in Law 12.2.2; or
- 27.1.1.2 belongs to the other side; or
- 27.1.1.3 is the *partner's* ball in ordinary doubles (see Law 45.1); or
- 27.1.1.4 in the third or fourth turn of the game cannot be the *striker's ball* for the turn because its *partner ball* must be played into the game in accordance with Law 11.2.2; or
- 27.1.1.5 is not the *striker's ball* of the previous turn when playing a *half-bisque* or *bisque* in handicap play (see Law 42.1).

27.1.2 This law does not cover situations where the *striker* plays a ball from another game or a ball of the game that has been pegged out and removed from the court or a ball of the game that has not yet become a *ball in play*, which are *outside agencies*. Playing such a ball is treated as an *interference* under Law 33.

27.2 REMEDY

- 27.2.1 Except in situations at the start of a game covered by Laws 27.5 and 27.6, if the *striker* plays a *wrong ball* and the *error* is *discovered* before its *limit of claims*, the *error* is *rectified* and the turn ends.
- 27.2.2 If the *error* is *rectified* and was committed in the first *stroke* of one of the first four turns of the game, a correct ball must be placed on any unoccupied point on either *baulk-line* at the choice of the player who committed the error. That ball becomes a *ball in play* and the turn ends.
- 27.2.3 A ball wrongly played into the game becomes a *ball in play* but it ceases to be so if it is removed from the game by the *error* being *rectified*.

27.3 **LIMIT OF CLAIMS** The *limit of claims* is when the first *stroke* is played in the next turn to be started by either side playing a correct ball. In handicap play the limit of claims is modified in accordance with Law 42.3.3 when a *half-bisque* or *bisque* is played.

27.4 **PEG POINT NOT SCORED WHILE PLAYING WRONG BALL** The *striker* may not score a peg point for any ball while playing a *wrong ball*. Any peg point apparently so scored must be cancelled if *discovered* at any time before the end of the game, and Law 31 applies.

27.5 **PLAYER OF FOURTH TURN UNABLE TO PLAY CORRECT BALL** The game must be restarted if the player of the fourth turn of the game *discovers*, either before or after the first *stroke* of the turn, that both balls of the side were played into the game in the first two turns of the game.

27.6 **REVERSAL OF INITIAL CHOICE OF BALLS** If the players *discover* at any time after the first *stroke* of the fifth turn of the game that they have both played a *wrong ball* in the first stroke of every earlier turn of the game, the choice of balls made under Law 10.2 is reversed with effect from the start of the game.

28 PLAYING WHEN A BALL IS MISPLACED

28.1 **APPLICABILITY** This law covers situations where the *striker*, being entitled to play a *stroke*, plays one with one or more balls *misplaced* from their lawful positions.

28.2 GENERAL

- 28.2.1 Between *strokes*, any *misplaced ball* must be placed in a lawful position. If there is more than one such position available, the player who should have placed the ball correctly may choose in which of them to place the ball. Subject to the restrictions on when to *forestall* specified in Law 23.3 and the circumstances covered in Law 28.2.2, if the opponent observes that the *striker* is about to play a *stroke* when any ball is *misplaced*, the opponent must *forestall* play.
- 28.2.2 Notwithstanding Law 28.2.1, the *striker* may play a *stroke* knowing that a ball has been moved from its lawful position to expedite a *double-banked* game, and the opponent is not required to *forestall*, provided the *striker* reasonably believes that the *stroke* will not affect that ball in either its lawful or its actual position. Such a ball is ignored when applying the remainder of these laws.
- 28.2.3 If one or more balls become *misplaced* by natural forces just before the *stroke* is played, Law 28.3 must be applied before applying the remainder of these laws.
- 28.2.4 If a *stroke* is played with one or more balls *misplaced* as specified in any of Laws 28.4 to 28.8, an *error* is thereby committed under only the first of those laws that applies.

28.2.5 In all other cases, the *stroke* is lawful unless other *errors* or *interferences* have occurred.

28.2.6 A *misplaced ball* remains so until it is placed in a lawful position or moved by a *stroke*.

28.3 **MISPLACEMENT BY NATURAL FORCES JUST BEFORE STROKE PLAYED** For the purposes of deciding whether a *stroke* has been validly played or an *error* committed under these laws:

28.3.1 a ball is deemed to be in contact with another ball when a *stroke* is played even if it is physically not in contact at that time if, in preparation for the *stroke*, the *striker* attempted finally to place, adjust or leave the balls in contact; and

28.3.2 a ball is deemed not to be in contact with another ball when a *stroke* is played even if it is physically in contact at that time if, in preparation for the *stroke*, the *striker* attempted finally to place, adjust or leave the balls out of contact.

28.4 **UNLAWFUL CROQUET STROKE INVOLVING A DEAD BALL**

28.4.1 If the *striker* plays a *croquet stroke* with the *striker's ball* in contact with a *dead ball* and the *error* is *discovered* before its *limit of claims*, the *error* is *rectified* and the turn ends.

28.4.2 The *limit of claims* is when the first *stroke* of the opponent's next turn is played.

28.5 **UNLAWFUL CROQUET STROKE INVOLVING A LIVE BALL**

28.5.1 If the *striker* plays a *croquet stroke* with the *striker's ball* in an unlawful position in contact with a *live ball* and the *error* is *discovered* before its *limit of claims*, the *error* is *rectified*.

28.5.2 The *strokes in error* must then be analysed to determine how play continues. For this purpose, the unlawful *croquet stroke* shall be treated as a *croquet stroke* in which the *live ball* is the *croqueted ball*. If any of the turn-ending events set out in Law 7.6 occurred during any of the *strokes in error*, the *striker's* turn ends. Otherwise, the *striker* resumes the turn.

28.5.3 The *limit of claims* is when the third *stroke in error* is played.

28.6 **FAILING TO TAKE CROQUET WHEN REQUIRED TO DO SO**

28.6.1 If the *striker*, being required to *take croquet*, plays a *stroke* which is not a *croquet stroke* and the *error* is *discovered* before its *limit of claims*, the *error* is *rectified*.

28.6.2 The *strokes in error* must then be analysed to determine how play continues. For this purpose, the first *stroke in error* shall be treated as though the *striker* was entitled to and did play a *stroke* that was not a *croquet stroke*. If any of the turn-ending events set out in Law 7.6 occurred during any of the *strokes in error*, the *striker's* turn ends. Otherwise, the *striker* resumes the turn.

28.6.3 The *limit of claims* is when the third *stroke in error* is played.

28.7 **FAILING TO PLAY A BALL FROM BAULK**

28.7.1 If the *striker*, being required to play a ball from a *baulk-line* in accordance with Law 11 (start of game) or Law 16 (wiring lift) or Law 39.3 (optional lift in advanced play) or Law 40.3 (optional lift in super-advanced play), plays a *stroke* from a position materially other than a point on a *baulk-line* and the *error* is *discovered* before its *limit of claims*, the *error* is *rectified*.

28.7.2 The *strokes in error* must then be analysed to determine how play continues. If any of the turn-ending events set out in Law 7.6 occurred during any of the strokes in error, the *striker's* turn ends. Otherwise, the striker restarts the turn with the same ball and may choose the position on the *baulk-lines* from which to play the first *stroke*.

28.7.3 The *limit of claims* is when the third *stroke* of the *striker's* turn is played.

28.8 LIFTING A BALL WHEN NOT ENTITLED TO DO SO

28.8.1 If the *striker*, having lifted either ball of the *striker's* side at the start of a turn when not entitled to do so, plays a *stroke* with it *misplaced* and the *error* is *discovered* before its *limit of claims*, the error is *rectified*.

28.8.2 The *strokes in error* must then be analysed to determine how play continues. If any of the turn-ending events set out in Law 7.6 occurred during any of the strokes in error, the *striker's* turn ends. Otherwise, the striker restarts the turn with either ball of the side.

28.8.3 The *limit of claims* is when the third *stroke* of the *striker's* turn is played.

29 FAULTS

29.1 **ACTIONS THAT CONSTITUTE FAULTS** Subject to the exemptions and limitations specified in Law 29.2 a fault is committed during the *striking period* if the *striker*:

29.1.1 touches the head of the mallet with a hand, or slides the mallet along the *striker's* foot or leg to guide it (for exemptions see Laws 29.2.1 and 29.2.2);

29.1.2 rests the shaft of the mallet or a hand or arm on the ground, an *outside agency*, or any part of the *striker's* legs or feet (for exemptions see Law 29.2.2);

29.1.3 moves the *striker's ball* other than by striking it with the mallet audibly and distinctly;

29.1.4 causes or attempts to cause the mallet to strike the *striker's ball* by kicking, hitting, dropping or throwing the mallet;

29.1.5 strikes the *striker's ball* with any part of the mallet other than an end-face of the head in any of the *strokes* specified in Law 29.2.3;

29.1.6 allows the mallet:

29.1.6.1 to contact the *striker's ball* more than once in a *croquet stroke*, or *continuation stroke* when the *striker's ball* is touching another ball (for exemptions see Law 29.2.4 and for limitations see Law 29.2.5); or

29.1.6.2 to contact the *striker's ball* more than once in any other *stroke* (for exemptions see Law 29.2.4); or

29.1.6.3 to remain in contact with the *striker's ball* for an observable period in any *stroke* (for exemptions see Law 29.2.4 and for limitations see Law 29.2.6);

29.1.7 allows the mallet to be in contact with the *striker's ball* after the *striker's ball* has hit another ball (for exemptions see Law 29.2.4 and for limitations see Law 29.2.7);

29.1.8 strikes the *striker's ball* so as to cause it to touch a hoop upright or, unless the *striker's ball* is pegged out in the *stroke*, the peg when in contact with the mallet;

29.1.9 strikes the *striker's ball* when it lies in contact with a hoop upright or, unless the *striker's ball* is pegged out in the *stroke*, the peg otherwise than in a direction away therefrom;

- 29.1.10 moves or shakes a *ball at rest* by hitting a hoop or the peg with the mallet or with any part of the *body*;
- 29.1.11 touches any ball, other than the *striker's ball*, with the mallet;
- 29.1.12 touches any ball with any part of the *body*;
- 29.1.13 in a *croquet stroke*, plays away from or fails to move or shake the croqueted ball;
- 29.1.14 in any of the *strokes* specified in Law 29.2.3, damages the court with the mallet to the extent that a subsequent stroke played over the damaged area could be significantly affected.

29.2 EXEMPTIONS AND LIMITATIONS

- 29.2.1 The fault of touching the head of the mallet in Law 29.1.1 is committed only if the *striker* touches the mallet head during the final swing of the mallet towards the ball.
- 29.2.2 A fault is not committed under Laws 29.1.1 or 29.1.2 if the touching, resting or sliding occurs after the *striker* has completed the swing in which the *stroke* was played.
- 29.2.3 The actions specified in Laws 29.1.5 and 29.1.14 are faults only if they occur in:
 - 29.2.3.1 a *hampered stroke*; or
 - 29.2.3.2 a *single-ball stroke* in which the *striker* is attempting to make the *striker's ball* jump; or
 - 29.2.3.3 a *stroke* in which the *striker's ball* is part of a *group of balls*.
- 29.2.4 Contact between the mallet and the *striker's ball* is not a fault under Laws 29.1.6 or 29.1.7 if it occurs after the *striker's* ball:
 - 29.2.4.1 makes a *roquet*; or
 - 29.2.4.2 scores the peg point; or
 - 29.2.4.3 hits a ball pegged out in the *stroke*.

The exemption of Law 29.2.4.1 does not apply, however, if the *striker's* ball has hit another object after making the *roquet*.
- 29.2.5 A multiple contact between the mallet and the *striker's ball* is a fault under Law 29.1.6.1 only if the *striker* or a referee or other person asked to adjudicate the *stroke*, aided by nothing more than spectacles or contact lenses, sees a separation between mallet and ball followed by a second contact between them.
- 29.2.6 The mallet remaining in contact with the *striker's ball* for an observable period is a fault under Law 29.1.6.3 if the prolonged contact is visible or audible to the *striker* or a referee or other person asked to adjudicate the *stroke*, aided by nothing more than spectacles, contact lenses or hearing aids.
- 29.2.7 The mallet being in contact with the *striker's ball* after the *striker's* ball has hit another ball is a fault under Law 29.1.7 if the continuation of contact is visible or audible to the *striker* or a referee or other person asked to adjudicate the *stroke*, aided by nothing more than spectacles, contact lenses or hearing aids, or if it can be deduced from observation of the trajectories and speeds of the balls involved compared to what would occur in a lawful stroke of the same type.

29.3 REMEDY

- 29.3.1 If the *striker* commits a fault and the *error* is *discovered* before its *limit of claims*, any points scored in the first or second *stroke in error* are cancelled and the turn ends.

- 29.3.2 The *striker* must ask the opponent whether the fault is to be *rectified*. If the opponent chooses rectification, the balls are replaced in accordance with Law 25.3.1. Otherwise the balls remain or are replaced in the positions they occupied after the first *stroke in error*. Law 42.8 defines when the opponent must take this decision in relation to when the *striker* is required to decide about playing a *half-bisque* or *bisque* in handicap play.
- 29.4 **LIMIT OF CLAIMS** The *limit of claims* is when the third *stroke in error* is played.
- 29.5 **ACTIONS OF THE STRIKER'S PARTNER THAT CONSTITUTE FAULTS IN DOUBLES** In doubles play, certain actions by the *striker's partner* during the *striking period* are faults. These are specified in Laws 45.3.2 and 48.3.2.
- 29.6 **STANDARD OF JUDGEMENT APPLYING TO THE DECLARATION OF A FAULT** A fault under Law 29.1 is to be declared if a person who has been asked to adjudicate the *stroke* under Law 55.4.1, or the *striker*, believes it more likely than not that the law was infringed.

D INTERFERENCE WITH PLAY

30 GENERAL PRINCIPLES GOVERNING INTERFERENCES

- 30.1 **DELIBERATE INTERFERENCE** A player must not deliberately commit an *interference*.
- 30.2 **PLAYER MUST DECLARE** A player must immediately *forestall* play in respect of, or declare, any *interference* the player believes may have affected play or will affect the *stroke* about to be played.
- 30.3 **REMEDY FOR AN INTERFERENCE**
- 30.3.1 An *interference* under Laws 31 to 33 is *redressed* by returning the game to the point where the interference first affected play and cancelling all subsequent play. This involves:
- 30.3.1.1 returning the balls to the positions they lawfully occupied at that time; and
 - 30.3.1.2 cancelling any points scored during the period of cancelled play; and
 - 30.3.1.3 restoring the time that has elapsed since the *interference* first affected play; and
 - 30.3.1.4 in handicap play restoring any *bisques* taken after the *interference* first affected play; and
 - 30.3.1.5 returning responsibility for the position of each ball to what it was at the time the *interference* first affected play.
- 30.3.2 If an *interference* is not subject to a restriction on how the player then entitled to play must resume play, the player may adopt any *line of play*. In addition, if the first affected *stroke* was the first stroke of a turn, the player may play either ball of the side that could lawfully have been played in the first stroke of the turn and may decide whether and how to take any lift, contact or free placement to which the player was then entitled under Laws 16, 39 or 40.
- 30.3.3 Responsibility for the position of any ball replaced when remedying an *interference* under Laws 34 to 38 returns to what it was immediately before the ball was affected by the interference.

31 BALL WRONGLY REMOVED OR NOT REMOVED FROM THE GAME

- 31.1 **NATURE OF THE INTERFERENCE** This *interference* occurs if it is *discovered* before the *limit of claims* that play has been affected because either:
- 31.1.1 a ball has been removed from the game under the misapprehension that it has been pegged out; or

- 31.1.2 a ball has not been removed from the game in accordance with Law 22.4 when it has been pegged out.
- 31.2 **WHEN PLAY IS AFFECTED** Play is considered to have been affected from the time when:
- 31.2.1 a *stroke* is played which moves a ball that has been wrongly left on the court; or
- 31.2.2 either player is misled in any turn into adopting a *line of play* that the player would not otherwise have followed in that turn; or
- 31.2.3 the ball was first *misplaced* if it cannot otherwise be determined when play was first affected.
- 31.3 **REMEDY** The *interference* must be *redressed* in accordance with Law 30.3.1. Subject to Law 24.4, the player then entitled to play resumes play and may adopt any *line of play*.
- 31.4 **LIMIT OF CLAIMS** The *limit of claims* is the end of the game.

32 PLAYER MISLED BY FALSE INFORMATION OR MISPLACED BALL OR CLIP

- 32.1 **NATURE OF THE INTERFERENCE** This *interference* occurs if it is *discovered* before the *limit of claims* that play has been affected because a player was misled by:
- 32.1.1 false information concerning the *state of the game* supplied by the opponent, a referee, or a person authorised by the players to act as timekeeper; or
- 32.1.2 the *misplacement* of a ball that has suffered interference, other than by the player, or has been moved to avoid interference; or
- 32.1.3 the misplacement of a clip for which the player was not originally responsible.
- 32.2 **WHEN PLAY IS AFFECTED** Play is considered to have been affected from the time when the player would first have adopted a different *line of play* had the correct situation been known.
- 32.3 **REMEDY** If a player successfully claims to have been misled, the *interference* is *redressed* in accordance with Law 30.3.1. Subject to Law 24.4, the player is entitled to a *replay* from the point where play was first affected and, in that replay, must adopt a different *line of play*.
- 32.4 **LIMIT OF CLAIMS** The *limit of claims* is the end of the game.
- 32.5 **FAILURE TO ADOPT A DIFFERENT LINE OF PLAY IN A REPLAY**
- 32.5.1 If it is *discovered* before the *limit of claims* that the player did not adopt a different *line of play* in a *replay*, the player ceases to be entitled to the replay and the *state of the game* reverts to the point at which the claim for the replay was made. Subject to Law 32.5.2, the player then entitled to play shall play.
- 32.5.2 Should any earlier *errors* have been *discovered* during the now-annulled remedying of the claimed *interference*, those errors shall be treated as though they had been discovered at the time the claim to have been misled was made and Law 24.4 shall be applied accordingly.
- 32.5.3 The *limit of claims* is when the third *stroke* of the *replay* is played.
- 32.6 **DUTY OF PLAYERS** Both players have a duty to ensure that the clips are correctly placed and, subject to the restrictions on timing of *forestalling* specified in Laws 23.3 and 23.4, must call attention immediately to any misplaced clip.

33 USING A BALL THAT IS AN OUTSIDE AGENCY

33.1 NATURE OF THE INTERFERENCE

33.1.1 This *interference* occurs if it is *discovered* before the *limit of claims* that the *striker* has struck, or otherwise included in the game subject to the exclusions in Law 33.1.2, a ball that is an *outside agency* because it is:

33.1.1.1 a ball not belonging to the game; or

33.1.1.2 a ball of the game that has not yet become a *ball in play*; or

33.1.1.3 a ball of the game that has been pegged out and removed from the court.

33.1.2 Law 33.1.1 does not apply to any attempt to *roquet* a ball from a game that is *double-banked* on the court, nor to any *croquet stroke* played with the objective of roqueting a ball from that double-banked game in the next *stroke*.

33.2 **INADVERTENT BALL SWAP** Play is not affected by a ball of the game being inadvertently swapped with another ball of the same colour and type when both are off the court. If such a ball swap is *discovered* before the *limit of claims*, it must be reversed, with the correct ball of the game taking the position then occupied by the *outside agency*.

33.3 **WHEN PLAY IS AFFECTED** Otherwise, play is considered to have been affected from the first *stroke* to have involved the ball that is an *outside agency* or to have been influenced by its presence in the game.

33.4 **REMEDY** When play has been affected, the *interference* must be *redressed* in accordance with Law 30.3.1. Subject to Law 24.4 (the discovery of earlier errors), the player entitled to play once the interference has been redressed resumes play without penalty and may adopt any *line of play*.

33.5 **LIMIT OF CLAIMS** The *limit of claims* is the end of the game.

34 OUTSIDE AGENCY OR A PLAYER INTERFERING WITH A BALL DURING A STROKE

34.1 **NATURE OF THE INTERFERENCE** This *interference* occurs if an *outside agency* or a player, other than the *striker* during the *striking period*, touches a ball during a *stroke*. Play is affected when the ball is touched.

34.2 REMEDY

34.2.1 Subject to Law 34.4 (*interference* with a ball during a *croquet stroke*), the *striker* must *replay* the same *stroke* with the same objectives, after replacing the balls in their lawful positions before the stroke was played, if:

34.2.1.1 no further *stroke* has been played; and

34.2.1.2 the *interference* might have prevented a point being scored, a *roquet* being made, or a ball coming to rest in a *critical position*; and

34.2.1.3 the *interference* was caused by an *outside agency* that was not in the position it was in at the start of the *stroke* or by the opponent.

34.2.2 Otherwise, there is no *replay* and all balls must be placed as near as possible to where they would have been at the end of the *stroke* had the *interference* not occurred. After interference to a ball under Law 34.1, the ball may not score a point, make a *roquet*, nor be roqueted during that stroke.

34.3 **FAILURE TO ATTEMPT THE SAME STROKE IN A REPLAY** If the *striker*, being required to *replay the stroke*, does not attempt the same stroke in the replay, the opponent shall have the choice of accepting the replay's outcome or requiring a further replay of the original stroke.

34.4 INTERFERENCE WITH A BALL DURING A CROQUET STROKE In a *croquet stroke*, the turn ends under Law 18.7 if either ball would have gone off the court had *interference* under Law 34.1 not occurred. A *replay* under Law 34.2.1 is then not permitted. The turn does not end merely because a ball went off the court as a result of interference under Law 34.1.

34.5 FAILURE TO CORRECT THE POSITION OF A BALL AFTER INTERFERENCE If a ball is not correctly placed or replaced before the next *stroke*, it becomes *misplaced* and Law 28.1 applies.

34.6 AVOIDING INTERFERENCE BY AN OUTSIDE AGENCY OR BY LOOSE IMPEDIMENTS

34.6.1 AVOIDING INTERFERENCE BY AN OUTSIDE AGENCY A movable *outside agency* should be moved or removed if it might affect play.

34.6.2 DEALING WITH LOOSE IMPEDIMENTS *Loose impediments* may be removed by the *striker* at any time and must be removed if they are likely to benefit the *striker* in the *stroke* about to be played. Only in exceptional circumstances to be dealt with under the overriding law (Law 63) may loose impediments be treated as *outside agencies*.

35 OUTSIDE AGENCY OR OPPONENT INTERFERING WITH THE PLAYING OF A STROKE

35.1 NATURE OF THE INTERFERENCE This *interference* occurs if the outcome of a *stroke* is materially affected because:

- 35.1.1 the *striker*, the court or the equipment, other than balls, was touched by an *outside agency* or the opponent; or
- 35.1.2 the opponent *forestalled* play in breach of Law 23.4.

In all cases the interference occurs when the affected *stroke* is played.

35.2 REMEDY If the *interference* is *discovered* before the next *stroke*, the *striker* must *replay* the same *stroke* with the same objectives after replacing the balls in their lawful positions before the *stroke* was played. Exceptional cases may be dealt with under the overriding law (Law 63).

35.3 FAILURE TO ATTEMPT THE SAME STROKE IN A REPLAY If the *striker*, being required to *replay* the *stroke*, does not attempt the same *stroke* in the *replay*, the opponent shall have the choice of accepting the *replay's* outcome or requiring a further *replay* of the original *stroke*.

36 INTERFERENCE WITH A BALL BETWEEN STROKES

36.1 NATURE OF THE INTERFERENCE This *interference* occurs between *strokes* when a ball moves as a consequence of natural forces or is moved by a player or an *outside agency*.

36.2 REMEDY

36.2.1 NATURAL FORCES OR AGENCY OTHER THAN THE STRIKER Between *strokes*, if a ball moves or is moved into an unlawful position by natural forces or an *outside agency* or a player other than the *striker* it must be replaced in the position it lawfully occupied as agreed between the players or adjudicated by a referee.

36.2.2 THE STRIKER INTERFERING WITH THE STRIKER'S BALL If the *striker* interferes:

- 36.2.2.1 between *strokes* with the *ball at rest* already chosen as the *striker's ball*; or
- 36.2.2.2 before the first *stroke* of the turn with a *ball at rest* that is subsequently chosen to be the *striker's ball* for the turn

by touching it with the mallet or the *striker's body* except when repositioning it in accordance with these laws, the ball must be replaced as specified in Law 36.2.1. Subject to the

exemptions specified in Law 36.3, when the next *stroke* is a *single-ball stroke* the striker may not play any *critical stroke* in that stroke but may otherwise continue the turn.

36.2.3 THE STRIKER INTERFERING WITH ANOTHER BALL If the *striker* interferes:

- 36.2.3.1 between *strokes* with a *ball at rest* that is not the *striker's ball*; or
- 36.2.3.2 before the first *stroke* of the turn with a *ball at rest* that is not subsequently chosen to be the *striker's ball* for the turn

by touching it with the mallet or the *striker's body* except when repositioning it in accordance with these laws, the ball must be replaced as specified in Law 36.2.1. Subject to the exemptions specified in Law 36.3, when the next *stroke* is a *single-ball stroke* the striker may not involve that ball in it if the stroke would then be a *critical stroke* but may otherwise continue the turn.

36.3 EXEMPTIONS The restrictions on play specified in Laws 36.2.2 and 36.2.3 do not apply to any ball that:

- 36.3.1 had already been marked by a referee or to the joint satisfaction of the players before the *interference*; or
- 36.3.2 the *striker* is entitled to lift or move under Law 5.3.2 (temporary removal) provided that the ball's original position had been marked before it was *interfered* with if it would be required to be lawfully replaced in that position; or
- 36.3.3 is moved in an emergency to avoid it being hit or moved by an *outside agency*.

36.4 DETERMINING WHETHER A STROKE IS A CRITICAL STROKE Following *interference* under Laws 36.2.2 or 36.2.3, whether the next *stroke* the *striker* intends to play is a *critical stroke* is a matter to be agreed between the players or, failing that, decided by a referee. . If either the players or the referee consider the situation to be borderline, the stroke shall be considered to be a critical stroke.

36.5 STRIKER ATTEMPTING A CRITICAL STROKE FOLLOWING INTERFERENCE

- 36.5.1 If the opponent considers that the *striker* is about to play a *critical stroke* in breach of Laws 36.2.2 or 36.2.3, the opponent must *forestall* play and request a referee to adjudicate.
- 36.5.2 If the *striker* plays a *critical stroke* that is not permitted under this law, the overriding law (Law 63) may apply.

37 INTERFERENCE BY NATURAL FORCES OR FEATURES OF THE COURT AND ITS SURROUNDINGS

37.1 NATURAL FORCES If a ball is affected by natural forces, for example wind or gravity, during a *stroke*, it must be replaced if it was not moved by the stroke. Otherwise there is no remedy.

37.2 FIXED OBSTACLES AND CHANGES OF LEVEL If any fixed obstacle or change of level outside the court is likely to interfere with the playing of the next *stroke*, the *striker* must consult in accordance with Law 55.3 and may then move the *striker's ball* no more than is necessary to allow a normal stance and a free swing of the mallet. Law 37.4 must then also be applied.

37.3 SPECIAL DAMAGE If *special damage* to the court is likely to interfere with the playing of the next *stroke*, the *striker* must consult in accordance with Law 55.3 and the players should agree to the repair of the damage, where practicable, before play continues. Should repair not be practicable, as an alternative the striker may move any ball affected by the special damage

no more than is necessary to avoid the damage and never to the striker's advantage. Law 37.4 must then also be applied.

37.4 MOVING OTHER BALLS When a ball is moved under Laws 37.2 or 37.3, the *striker* must also move any other ball that could foreseeably be affected by the next *stroke* so as to maintain their relative positions. A ball in a *critical position* so far as the stroke about to be played is concerned, however, should be moved only to avoid inequity. Any ball so moved but not affected by subsequent play must be replaced as near as possible to its original position as soon as it is no longer relevant to the striker's *line of play* or, if earlier, when the striker's turn ends.

38 MISCELLANEOUS INTERFERENCE

38.1 TURN WRONGLY ENDING If the *striker*, wrongly believing that the turn has ended under Law 7.6, quits the court or permits the opponent to play and the mistake is *discovered* before the first *stroke* of the opponent's turn, the striker's turn is resumed. The opponent must inform the striker immediately upon becoming aware of the striker's mistake.

38.2 STROKE AFFECTED BY INCORRECT HOOP WIDTH OR MIS-SHAPEN BALL

38.2.1 If the *striker* of the immediately preceding *stroke* suspects that its outcome was materially affected by a ball being in contact with both uprights of a hoop simultaneously, the player is entitled to have the equipment checked and, if necessary, adjusted or replaced. The time taken to do this is restored.

38.2.2 If it is found that the ball does touch both uprights of the hoop simultaneously on some axis and the opponent agrees or a referee decides that:

38.2.2.1 the player had attempted to get the ball through the hoop; and

38.2.2.2 there are plausible grounds for the player's suspicion that the outcome of the *stroke* was materially affected,

the player may choose to *replay* the *stroke*, attempting to get the ball through the hoop again, unless the turn has ended under Law 7.6 for a reason unconnected with the faulty or mis-set equipment.

38.2.3 If the player chooses not to *replay* the *stroke*, the outcome of the original stroke stands. Should any ball have jammed in a hoop above the ground in the original stroke, it shall then be placed on the ground in the centre of the hoop.

38.2.4 If the player chooses to *replay* the *stroke* but does not attempt to get the ball through the hoop again, the opponent shall have the choice of accepting the replay's outcome or requiring a further replay of the attempt to get the ball through the hoop.

38.3 BALL STRIKING A CLIP OR THE PEG EXTENSION If a ball strikes a clip attached to a hoop or to the peg, or the peg extension when attached to the peg, it is not *interference* with play and there is no remedy. For a clip, this applies irrespective of whether or not the clip is part of the game. An unattached clip or peg extension is an *outside agency* and Law 34 applies to any interference by it.

38.4 DISPLACED BOUNDARY MARKING

38.4.1 A player who becomes aware that a *boundary* marking is displaced must *forestall* play in accordance with Law 23.2.

38.4.2 If the marking was displaced between *strokes* and the straightening of it would affect a test as to whether a ball has left the court in the stroke immediately before play

was *forestalled* or would affect the playing of the next stroke, such test or stroke must be completed before the marking is straightened.

- 38.4.3 If the marking was displaced during a *stroke*, or straightening it would not affect play, it must be straightened before such test is carried out or the next stroke is played.
- 38.4.4 When a marking is straightened, any affected *yard-line balls* must be adjusted accordingly. Any other balls in the immediate vicinity must also be moved so as to maintain the relative positions of the balls.

PART 3 OTHER FORMS OF PLAY

A ADVANCED SINGLES PLAY

When a game is played under the conditions of advanced singles play, the laws applicable to level singles play apply with the addition of Law 39.

39 OPTIONAL LIFT OR CONTACT

39.1 **LIFT HOOPS** The *lift hoops* are hoops 7 and 10 (1-back and 4-back). For shortened games Law 52 specifies the lift hoops.

39.2 **WHEN ENTITLED TO A LIFT** The *striker* is entitled to a lift when the *striker's ball* of the preceding turn scored one of the *lift hoops* for itself in that turn and the *striker's* entitlement to lifts and contact has not ended under Law 39.6.

39.3 **HOW TO PLAY THE LIFT TURN** The *striker* must start the turn:

- 39.3.1 by playing as the balls lie; or
- 39.3.2 by lifting either ball of the side that can lawfully be played, even if it is in contact with one or more balls, and playing it from any unoccupied point on either *baulk-line*. If the lifted ball can contact another ball when so placed on the *baulk-line*, the *striker* may *take croquet* immediately from that ball under Law 18.1.3.2, but is not entitled to take croquet immediately from any other ball in a *group* of which the two balls may form part.

39.4 **WHEN ENTITLED TO A CONTACT** The *striker* is entitled to a contact when:

- 39.4.1 the *striker's ball* of the preceding turn scored both *lift hoops* for itself in that turn; and
- 39.4.2 its *partner ball* had not scored the first of the *lift hoops* before that turn; and
- 39.4.3 the *striker's* entitlement to lifts and contact has not ended under Law 39.6.

39.5 **HOW TO PLAY THE CONTACT TURN** The *striker* must start the turn:

- 39.5.1 as in Laws 39.3.1 or 39.3.2; or
- 39.5.2 by lifting either ball of the side that can lawfully be played, even if it is in contact with one or more balls, placing it in contact with any ball and *taking croquet* forthwith.

39.6 **ENDING OF ENTITLEMENT TO LIFTS AND CONTACT** The *striker* is not entitled to a lift or contact under this law after pegging out any ball during the game.

39.7 **THIRD AND FOURTH TURNS OF THE GAME** If the *striker* of the third or fourth turn of the game is entitled to a contact under Law 39.4, the *striker* may play the ball into the game in accordance with Law 11.2.2.2.

39.8 CHANGE OF DECISION

- 39.8.1 **BALL NOT IN CONTACT WITH ANOTHER BALL** If the *striker* lifts a ball of the side that is not in contact with another ball when entitled to a lift or contact, the ball lifted is thereby chosen as the *striker's ball* and the striker may not then play with the other ball of the side. Doing so is playing a *wrong ball* and Law 27 applies. The striker must take the lift or contact to which the side is entitled and may not play the lifted ball from where it lay before it was lifted unless it already lay on a *baulk-line*.
- 39.8.2 **TWO BALLS OF THE SIDE IN CONTACT OR PART OF A GROUP** If the *striker*, being entitled to a lift or contact, lifts either ball of the side when they are in contact with each other or both are part of a *group of balls*, the striker may choose:
- 39.8.2.1 to take any of the lift or contact options to which the side is entitled with either ball; or
- 39.8.2.2 to *take croquet* with either ball from the *partner ball*; or
- 39.8.2.3 if the two balls of the side are part of a *group*, to use either ball and *take croquet* from any other ball in the group
until the first *stroke* is played.
- 39.8.3 **BALL IN CONTACT WITH AN OPPONENT'S BALL** When the *striker* is entitled to a lift or contact, if the striker lifts a ball of the side that is already in contact with an opponent's ball, or is part of a 3-ball *group* with the opponent's two balls, the striker must play the lifted ball. The striker remains entitled to:
- 39.8.3.1 choose any of the lift or contact options to which the side is entitled; or
- 39.8.3.2 *take croquet* from that opponent's ball, or either of the other balls in the *group*, as the case may be
until the first *stroke* is played.
- 39.8.4 **CHANGING POSITION OF LIFTED BALL** If the *striker* lifts a ball of the side under Laws 39.3.2 or 39.5.2 and places it on an unoccupied point on either *baulk-line* or lawfully in contact with another ball, the striker remains entitled to play the ball from any other position permitted under whichever of those laws is applicable until the first *stroke* is played.

B SUPER-ADVANCED SINGLES PLAY

When a game is played under the conditions of super-advanced singles play, the laws applicable to level singles play apply with the addition of Laws 40 and 41.

40 OPTIONAL LIFT OR CONTACT OR FREE PLACEMENT

- 40.1 **LIFT HOOPS** The *lift hoops* are hoops 4, 7 and 10 (4, 1-back and 4-back).
- 40.2 **WHEN ENTITLED TO A LIFT** The *striker* is entitled to a lift when the *striker's ball* of the preceding turn scored any one of the *lift hoops* for itself in that turn and the striker's entitlement to lifts and contact has not ended under Law 40.8.
- 40.3 **HOW TO PLAY THE LIFT TURN** The *striker* must start the turn:
- 40.3.1 by playing as the balls lie; or
- 40.3.2 by lifting either ball of the side that can lawfully be played, even if it is in contact with one or more balls, and playing it from any unoccupied point on either *baulk-line*. If the lifted ball can contact another ball when so placed on the *baulk-line*, the *striker* may *take croquet* immediately from that ball under Law 18.1.3.2, but is not

entitled to take croquet immediately from any other ball in a *group* of which the two balls may form part.

40.4 WHEN ENTITLED TO A CONTACT The *striker* is entitled to a contact when:

- 40.4.1 the *striker's ball* of the preceding turn scored two consecutive *lift hoops* for itself in that turn; and
- 40.4.2 its *partner ball* had not scored the first of those two *lift hoops* before that turn; and
- 40.4.3 the *striker's* entitlement to lifts and contact has not ended under Law 40.8.

40.5 HOW TO PLAY THE CONTACT TURN The *striker* must start the turn:

- 40.5.1 as in Laws 40.3.1 or 40.3.2; or
- 40.5.2 by lifting either ball of the side that can lawfully be played, even if it is in contact with one or more balls, placing it in contact with any ball and *taking croquet* forthwith.

40.6 WHEN ENTITLED TO A FREE PLACEMENT The *striker* is entitled to a free placement when:

- 40.6.1 the *striker's ball* of the preceding turn scored all three of the *lift hoops* for itself in that turn; and
- 40.6.2 its *partner ball* had not scored the first of the *lift hoops* before that turn; and
- 40.6.3 no ball has been pegged out by either player during the game.

40.7 HOW TO PLAY THE FREE PLACEMENT The *striker* must start the turn by:

- 40.7.1 playing as the balls lie; or
- 40.7.2 taking an optional lift or contact as in Laws 40.3.2 or 40.5.2; or
- 40.7.3 taking a free placement by lifting either ball of the side that can lawfully be played, even if it is in contact with one or more balls, and playing it from any unoccupied position on the court, including a position within the *yard-line area*.

40.8 ENDING OF ENTITLEMENT TO LIFTS AND CONTACT The *striker* is not entitled to a lift or contact under this law after pegging out any ball during the game.

40.9 THIRD AND FOURTH TURNS OF THE GAME If the *striker* of the third or fourth turn of the game is entitled to a contact or a free placement under Laws 40.4 or 40.6 respectively, the *striker* may play the ball into the game in accordance with Laws 11.2.2.2 or 11.2.2.3 respectively.

40.10 CHANGE OF DECISION

40.10.1 BALL NOT IN CONTACT WITH ANOTHER BALL If the *striker* lifts a ball of the side that is not in contact with another ball when entitled to a lift, contact or free placement, the ball lifted is thereby chosen as the *striker's ball* and the *striker* may not then play with the other ball of the side. Doing so is playing a *wrong ball* and Law 27 applies. When the side is entitled to a lift or contact, the *striker* must take that lift or contact and may not play the lifted ball from where it lay before it was lifted unless it already lay on a *baulk-line*.

40.10.2 TWO BALLS OF THE SIDE IN CONTACT OR PART OF A GROUP If the *striker*, being entitled to a lift or contact or free placement, lifts either ball of the side when they are in contact with each other or both are part of a *group of balls*, the *striker* may choose:

- 40.10.2.1 to take any of the lift, contact or free placement options to which the side is entitled with either ball; or
- 40.10.2.2 to *take croquet* with either ball from the *partner ball*; or
- 40.10.2.3 if the two balls of the side are part of a *group*, to use either ball and *take croquet* from any other ball in the *group* until the first *stroke* is played.
- 40.10.3 **BALL IN CONTACT WITH AN OPPONENT'S BALL** When the *striker* is entitled to a lift, contact or free placement, if the *striker* lifts a ball of the side that is already in contact with an opponent's ball, or is part of a 3-ball *group* with the opponent's two balls, the *striker* must play the lifted ball. The *striker* remains entitled to:
- 40.10.3.1 choose to take any of the lift, contact or free placement options to which the side is entitled; or
- 40.10.3.2 *take croquet* from that opponent's ball, or either of the other balls in the *group*, as the case may be until the first *stroke* is played.
- 40.10.4 **CHANGING POSITION OF LIFTED BALL** If the *striker* lifts a ball of the side under Laws 40.3.2 or 40.5.2 and places it on an unoccupied point on either *baulk-line* or lawfully in contact with another ball, or lifts it and places it anywhere on the court under Law 40.7.3, the *striker* remains entitled to play the ball from any other position permitted under whichever of those laws is applicable until the first *stroke* is played.
- 40.11 **SHORTENED GAMES** Super-advanced play may not be used in shortened games.

41 RESTRICTED OPENING

- 41.1 In the first *stroke* of the game, if the *striker's* ball does not:
- 41.1.1 leave the court; or
- 41.1.2 hit or pass through a hoop; or
- 41.1.3 hit the peg

then before the start of the second turn the opponent may choose either to leave the ball played in the first turn where it lies or to have it placed on any point on either *baulk-line* as its owner chooses.

C HANDICAP SINGLES PLAY

When a game is played under the conditions of handicap singles play, the laws applicable to level singles play apply with the addition of Laws 42 to 44.

42 BISQUES

42.1 **HOW PLAYED** A *half-bisque* or *bisque* may be played by the *striker* only with the *striker's ball* of the immediately preceding turn, except in situations covered by Law 42.6. If another ball is played, a *wrong ball error* is committed and Law 27 applies. No point may be scored for any ball during a half-bisque.

42.2 NUMBER OF BISQUES TO BE GIVEN

- 42.2.1 The number of *bisques* given by the lower-handicapped player to the higher is the difference between their handicaps (see Laws 47.1 and 50.1 for doubles play).
- 42.2.2 A *bisque* may not be split into two *half-bisques*.

42.3 WHEN A HALF-BISQUE OR BISQUE MAY BE PLAYED

- 42.3.1 Subject to the restrictions imposed at the expiry of a time limit under Law 61.2.1, the player receiving a *half-bisque* or one or more *bisques* may play it or them at the end of any of that player's turns except a turn in which the *striker's ball* is pegged out. A player who receives more than one may play them separately or some or all in succession.
- 42.3.2 Law 42.3.1 overrides Law 11 and permits a *half-bisque* or *bisque* to be played after any of the first three non-bisque turns of the game.
- 42.3.3 The references in Laws 11.2 and 27 to specific turns following the start of the game, and in Law 27.3 to a turn when specifying the *limit of claims* for playing a *wrong ball*, do not include a *half-bisque* or *bisque*.
- 42.3.4 If the *striker* is entitled to play a *half-bisque* or *bisque* following a turn, that turn ends only when the *striker* has taken a decision and all of the conditions specified in Laws 7.5.1 or 7.5.2.1 for end of turn have been met, except that if the *striker* elects to play a half-bisque or bisque it is not necessary for the clips to be correctly positioned before the *striker* does so.

42.4 INDICATION OF INTENTION

- 42.4.1 At the conclusion of a turn the *striker* must give a clear and prompt indication of intention before playing a *half-bisque* or *bisque* to which the *striker* is entitled. If the *striker* fails to do so but continues to play, no half-bisque or bisque is played and the *striker* is playing when not entitled under Law 26. If the *error* is *rectified*, however, the *striker* may then play a half-bisque or bisque.
- 42.4.2 When entitled to play either a *half-bisque* or a *bisque* and having indicated an intention of playing one or the other, the *striker* may change the decision at any time before playing a *stroke* provided the revised decision is indicated accordingly. If the *striker* indicates an intention of playing one or the other without specifying which, it is deemed that the intention is to play a bisque.
- 42.4.3 If the *striker* has played all of the *strokes* permitted in a turn and indicates an intention not to play a *half-bisque* or *bisque*, either by words or by quitting the court without informing the opponent that the matter has not yet been decided, the *striker* may not reverse the decision.
- 42.4.4 The opponent must not start a turn until the *striker* has so indicated. If the opponent does so and the opponent's *error* of playing when not entitled is *discovered* before the *striker* has quitted the court, the *error* is *rectified* and the *striker* then chooses whether or not to play a *half-bisque* or *bisque*.

42.5 **PLAYING A HALF-BISQUE OR BISQUE TOO SOON** The opponent must *forestall* play upon observing that the *striker* is about to play a *half-bisque* or *bisque* before the turn has ended (see Law 42.3.4). If the opponent fails to forestall and the *striker* plays a half-bisque or bisque prematurely, it is deemed that the *striker's* turn ended before doing so.

42.6 **PLAYING A WRONG BALL** If the *striker* plays a *wrong ball* in the first *stroke* of a non-bisque turn and the *error* is *rectified*, the *striker* may then play a *half-bisque* or *bisque* with either ball of the side that could lawfully have been played in the first *stroke* of the turn. If the *striker* plays a *wrong ball* at any other time and the *error* is *rectified*, the *striker* may then play a half-bisque or bisque using what should have been the *striker's ball* in the first *stroke in error*.

42.7 **FALSE INFORMATION OR MISPLACED BALL OR CLIP** For handicap play, the expression '*line of play*' includes a decision whether or not to play a *half-bisque* or *bisque*.

42.8 **RECTIFICATION OF FAULTS** After committing a fault, the *striker* may delay a decision about playing a *half-bisque* or *bisque* until the opponent has decided about *rectification*.

43 PEGGING OUT IN HANDICAP GAMES

The *striker* may not peg out the *striker's ball* in a *stroke* unless, either before or during that *stroke*, the *partner ball* becomes a *rover ball* or an opponent's ball is pegged out. Should the *striker* do so and remove the *striker's ball* from the court, Law 31 applies.

44 RESTORATION OF BISQUES

44.1 RESTORATION AFTER AN ERROR

- 44.1.1 If an *error* is *rectified*, any *half-bisque* or *bisque* played by the *striker* after the first *stroke in error* is restored.
- 44.1.2 If a game is restarted under Law 27.5, any *half-bisque* or *bisque* played by either player is restored.
- 44.1.3 If any point is cancelled because it is *discovered* before the end of the game that it was scored out of order, any *half-bisque* or *bisque* played by the *striker* is restored if it was played with the relevant ball as the *striker's ball* after the first hoop was run out of order with that ball.

44.2 **RESTORATION AFTER INTERFERENCE** If play is cancelled following *discovery* of an *interference* under Laws 31 to 33, any *half-bisque* or *bisque* played during such play is restored.

D DOUBLES PLAY

Games of doubles may be played as ordinary doubles play or alternate stroke doubles play. Each form may be played as level, advanced, super-advanced or handicap doubles. The laws of singles play apply to both forms of the game with the addition of Laws 45 to 47 for ordinary doubles play and Laws 48 to 50 for alternate stroke doubles play.

45 ORDINARY LEVEL DOUBLES PLAY

45.1 **AN OUTLINE OF THE GAME** The game is played between two sides, each of two players. Each player may strike only one ball during the game as determined by the first *stroke* played by the side. It is not necessary for both players of a side to be present before the game can start or during play, but should one player be absent at the start and arrive later, the conditions for an event may dictate when that player may first play a turn.

45.2 **ASSISTANCE TO PARTNER** The *partner* may advise and instruct the *striker* and assist in the playing of a *stroke* by indicating the direction in which the mallet is to be swung and by placing balls, although this must not be at the cost of maintaining expedition in play (see Law 56.3). When a *stroke* is played, however, the partner must stand well clear of the *striker* and of any spot which might assist the *striker* in gauging the strength or direction of the *stroke*. Either player of a side may declare a *stroke* to have been played with a ball. If it is the side's first *stroke* of the game, the player making the declaration will own the ball unless the contrary is stated.

45.3 MODIFICATION OF TERMS

- 45.3.1 In these laws "*partner's ball*" is substituted for "*partner ball*" and, where appropriate, the words "player" and "opponent" also include "side" and the word "*striker*" includes "*striker's partner*". The only such modification to the term "*striker*" in Law 29.1 (faults), however, is as set out in Law 45.3.2.

45.3.2 Law 29.1.11 is modified to read in part

... a fault is committed if, during the *striking period*, the *striker* touches any ball other than the *striker's ball* with the mallet or the *partner* touches any ball with a mallet;

and Law 29.1.12 is modified to read in part

... a fault is committed if, during the *striking period*, the *striker* or the *partner* touches any ball with any part of the *body*;

except that no fault is committed under either of these modified laws if the *partner* moves, picks up or arrests a ball:

45.3.2.1 that is not relevant to the *stroke*; or

45.3.2.2 in accordance with Laws 5.3.2 (temporary removal of a ball) or 17.3.1 (ball remaining in play after making a *roquet*) or 22.3.2 (ball remaining in play when it scores a peg point).

45.4 PLAYING A WRONG BALL No point may be scored by the *striker* for the *partner's* ball by striking it. Any point apparently so scored must be cancelled if *discovered* at any time before the end of the game and, if a peg point has been apparently so scored, Law 31 applies.

45.5 FALSE INFORMATION OR MISPLACED BALL OR CLIP If a side is entitled to a *replay* under Law 32 from the start of a non-bisque turn, either player may play in the replay.

46 ORDINARY ADVANCED OR SUPER-ADVANCED DOUBLES PLAY

When a game is played under the conditions of ordinary advanced or super-advanced doubles play, Law 45 applies with the addition of Law 39 or Laws 40 and 41 respectively.

47 ORDINARY HANDICAP DOUBLES PLAY

When a game is played under the conditions of ordinary handicap doubles play, Law 45 applies with the addition of Laws 42 to 44 and the following additional Laws.

47.1 NUMBER OF BISQUES TO BE GIVEN The number of *bisques* given by the lower-handicapped side to the higher is half the difference between their aggregate handicaps. A fraction of a bisque above a half is counted as one bisque, a fraction below a half as a *half-bisque*. Law 42.2.1 is replaced by this determination.

47.2 PLAYING A WRONG BALL The first sentence of Law 42.6 does not apply. If the *striker* plays a *wrong ball* in the first *stroke* of a non-bisque turn and the *error* is *rectified*, either player who could lawfully have played the first stroke of the turn may then play a *half-bisque* or a *bisque*.

47.3 PEELS Neither player of a side may *peel* the *partner's* ball through more than four hoops in the course of a game. This limit is modified for shortened games in accordance with Law 53.2.

48 ALTERNATE STROKE LEVEL DOUBLES PLAY

48.1 AN OUTLINE OF THE GAME The game is played between two sides, each of two players. Subject to Laws 48.4 to 48.6 below, the players of a side play alternate *strokes* throughout each of the side's turns and from one turn to the next. Both players of the side must be present for the game to start and absence may be subject to sanctions as determined by tournament or match organisers.

48.2 ASSISTANCE TO PARTNER The *partner* may advise and instruct the *striker* and assist in the playing of a *stroke* by indicating the direction in which the mallet is to be swung and by placing balls, although this must not be at the cost of maintaining expedition in play (see Law

56.3). When a stroke is played, however, the partner must stand well clear of the striker and of any spot which might assist the striker in gauging the strength or direction of the stroke.

48.3 MODIFICATION OF TERMS

48.3.1 In these laws, where appropriate, the words “player” and “opponent” also include “side” and the word “*striker*” includes “*striker’s partner*”. The only such modification to the term “*striker*” in Law 29.1 (faults), however, is as set out in Law 48.3.2.

48.3.2 Law 29.1.11 is modified to read in part

... a fault is committed if, during the *striking period*, the *striker* touches any ball other than the *striker’s ball* with the mallet or the *partner* touches any ball with a mallet;

and Law 29.1.12 is modified to read in part

... a fault is committed if, during the *striking period*, the *striker* or the *partner* touches any ball with any part of the *body*;

except that no fault is committed under either of these modified laws if the *striker’s partner* moves, picks up or arrests a ball:

48.3.2.1 that is not relevant to the *stroke*; or

48.3.2.2 in accordance with Laws 5.3.2 (temporary removal of a ball) or 17.3.1 (ball remaining in play after making a *roquet*) or 22.3 (ball remaining in play when it scores a peg point).

48.4 PLAYING OUT OF SEQUENCE

48.4.1 A player who observes that another player is about to play out of sequence by playing two *strokes* consecutively or playing the first stroke of a turn after having played the last stroke of the side’s previous turn must *forestall* play immediately.

48.4.2 If a player plays out of sequence as defined in Law 48.4.1, except when the player is required to play consecutive *strokes* under Laws 48.5 or 48.6, and the *error* is *discovered* before the *limit of claims*, the error is *rectified*.

48.4.3 The *strokes in error* must then be analysed to determine how play continues. For this purpose, the strokes in error shall be treated as though they were played by the correct players. If any of the turn-ending events set out in Law 7.6 have occurred during any of the strokes in error, the side’s turn ends. Otherwise, the player who should have played the first stroke in error then plays.

48.4.4 If the *error* is *discovered* after the *limit of claims*, it is not *rectified* and play continues according to the sequence established during the *strokes in error*.

48.4.5 The *limit of claims* is when the offending side’s third *stroke in error* is played.

48.5 **RECTIFICATION OF ERRORS** If *rectification* of an *error* other than under Law 48.4 requires a *stroke* to be *replayed*, the same player replays it. When rectification of an error results in the turn ending, the *partner* of the player who played the first *stroke in error* starts that side’s next turn.

48.6 INTERFERENCES

48.6.1 If play is cancelled following *discovery* of an *interference* under Laws 31 to 33, the player who played the first affected *stroke* plays the next stroke to be played by the side.

48.6.2 If a *stroke* is to be *replayed* following *discovery* of an *interference* under Laws 34, 35 or 38.2, the player who played the affected stroke replays it.

48.7 RE-ESTABLISHING A SEQUENCE WHEN IT CANNOT BE DETERMINED WHICH PLAYER SHOULD PLAY

- 48.7.1 When an *error* is *rectified* or an *interference redressed* and it cannot be established which player played the last *stroke* before the error occurred or the interference affected play, the player who plays the side's next stroke shall be the *partner* of the player who played the side's last stroke before the error or interference was *discovered*.
- 48.7.2 When a side is about to begin a turn and it cannot be established which player played the last *stroke* of the side's previous turn, the opposing side shall choose which player is to play.

49 ALTERNATE STROKE ADVANCED OR SUPER-ADVANCED DOUBLES PLAY

When a game is played under the conditions of alternate stroke advanced or super-advanced doubles play, Law 48 applies with the addition of Law 39 or Laws 40 and 41 respectively.

50 ALTERNATE STROKE HANDICAP DOUBLES PLAY

When a game is played under the conditions of alternate stroke handicap doubles play, Law 48 applies with the addition of Laws 42 to 44 and the following additional laws.

- 50.1 **NUMBER OF BISQUES TO BE GIVEN** The number of *bisques* given by the lower-handicapped side to the higher is half the difference between their aggregate handicaps. A fraction of a bisque above a half is counted as one bisque, a fraction below a half as a *half-bisque*. Law 42.2.1 is replaced by this determination.
- 50.2 **PLAYING A WRONG BALL** The first sentence of Law 42.6 does not apply. If the *striker* plays a *wrong ball* in the first *stroke* of a non-bisque turn and the *error* is *rectified*, the *partner* may then play a *half-bisque* or *bisque* with either ball of the side that could lawfully have been played in the first stroke of the turn.
- 50.3 **PEELS** There is no restriction on the number of hoops that either player of a side may score by *peeling*.

E SHORTENED GAMES

51 SHORTENED GAMES

- 51.1 **22-POINT GAME** The game is started with all the clips on hoop 3.
- 51.2 **18-POINT GAME** The following variations are permitted.
- 51.2.1 The game is started with all the clips on hoop 5.
- 51.2.2 The game is started with all the clips on hoop 1 and the peg point is the next point in order after hoop 8 (2-back).
- 51.2.3 This variation is for singles or alternate stroke doubles play only. The game is started with all the clips on hoop 1, but as soon as one of the balls of a side either scores hoop 1 for itself or is *peeled* through hoop 1 by an opponent, hoop 9 (3-back) becomes the *hoop in order* for its *partner ball* and the appropriate clip is moved to that hoop immediately. A ball cannot score hoop 1 by being peeled by its *partner ball*.
- 51.3 **14-POINT GAME** The game is started with all the clips on hoop 1 and the peg point is the next point in order after hoop 6.

51.4 **ROVER BALL** In all of the variations covered in Laws 51.1 to 51.3, a ball becomes a *rover ball* when it has scored all of the *hoop points* described in those variations.

52 ADVANCED PLAY IN SHORTENED GAMES

52.1 **22-POINT GAME** Law 39 (optional lift or contact in advanced play) applies unchanged.

52.2 **18-POINT GAME** Law 39 (optional lift or contact in advanced play) applies with the omission of Laws 39.4 and 39.5. The *lift hoops* are as specified in Law 39.1, except for the variation specified in Law 51.2.2, for which they are hoops 4 and 6.

52.3 **14-POINT GAME – LIFT VERSION** Law 39 (optional lift or contact in advanced play) applies with the omission of Laws 39.4 and 39.5 and with hoop 4 as the only *lift hoop*.

52.4 **14-POINT GAME – LIFT OR CONTACT VERSION** Law 39 (optional lift or contact in advanced play) applies with hoops 3 and 4 as the *lift hoops*.

53 HANDICAP PLAY IN SHORTENED GAMES

53.1 **BISQUES** The number of *bisques* to be given in a shortened game is the number that would be given under Law 42.2.1 in singles play, or Laws 47.1 or 50.1 in doubles play (before rounding), scaled down in accordance with Schedule 1.

53.2 **PEELS** In ordinary handicap doubles play, Law 47.3 is modified so that the number of permitted *peels* is reduced as follows.

53.2.1 22- or 18-point games: three hoops.

53.2.2 14-point games: two hoops.

PART 4 CONDUCT OF THE GAME

A GENERAL LAWS OF CONDUCT

54 THE STATE OF THE GAME

A player is entitled to ask the opponent about the *state of the game* at any time and the opponent must reply as fully as possible. If the opponent gives information that proves to be incorrect, Law 32 may apply.

55 RESPONSIBILITY FOR CONDUCT OF THE GAME

55.1 RESPONSIBILITIES OF THE PLAYERS

55.1.1 The players are jointly responsible for the conduct of the game in the absence of a referee in charge and thereby incur duties as well as rights, as defined in Law 55.2. In doubles play, all four players share responsibility for the conduct of the game.

55.1.2 A player is not obliged to watch the game while the opponent is the *striker*, but ceases to have duties associated with the conduct of the game while not so watching. Should the opponent be absent from the vicinity of the court, the *striker* must ask a referee to assist in the situations specified in Law 55.3.

55.2 DUTIES OF A PLAYER

55.2.1 The *striker* must immediately cease play and announce any *error* or *interference* that the *striker* believes or suspects may have been committed. The *striker* retains this obligation even when a referee is active or a *stroke* is being watched under Law 55.4.1.

55.2.2 The opponent must immediately *forestall* play in accordance with Law 23 in relation to any *error* or *interference* that the opponent becomes aware of or suspects, notwithstanding that it may be to the opponent's disadvantage to do so.

55.2.3 Further examples of the duties of a player include, without limitation:

55.2.3.1 a player must immediately draw attention to a misplaced clip, subject to the restrictions on when a player should *forestall* specified in Law 23.3;

55.2.3.2 the opponent must inform the *striker* that the *striker* must complete a turn by playing another *stroke*, if the opponent observes the *striker* about to leave the court in the erroneous belief that the turn has ended (see Law 38.1);

55.2.3.3 in handicap play the opponent must similarly inform the *striker* of the obligation to complete a turn if the *striker* announces an intention of playing a *half-bisque* or *bisque* before having played all of the *strokes* the *striker* is already entitled to play (see Law 42.5);

55.2.3.4 a player must on request give the opponent any information concerning the *state of the game* (see Law 54).

55.3 CONSULTING A REFEREE OR THE OPPONENT

55.3.1 The *striker* must either ask a referee to become involved or consult the opponent and, when appropriate, invite the opponent to act jointly with the *striker* in each of the following situations:

55.3.1.1 before moving a ball to avoid interference in accordance with Laws 37.2 to 37.4; or

55.3.1.2 before temporarily removing a ball in accordance with Law 5.3.2 if it is in a *critical position*; or

55.3.1.3 before playing a *stroke* that may be a *critical stroke* following interference with a ball between strokes in accordance with Law 36.4; or

55.3.1.4 before testing, in a manner which might disturb a ball or other equipment, whether a ball has scored a *hoop point*, is in a position to score a hoop point, is off the court, is entitled to a wiring lift, or will be in or out of contact with another ball when placed on the *yard-line*; or

55.3.1.5 before otherwise taking a close decision in accordance with Law 55.5.

55.3.2 If the opponent is consulted in accordance with Law 55.3.1 and requests adjudication, the *striker* must ask a referee to assist. Should no referee be available, the *striker* must arrange for an independent person to adjudicate or, failing that, ask the opponent to do so.

55.4 QUESTIONABLE STROKES

55.4.1 Before playing a *questionable stroke*, the *striker* must either consult the opponent about the need for adjudication or call a referee to adjudicate the *stroke*. If no referee is available but the opponent requests adjudication, the *striker* must arrange for an independent person to adjudicate or, failing that, ask the opponent to do so. The *striker* must inform whoever is adjudicating the *stroke* what the *striker* intends to do.

55.4.2 It is the *striker's* duty to take the initiative in this respect, but should the *striker* fail to do so, the opponent should *forestall* play (see Law 23.2.1 and Law 26 if the *striker* fails to cease play) and request adjudication.

55.4.3 If both the *striker* and the opponent fail to call a referee to adjudicate a *stroke* before it is played, the opponent may seek afterwards to have a fault declared by a referee. The referee may then award a fault only if satisfied that it was committed on the basis of:

55.4.3.1 facts about the *stroke* agreed by the *striker* and the opponent; or

55.4.3.2 the evidence of the *striker*; or

55.4.3.3 the referee's observations of the *stroke*, its effects and its outcome; or

55.4.3.4 the evidence of well-placed neutral witnesses, excluding the opponent, whom the referee chooses to consult believing that they have sufficient understanding of relevant laws.

55.5 PRIMARY RESPONSIBILITY OF THE STRIKER The opponent must not follow the *striker* around the court and should allow most decisions to be made by the *striker* without reference to the opponent. If a close decision has to be made, however, and the opponent is in at least as good a position to give that decision as the *striker*, the *striker* must take the initiative and consult the opponent in accordance with Law 55.3 before continuing to play.

55.6 WHEN THE PLAYERS' OPINIONS DIFFER

55.6.1 If a ball has to be placed or replaced because of the carelessness of a player or if there has been interference by an *outside agency* that was not moved or removed in accordance with Law 34.6.1, the non-offending side's opinion should normally prevail unless the offending side is well placed to make a judgement and the non-offending side is not.

55.6.2 In other cases, the opinion of the player better placed to make a judgement is generally to be preferred. When the question is whether a ball has been hit or has moved, however, the opinion that there was contact or movement is generally to be preferred provided the player holding that opinion is well placed to make a judgement.

55.6.3 If there are any reliable witnesses present the players should agree to consult them to help resolve any differences, but no player may consult a witness without the express permission of the other. Either player may ask a referee to adjudicate.

56 EXPEDITION IN PLAY

56.1 **GENERAL** The *striker* must position the balls and play the *strokes* of a turn with reasonable despatch. The opponent should anticipate as far as possible which ball will be the *striker's ball* for the next turn so that time is not wasted in approaching it at the start of the turn. A player who fails to play with reasonable despatch or deliberately plays more slowly in the latter stages of a time-limited game will be considered to be wasting time and action may be taken in accordance with Law 63.5.

56.2 **HANDICAP PLAY** In handicap play, the *striker* must indicate promptly at the end of a turn whether or not a *half-bisque* or *bisque* will then be played.

56.3 **DOUBLES PLAY** In all forms of doubles, time must not be wasted in prolonged discussion or instruction. In alternate stroke doubles, the *partner* should help speed up play by retrieving and placing balls and, so far as possible, being ready to play the next *stroke*.

56.4 **WIRING TEST** The restrictions on testing to determine whether a ball is wired specified in Law 16.5.1 must be respected and time must not be wasted in protracted examination of the situation.

57 ADVICE AND AIDS

57.1 **ADVICE** A player is not entitled to receive advice from anyone other than the *partner* in doubles play but the player may take advantage of advice provided by the opponent in breach of Law 58.1. Situations where a player receives unsolicited information or advice from anyone who is not a participant in the game concerning the *state of the game* or any aspect of the player's play are covered by Laws 57.5 to 57.7.

57.2 PLAYERS MUST NOT SEEK ADVICE During a game, a player must not:

- 57.2.1 refer to information relevant to the game in the form of printed, handwritten, electronic or other prepared material except for the purpose of clarifying the laws, refereeing regulations, tournament regulations, or event conditions that apply to a circumstance that has arisen or may be about to arise; or
- 57.2.2 watch, listen to or read any commentary about the game; or
- 57.2.3 seek advice from anyone who is not a participant in the game on any aspect of the game, except that:
 - 57.2.3.1 the player may seek information about the Laws or *state of the game* from an active referee or a timekeeper; and
 - 57.2.3.2 the two sides may agree to call a referee or ask an observer about the *state of the game* or a situation that has occurred when they are uncertain about what has occurred or the laws applicable to the situation; or
- 57.2.4 seek or accept coaching from anyone except the *partner* in doubles.

57.3 PENALTIES FOR A PLAYER SEEKING ADVICE If a player is found to be in breach of Law 57.2, a referee appealed to should impose a penalty:

- 57.3.1 as recommended in Law 63.6.1 if the player is either the *striker* or the *striker's partner* in doubles; or
- 57.3.2 as recommended in Law 63.6.2 if the player is an opponent

unless the situation is such that the referee decides that a different penalty would be more appropriate.

57.4 SPECTATORS SHOULD NOT PROVIDE ADVICE

- 57.4.1 Spectators, and in particular fellow team members or team officials in a teams' competition and other competitors in a tournament, should not provide advice to the players in a game concerning any aspect of the game and should refrain from making comments about the play that could provide advice in a manner likely to be overheard by a player.
- 57.4.2 Should such advice be provided, whether deliberately or inadvertently, by team members or team officials when the game is part of a team competition, the recipient of the advice may not act on that advice.
- 57.4.3 Should such advice be provided by fellow competitors or other spectators, the tournament manager or the tournament referee may take action in accordance with tournament regulations or event conditions. Spectators, including fellow competitors, infringing this law may also be asked to move from the vicinity of the players.

57.5 UNSOLICITED ADVICE THAT AN ERROR OR INTERFERENCE HAS BEEN COMMITTED

- 57.5.1 If someone other than the *partner* in doubles, the opponent or a duly authorised referee informs:
 - 57.5.1.1 a player of an *error* committed by the player, and does so after the player has quitted the court believing that the requirements of Law 7.5.1 for ending a turn have been met, the player must not declare the error; or
 - 57.5.1.2 the *striker* of an *error* committed by the striker, the striker must immediately declare the alleged error; or
 - 57.5.1.3 the opponent that the *striker* has allegedly committed an *error*, the opponent must immediately *forestall* play, subject to the restrictions specified in Law 23.3; or

57.5.1.4 a player that an *interference* under Laws 31 to 33 has been committed, the player must immediately declare the alleged interference.

57.5.2 In Laws 57.5.1.2, 57.5.1.3 and 57.5.1.4, the claimed *error* or *interference* must be investigated. If the claim is found to be correct and the *error's* or *interference's limit of claims* has not passed, it must be dealt with. The overriding law (Law 63 and in particular Law 63.4) must then be applied when necessary to restore the balance of the game as nearly as possible to its state before the unsolicited information or advice was given.

57.6 UNSOLICITED ADVICE THAT A MISTAKE IS ABOUT TO BE COMMITTED

57.6.1 Notwithstanding Law 57.1, should the *striker* receive unsolicited information or advice that the *striker* is about to play when not entitled, commit an *error* under Law 28 that does not carry an end of turn penalty, or involve a ball that is an *outside agency* in the play, the *striker* may act on that information or advice.

57.6.2 Should the *striker* receive unsolicited information or advice that the *striker* is about to run a *wrong hoop*, play a *wrong ball*, or play a *croquet stroke* involving a *dead ball*, the *striker* must inform the opponent that the information or advice has been received. The *striker* may act on that information or advice but if it is correct may not score any further points in that turn.

57.6.3 Both the *striker* and the opponent are entitled to ask a referee to act under the overriding law (Law 63 and in particular Law 63.4.6) to restore the balance of the game should they consider that their interests have been unduly affected by the unsolicited information or advice and the remedies prescribed under Laws 57.6.1 or 57.6.2.

57.7 **OTHER UNSOLICITED ADVICE** Should a player receive unsolicited information or advice relevant to the game or the player's play not covered by Laws 57.5 or 57.6, the player must inform the opponent. Both the *striker* and the opponent are entitled to ask a referee to act under the overriding law (Law 63 and in particular Law 63.4.10) to restore the balance of the game should they consider that their interests have been unduly affected by the unsolicited information or advice.

57.8 **USING ARTIFICIAL AIDS** The *striker* may not make use of artificial aids to assist in placing balls for a *stroke*, excepting the use of material to assist in making a ball hold its position in accordance with Law 5.3.3.

57.9 THE USE OF HEADPHONES

57.9.1 The *striker* may not wear headphones or earplugs capable of receiving advice electronically from an outside source unless the functionality enabling receipt of such advice is disabled while the game is in progress. The use of hearing aids by a player who normally wears them is not restricted by this law except that functionality enabling receipt of advice electronically must be disabled while the game is in progress unless the player receives permission from an event's manager to use such functionality during the event.

57.9.2 The *striker* may not use headphones or earplugs in a manner that makes it difficult to communicate with the *striker* for purposes such as *forestalling*. A player infringing this law may be required to remove headphones or earplugs by a referee at the referee's own initiative or in response to a request from another player that the referee considers justifiable.

57.10 **MARKERS** No mark or marker may be made or placed inside or outside the court to assist the *striker* in gauging the strength or direction of a *stroke* or in placing a ball for a stroke, other than as follows:

- 57.10.1 the *striker's* mallet or that of the *partner* in doubles play may be used as a marker before the *stroke* starts; and
- 57.10.2 the *striker's partner* in doubles play may act as a marker before the *stroke* starts but must stand clear in accordance with Laws 45.2 or 48.2 when the stroke is played; and
- 57.10.3 ball markers may be used to mark the position of a ball that must be temporarily removed or may have to be replaced.

57.11 **TRIAL BALL** During a game a player must not use a ball as a trial ball for any purpose other than as part of the lawful positioning of a ball for a *stroke* or to permit the discharge of duties associated with the conduct of the game.

58 MISCELLANEOUS LAWS OF CONDUCT

58.1 **INTERRUPTING THE STRIKER** The opponent must not interrupt, distract, interfere with or offer advice to the *striker* except to *forestall* play in accordance with Law 23.2. If the opponent does so, the overriding law (Law 63) may apply and the striker may take advantage of any such advice.

58.2 **PRESENCE ON COURT** The opponent must not ordinarily remain on the court when the *striker* is playing or move onto it until the striker's turn has ended and, in handicap play, until the striker has indicated an intention not to play a *half-bisquet* or *bisquet*. This need not apply if play has reached a stage where the players have reasonable expectations that turns will comprise only one or two *strokes*.

B SPECIAL LAWS

59 DOUBLE-BANKED GAMES

59.1 **GENERAL** More than one game may be played concurrently on one court using differently coloured sets of balls. The players, balls, clips and mallets of one game are *outside agencies* with respect to the other game.

59.2 **PRECEDENCE** Except when a ball in a *critical position* may interfere with play in the other game as specified in Law 59.3.2, precedence should normally be given to players in the following order:

- 59.2.1 to a player who will not require balls from another game to be marked and moved;
 - 59.2.2 to a player who is most likely to get clear of the relevant area first;
 - 59.2.3 to a player who is making a break;
 - 59.2.4 to a player of a game that is time limited and has less than 15 minutes remaining; if both games are in that state, to the player whose game has less time remaining.
- 59.3 **MARKING BALLS** If a ball from another game might interfere with a player's next *stroke*:
- 59.3.1 if it is not in a *critical position*, the permission of the players of the other game must be obtained, provided they are in the vicinity of the court, so that it may be temporarily removed after its position has been marked;
 - 59.3.2 if it is in a *critical position*, the player should normally interrupt the turn until it is moved in the normal course of play in the other game. The ball's position may, however, be marked by a referee if available or one of the players, provided the

players of the other game who are available to be consulted give their permission, and it may then be temporarily removed.

59.4 ADDITIONAL LAWS OF CONDUCT

- 59.4.1 The players of each game should be aware of the course of play in the other game, especially when stepping onto the court. In particular, they should avoid crossing another player's line of aim. Interference by balls or players of the other game is dealt with under Laws 34 and 35.
- 59.4.2 All players should carry suitable ball markers.
- 59.4.3 In doubles play, the *striker's partner* should be ready to mark balls in either game on the court.
- 59.4.4 One game should not normally be started within five minutes of the start of the other game.

60 TOURNAMENT AND MATCH PLAY

In tournaments and matches the following additional laws apply.

60.1 REGULATIONS FOR TOURNAMENTS The laws are subject to any provisions in the current tournament regulations published by the governing body under whose jurisdiction the tournament or match is taking place, or in event conditions published under them.

60.2 HOOP DIMENSIONS The hoops shall be set according to the conditions advertised for the event. Hoops with larger uprights and crowns may also be specified.

60.3 QUESTIONABLE STROKES A referee must always be called if available before a *questionable stroke* is played and to decide all disputes. If both the *striker* and the opponent fail to call a referee before what the opponent should have recognised as a questionable stroke, the opponent may appeal in accordance with Law 55.4.3 or on a question of law.

60.4 TESTING The players should call a referee to perform any test normally carried out by the players. During such a test both players are entitled to be on the court to watch, provided they do not interfere, and either has the right of appeal to the Tournament Referee if that player believes the test is being conducted incorrectly.

60.5 REPEATED FAULTS If the opponent believes that the *striker* is repeatedly committing faults in *strokes* that would not ordinarily require the presence of a referee, the opponent should inform the *striker* and call a referee to watch a stroke or series of strokes or to take charge of the game temporarily. The *striker* has no justification for taking offence, as players may genuinely differ as to what constitutes a fault.

60.6 IMPASSE An impasse exists when neither side is willing to make significant progress. Impasses are resolved according to the procedure set out in Appendix 7.

60.7 DOUBLE-BANKED GAMES *Double-banked* games are additionally subject to any relevant provisions in the tournament regulations.

61 TIME-LIMITED GAMES

61.1 PROCEDURE WHEN TIME EXPIRES

- 61.1.1 When a game is time-limited, the players should arrange for an independent person or, failing that, one of themselves to be responsible for announcing audibly that the time limit has been reached.
- 61.1.2 For the sole purpose of determining whether the *striker's* turn ends before or after time is called, the *striker's* turn ends and the opponent's turn begins as soon as the

striker plays the last *stroke* of the turn, subject to Laws 61.1.3 to 61.1.5 concerning the *discovery of errors and interferences*.

- 61.1.3 If the *striker* plays the last *stroke* of a turn and it is then *discovered* before the first stroke of the next turn is played that the striker has committed an *error* under Laws 26 to 29 for which the *limit of claims* has not passed, for the purpose of Law 61.1.2 the striker's turn does not end until the error has been dealt with.
- 61.1.4 In alternate stroke doubles, if a side plays the last *stroke* of a turn and it is then *discovered* before the first stroke of the next turn is played that the side has committed an *error* under Law 48.4 for which the *limit of claims* has not passed, for the purpose of Law 61.1.2 the side's turn does not end until the error has been dealt with.
- 61.1.5 For the purpose of Law 61.1.2, if a *stroke* has to be *replayed* to remedy an *interference* under Laws 31 to 35 or Law 38, the time remaining when the replayed stroke is played is reset to what it was when the original stroke was played.
- 61.1.6 After time has expired, play continues for an extension period in which the *striker* completes the turn in progress and, unless the game has been won in accordance with Law 7.3.1 in that turn, the opponent plays one subsequent turn.
- 61.1.7 At the end of the extension period, if the game has not been won in accordance with Law 7.3.1, the side for which the greater number of points has been scored is the winner. If the scores are equal, play continues and the side for which the next point is scored is the winner, with any points scored subsequently in the *stroke* being ignored.

61.2 HANDICAP PLAY

- 61.2.1 No *half-bisque* or *bisque* may be played at the end of either of the two turns that comprise the extension period. If play continues after the end of the extension period under Law 61.1.7, any half-bisque or bisque may then be played.
- 61.2.2 For the purpose of this law, a *half-bisque* or *bisque* is played when the first *stroke* of that turn is played. Accordingly, if a player indicates an intention to play a half-bisque or bisque but does not play its first stroke before time is called, the half-bisque or bisque has not been played and the opponent's turn began before time was called.

61.3 RESTORATION OF TIME

- 61.3.1 **ERRORS** Time is not restored following *discovery* of an *error*, whether before or after its *limit of claims*, except in the circumstances covered by Law 61.4.
- 61.3.2 **INTERFERENCES** Time is restored if an *interference* under Laws 31 to 35 or Law 38 is *discovered* before its *limit of claims*.

61.4 **SUSPENSION OF TIME** Unless otherwise specified in tournament regulations or event conditions, time is suspended only if play ceases for any of the following reasons:

- 61.4.1 **REFEREEING** a refereeing event such as resetting equipment or repairing damage, but not normally for testing for wiring nor merely when a referee is called to watch a *stroke*;
- 61.4.2 **LOST BALL** a lost ball being searched for or replaced;
- 61.4.3 **PLAYER UNAVAILABLE** a player having been called away on official tournament duties or becoming unable to play owing to illness or injury;

- 61.4.4 **ADJOURNMENT** the game being pegged down or the players taking a meal break;
- 61.4.5 **OTHER DELAY** any other event or situation, including weather and disruption by *double-banking*, that leads to a delay of at least 5 minutes.

62 LOCAL LAWS

Clubs or persons controlling courts may request the appropriate governing body to approve a local law in order to meet a special need. If a local law is so approved, play must be in accordance with it provided it is properly advertised at the club or courts concerned.

63 OVERRIDING LAW

63.1 **INTERPRETATION** In any case where the interpretation of a law is uncertain, players and referees should refer to the Official Rulings on the Laws of Association Croquet. If no definitive answer is thereby obtained, they should have regard to the spirit and traditions of the game and apply the interpretation most consistent with the intent of the laws in analogous cases.

63.2 **EMERGENCY PROVISION** The following situations must be dealt with in accordance with Law 63.3:

- 63.2.1 a deliberate breach of these laws or encouragement of another player to do so; or
- 63.2.2 an infringement of these laws for which no penalty is otherwise prescribed; or
- 63.2.3 a situation where this overriding law is stated to be potentially relevant (see Laws 4.3.1, 4.5, 34.6.2, 35.2, 36.5.2, 57.5.2, 57.6.3, 57.7 and 58.1) and is invoked; or
- 63.2.4 any situation which does not appear to be adequately covered by these laws.

63.3 **EXTENT OF REMEDY** In applying the emergency provision of Law 63.2, a referee must act as best meets the justice of the case. The actions a referee may take include, but are not limited to, directing that:

- 63.3.1 the position of one or more balls or hoops or the peg be changed; or
- 63.3.2 one or more points be scored or lost; or
- 63.3.3 a *stroke* must be played from a particular position; or
- 63.3.4 a particular player shall have the innings; or
- 63.3.5 an *error discovered* before the *limit of claims* be left *unrectified*; or
- 63.3.6 an *interference* be left unremedied; or
- 63.3.7 time be restored in a time-limited game; or
- 63.3.8 one or more *bisques* be restored in a handicap game; or
- 63.3.9 a player forfeit a game or match or be disqualified.

63.4 RESTORING THE BALANCE OF THE GAME

63.4.1 **ADVICE THAT AN ERROR OR INTERFERENCE HAS BEEN COMMITTED** When a referee is asked to act to restore the balance of the game after an *error* or *interference* has been dealt with in accordance with Law 57.5.2, the referee should apply a remedy that best meets the justice of the case.

63.4.2 The remedies that the referee may apply will depend on the referee's assessment of the likelihood of the *error* or *interference* being *discovered* by either side before its *limit of claims* had the advice not been given and by the nature of the penalty associated with the error or interference. The referee should be guided, without limitation, by the options specified in Laws 63.4.3 to 63.4.5.

- 63.4.3 If in the referee's opinion it is unlikely that the *error* or *interference* would otherwise have been *discovered* before its *limit of claims*, the referee may direct that:
- 63.4.3.1 the *striker* continue the turn without penalty or restriction after the *error* has been *rectified* or the *interference redressed*; or
 - 63.4.3.2 the *striker* continue the turn once the *error* has been *rectified* or the *interference redressed*, setting aside any requirement that the error should end the turn, but with restrictions the referee considers reasonable on what the *striker* may do thereafter during the turn. Those restrictions may include a limit on the number of points the *striker* may score during the remainder of the turn.
- 63.4.4 If in the referee's opinion it is plausible that the *error* or *interference* may otherwise have been *discovered* before its *limit of claims*, the referee may direct that:
- 63.4.4.1 the *striker* continue the turn as in Law 63.4.3.2 above; or
 - 63.4.4.2 once the *error* has been *rectified* or the *interference redressed* the *striker* may play one further *stroke*, playing the *striker's ball* into the type of neutral position specified by the referee.
- 63.4.5 If in the referee's opinion it is likely that the *error* or *interference* would otherwise have been *discovered* before its *limit of claims*, the referee may direct that:
- 63.4.5.1 the *striker* may proceed as in Law 63.4.4.2 above; or
 - 63.4.5.2 the *error* should be *rectified* or the *interference redressed* and the penalty applicable to the error or interference should take immediate effect.
- 63.4.6 **ADVICE THAT THE STRIKER WAS ABOUT TO COMMIT A MISTAKE** When a referee is asked to act to restore the balance of the game in accordance with Law 57.6.3, the referee should consider the likelihood that the *striker* would otherwise have *discovered* the mistake before committing it and what advantage the *striker* would gain by acting on the advice as provided in Laws 57.6.1 or 57.6.2. The referee should then apply a remedy that best meets the justice of the case, being guided, without limitation, by the options specified in Laws 63.4.7 to 63.4.9.
- 63.4.7 If the referee considers it likely that the *striker* would have *discovered* the mistake before committing it the referee may not only confirm that the *striker* may act on the advice but also remove the restriction on the *striker's* play imposed by Law 57.6.2.
- 63.4.8 If the referee considers it unclear whether the *striker* would otherwise have *discovered* the mistake before committing it, the referee may confirm the guidance provided by Laws 57.6.1 and 57.6.2 and in addition impose such restriction on how the *striker* may continue the turn as appears appropriate.
- 63.4.9 If the referee considers that the *striker* would gain a significant advantage and would have been unlikely otherwise to have *discovered* the mistake before committing it, the referee may direct that the *striker* may not proceed as described in Laws 57.6.1 and 57.6.2 but should instead play the *striker's ball* into the type of neutral position specified by the referee.
- 63.4.10 **OTHER ADVICE** When a referee is asked to act to restore the balance of the game in accordance with Law 57.7, the referee should consider what advantage the player would gain by acting on the advice. If the referee concludes the advantage would not be significant, the player should be informed that it is permissible to act on the advice without penalty. If the referee concludes that a significant advantage would

be gained and the player acts on the advice, the referee should apply Law 63.2 to negate the advantage as far as possible.

63.5 ADDRESSING THE ISSUE OF TIME WASTING

- 63.5.1 Should a player consider that the opposing side is wasting time in breach of Law 56, the player must first inform the opposing side of the player's concern. Should this not immediately produce sufficient change to alleviate the player's concern, the player is entitled to ask a referee to adjudicate.
- 63.5.2 A referee asked to adjudicate on time wasting should inform both sides that play will be watched and a decision on whether time is being wasted will result.
- 63.5.3 The referee should watch the play and if the referee concludes that a player or players are not playing with reasonable despatch, should warn the players that action will be taken at any point thereafter if the speed of play does not improve. The referee should indicate the nature of any action that will be taken.
- 63.5.4 If at any stage the referee concludes that time is not being wasted, both sides should be informed of the referee's decision and the referee should thereafter cease to watch play and take no action unless a fresh complaint is made.
- 63.5.5 If the referee concludes after a warning has been given that the speed of play of a player or players remains unsatisfactory, the referee may take action at any time in accordance with Law 63.5.6. The referee must then act as necessary to monitor and enforce the action being taken but that does not of itself give the referee the status of a supervising referee.
- 63.5.6 The options open to the referee include but are not limited to:
- 63.5.6.1 adding extra time to a time-limited game when time wasting occurs towards the end of the game, this additional time to be not less than 10 minutes; or
 - 63.5.6.2 deciding that, subject to Law 63.5.7, a cumulative time limit shall apply to each turn of both sides, including the first *stroke* of the turn. The time limit shall be five minutes, extended by three minutes each time a point is scored by the *striker's ball* or by *peeling*.
- 63.5.7 If a cumulative time limit for a turn is used, the time the *striker* is obliged to cease play due to *double-banking* shall be excluded unless the referee decides that the *striker* is stopping play unnecessarily.
- 63.5.8 If the cumulative time limit on a turn expires, the *striker* may then complete the turn by playing a maximum of eight further *strokes*, which may include scoring hoop or peg points, within a three-minute period.
- 63.5.9 The manager of a tournament or event may specify before the tournament or event starts that time limits different from those specified in Laws 63.5.6.2 and 63.5.8 shall apply to all games in the tournament or event on which a cumulative time limit is imposed by a referee. Should the manager do so, the competitors in the tournament or event must be informed before play starts what limits will apply.
- 63.5.10 In a multi-game match, action in regard to time wasting shall carry over from one game to the next. Any time used in a period of extra time added under Law 63.5.6.1 will count against the time limit on subsequent games of the match.

63.6 PENALTIES FOR A PLAYER SEEKING ADVICE

- 63.6.1 **PENALTIES FOR THE STRIKER SEEKING ADVICE** If the *striker*, or the *striker's* side in doubles, is found to be in breach of Law 57.2:

- 63.6.1.1 on the first occasion during a match the *striker*, or the *striker's* side in doubles, is found to have committed such a breach, the *striker* shall be permitted to play only one further *stroke* in the turn after the breach is discovered; and
 - 63.6.1.2 on the second occasion during a match the *striker*, or the *striker's* side in doubles, is found to have committed such a breach, whether of the same type or a different type and regardless of whether the first breach occurred while the player concerned was the *striker*, the *striker's partner* in doubles, or the opponent, the *striker's* turn shall end immediately the second breach is discovered; and
 - 63.6.1.3 should there be any further occurrence of any breach during the match, the player, or side in doubles, shall lose the match immediately under Law 63.3.9, regardless of whether earlier breaches occurred while the player was the *striker*, the *striker's partner* in doubles, or the opponent.
- 63.6.2 **PENALTIES FOR THE OPPONENT SEEKING ADVICE** If the opponent is found to be in breach of Law 57.2:
- 63.6.2.1 on the first occasion during a match such a breach occurs, the player, or side in doubles, shall be permitted to play only one *stroke* in the player's or side's next turn; and
 - 63.6.2.2 on the second occasion during a match the opponent, or side in doubles, is found to have committed such a breach, whether of the same type or a different type and regardless of whether the first breach occurred while the player concerned was the *striker*, the *striker's partner* in doubles, or the opponent, the player's or side's next turn shall be forfeited; and
 - 63.6.2.3 should there be any further occurrence of any breach during the match, the player, or side in doubles, shall lose the match immediately under Law 63.3.9, regardless of whether earlier breaches occurred while the player concerned was the *striker*, the *striker's partner* in doubles, or the opponent.

TABLE 1: ADJUDICATING CLOSE POSITIONS: SUMMARY OF THE RULINGS

2.2 INTERFERENCES

Law	Issue	Limit of claims	Remedy
31	Ball wrongly removed or not removed from the game	End of game	Play cancelled from point where it was first affected, any <i>errors discovered</i> must be treated, player entitled to play then plays and may choose any <i>line of play</i> .
32	Player misled by false information or misplaced ball or clip	End of game	Player misled entitled to <i>replay</i> from point when play was first affected. All subsequent play cancelled, any <i>errors discovered</i> must be treated, player then resumes turn and must follow different <i>line of play</i> in replay.
32.5	Player who claimed to have been misled fails to adopt different <i>line of play</i> in <i>replay</i>	When third <i>stroke of replay</i> is played	<i>Replay</i> is cancelled and original play reinstated. Any <i>errors discovered</i> during cancelled replay must be treated. Player entitled to play then plays.
33.2	Player swaps ball of game with another ball of same colour and type while both are off the court	End of game	As play is not affected, swap is reversed when <i>discovered</i> and play continues. Player who is <i>striker</i> when swap discovered resumes turn.
33.3	<i>Striker</i> involves any ball that is an <i>outside agency</i> in the game instead of a <i>ball in play</i>	End of game	All play after first <i>stroke</i> affected by involvement of <i>outside agency</i> in game or influenced by its presence on court cancelled, correct ball reinstated. <i>Striker</i> resumes turn, subject to remedies required for any <i>errors discovered</i> .
34	<i>Outside agency</i> or player <i>interferes</i> with a ball during a <i>stroke</i>	When next <i>stroke</i> is played	<i>Striker</i> must <i>replay</i> same <i>stroke</i> with same objectives if conditions in Law 34.2.1 satisfied. Otherwise balls placed where they would have come to rest had <i>interference</i> not occurred.
34.3	<i>Striker</i> required to <i>replay stroke</i> following <i>interference</i> with a ball fails to attempt same stroke	When next <i>stroke</i> is played	Opponent has choice of accepting outcome of <i>replay</i> or requiring <i>striker</i> to replay original <i>stroke</i> again.

When next <i>stroke</i> is played	Opponent has choice of accepting outcome of <i>replay</i> or requiring further replay of attempt to get ball through hoop

Appendix 2 Ball performance specifications

A2.1 When dropped from a height of 60 inches (1.52 metres) onto a steel plate 1 inch (25 mm) thick set rigidly in firmly-based concrete, a ball must rebound to a height of not less than 30 inches (0.76 metres) and not more than 45 inches (1.14 metres).

A2.2 The rebound heights of a set of balls to be used in a game must not differ by more than 3 inches (76 mm).

Appendix 3 Full bisque handicap play

When a game is played under the conditions of full bisque handicap play, the laws of handicap play apply subject to the following modifications.

A3.1 **THE BASE HANDICAP** The base handicap is scratch unless agreed or directed to be greater than scratch.

A3.2 **SINGLES PLAY** If both players have handicaps that are greater than the base handicap, Law 42.2.1 does not apply and each player receives a number of *bisques* equal to the difference between the player's handicap and the base handicap.

A3.3 DOUBLES PLAY

A3.3.1 **NUMBER OF BISQUES** If both sides have aggregate handicaps that are greater than twice the base handicap, the first sentence of Laws 47.1 or 50.1 does not apply and each side receives a number of *bisques* equal to half the difference between its aggregate handicap and twice the base handicap, rounded as specified in Laws 47.1 or 50.1.

A3.3.2 **RESTRICTION ON PLAY** In ordinary doubles play, a player whose handicap is lower than the base handicap may play a half-bisque but may not play a bisque and the second sentence of Law 47.2 is modified accordingly. This restriction does not apply to alternate stroke doubles play.

Appendix 4 Advanced handicap play

When a game is played under the conditions of advanced handicap play, the laws of both advanced play (Law 39 for singles; the relevant parts of Law 46 or Law 49 for doubles) and handicap play (Laws 42 to 44 for singles; Law 47 or Law 50 for doubles) apply subject to the following modifications.

A4.1 **BISQUES IN RELATION TO LIFT OR CONTACT** Any *half-bisque* or *bisque* is counted as part of the "preceding turn" for the purpose of determining the entitlement to a lift or contact under the applicable one of Laws 39, 46 and 49. There is no restriction on taking a half-bisque or bisque after a turn in which a lift or contact has been taken.

A4.2 **PEGGING OUT IN ADVANCED HANDICAP GAMES** The restriction on *pegging out the striker's ball* in Law 43 does not apply.

Appendix 5 One-ball play

When a game is played under the conditions of one-ball play, the laws applicable to level singles play, together with those of advanced (Law 39) and/or handicap (Laws 42 to 44) singles play if specified, apply subject to the following modifications.

A5.1 **OBJECTIVE OF THE GAME** Each side consists of a single player who plays one ball, of any distinct colour, throughout. The object of the game is for each side to make its ball score 12 *hoop points* and a peg point, a total of 13 points, before the other side.

A5.2 **THE START OF A GAME** Law 11.2.2 concerning the third and fourth turns of the game does not apply.

A5.3 **ADVANCED PLAY** Laws 39.4.2, 39.4.3, 39.6 and 39.7 do not apply.

A5.4 HANDICAP PLAY Unless otherwise advertised in the conditions for the event, the number of *bisques* to be given is one third of the difference between the handicaps of the players, rounded to the nearest half or full bisque, except that handicaps below 2 are adjusted as follows before taking the difference:

Player's handicap	1½	1	½	0	-½	-1	-1½	-2	-2½	-3
----------------------	----	---	---	---	----	----	-----	----	-----	----

One-ball handicap	1	0	-1	-2	-3	-4	-5	-6	-7	-8
----------------------	---	---	----	----	----	----	----	----	----	----

Appendix 6 Short croquet

Short croquet is a shortened version of the game, primarily intended for play on smaller courts. The laws of handicap singles play apply, subject to the following modifications.

A6.1 THE COURT

A6.1.1 The standard court is either:

A6.1.1.1 a rectangle measuring 24 by 16 yards (21.9 by 14.6 metres). The four outer hoops are 4 yards from the adjacent *boundaries* and the two inner hoops are 6 yards north and south of the peg; or

A6.1.1.2 a rectangle measuring 28 by 17.5 yards (25.6 by 16.0 metres, which is exactly half a full-size court). The four outer hoops are 4 yards from the E/W *boundaries* and 5 yards from the N/S *boundaries* and the two inner hoops are 6 yards north and south of the peg.

A6.1.2 The appropriate organising body may approve other proportions and dimensions.

A6.2 **THE COURSE** The game is 14 points: 6 hoops and the peg (see Law 51.3).

A6.3 **THE HANDICAPPING SYSTEM** The short croquet handicap table, as published by the appropriate governing body from time to time, shall be consulted with reference to each player's Association Croquet handicap to determine whether the player is obliged to make one or more mandatory *peels* or entitled to receive one or more *bisques*. If both players are entitled to receive bisques, the principles of full bisque handicap play apply and each player receives the appropriate number of bisques indicated in the table.

A6.4 MANDATORY PEELS

A6.4.1 **EITHER BALL MAY BE PEELED** A mandatory *peel* is scored when either ball of a side peels its *partner ball*.

A6.4.2 **PLAYING WHEN NOT ENTITLED** When the *striker* is in a position where the *striker's* number of mandatory *peels* outstanding is equal to the number of *hoop points* remaining to be scored by the *striker's* two balls, the *striker's ball* does not score a hoop point for itself by running its *hoop in order*. In these circumstances, if the *striker* continues to play after running the hoop as though the *striker's* ball had scored a hoop point for itself, Law 26 (playing when not entitled) applies.

A6.5 **PEELING AN OPPONENT'S BALL** An opponent's ball may be *peeled* without penalty, except that if the opponent has a number of mandatory *peels* outstanding equal to the number of *hoop points* remaining to be scored by the opponent's two balls, that number of mandatory peels outstanding is reduced by one for each peel made on either of the opponent's balls.

A6.6 PEGGING OUT

A6.6.1 **PEGGING OUT THE STRIKER'S BALL** Law 43 restricts when the *striker's ball* may be pegged out.

A6.6.2 **NO PEGOUT BEFORE COMPLETION OF MANDATORY PEELS** The *striker* may not score the peg point in order for the *striker's ball* in a *stroke* unless, either before or during that stroke, the *striker's* last mandatory peel was completed. In such circumstances, if the *striker* removes the *striker's* ball from the court after it has hit the peg, Law 31 applies.

A6.6.3 **CANCELLATION OF MANDATORY PEELS** If the *striker* pegs out an opponent's ball when the opponent still has mandatory *peels* outstanding, those mandatory peels are cancelled.

A6.7 WIRING LIFT Law 16 applies but the first part of Law 16.1 is amended to read “At the start of a turn, if the opponent is responsible for the position of a ball of the *striker’s* side which is not in contact with another ball and is wired from its partner ball, as defined in Law 16.3, or, if that ball has been pegged out, from all other balls, the striker may:”.

A6.8 TIME-LIMITED GAMES In a time-limited game, the winner is determined in accordance with Law 61.1.7, with any uncompleted mandatory *peels* being ignored.

Appendix 7 Impasse Resolution Procedure

A7.1 DECLARATION OF AN IMPASSE

A7.1.1 An impasse exists if the tactical situation is not evolving and neither side appears to be willing to attempt to score a point or otherwise to make a tactically significant move.

A7.1.2 The *striker* may request a referee to declare that an impasse exists or a Referee in Charge may do so.

A7.1.3 Any subsequent impasse within a single game shall be treated as a separate event.

A7.2 PROCEDURE FOLLOWING DECLARATION OF AN IMPASSE Once the referee has declared an impasse, play will continue normally for ten further turns. Otherwise, all balls are removed from the court to be played from *baulk* back into the game, according to whichever of sections A7.3 to A7.6 is applicable.

A7.3 TWO BALLS IN PLAY BOTH FOR THE PEG

A7.3.1 A tiebreak shall be played in which the last four hoops and the peg are contested.

A7.3.3 A coin toss will decide which side may choose to play first or second.

A7.3.4 Play shall proceed normally except that no *roquet* will be allowed until the first *stroke* of the earlier of:

A7.3.4.1 the eleventh turn after the restart; or

A7.3.4.2 the turn after a turn in which the *striker’s ball* scores a *hoop point* for itself. If, during the prohibition on roquets, the *striker’s ball* hits, or starts a turn in contact with, the opponent’s ball, the stroke will be treated as though the opponent’s ball was *dead*.

A7.3.5 The tiebreak is a new game for the purposes of Advanced Play.

A7.3.6 The winning score will be recorded as 26–25.

A7.4 TWO BALLS IN PLAY, WHICH ARE NOT BOTH FOR THE PEG

A7.4.1 Clips remain in their current positions.

A7.4.2 A coin toss will decide which side may choose to play first or second.

A7.4.3 The restriction on *roquets* in A7.3.4 above will apply.

A7.5 THREE BALLS IN PLAY

A7.5.1 Clips remain in their current positions.

A7.5.2 The player with two balls remaining in play plays first.

A7.5.3 The game shall proceed normally.

A7.6 FOUR BALLS IN PLAY

A7.6.1 Clips remain in their current positions.

A7.6.2 A coin toss will decide which side may choose to play first or second.

A7.6.3 The game shall proceed normally.

GLOSSARY

The terms set out below are listed alphabetically and are shown in italics when used in the Rules. A description given below may be subject to a more detailed definition given in the relevant rule.

Annulled If a stroke is annulled, it is treated as if it had not been played (see Rule 6.3.6).

Body References to touching or other contact with a player's body include touching or contact with any item worn or carried by the player, other than a mallet.

Boundary The inner edge of any boundary marking (see Rule 2.2.2).

Error An *irregularity* that occurs when a player plays a wrong ball (see Rule 10), commits a fault (see Rule 11), is guilty of overlapping play (see Rule 12) or plays after play has been forestalled (see Rule 13).

Forestall play A player or referee forestalls play to fulfil their responsibility for the fair and correct application of these Rules by requesting that play is to stop. The request is to be made in a manner that can reasonably be expected to convey the request to those to whom it is addressed.

Hoop in order The hoop in order is the next hoop to be run which will result in a point being scored (see Rule 7.4.1).

Interference An *irregularity* other than an *error*, which need not involve playing a stroke (see Rule 9).

Irregularity An *error* or an *interference* (see Rules 9 to 13).

Jammed ball A ball that is found to touch both uprights of a hoop simultaneously on some axis (see Rule 9.5).

Jaws The jaws of a hoop comprise the space enclosed by and including the inner surfaces of the uprights, the surface created by raising a straight edge touching both hoop uprights from the ground to the crown of the hoop on the playing side of the hoop and the equivalent surface on the non-playing side of the hoop (see Rule 7.1 and Diagram 2).

Loose impediment A small, removable object on the court surface. Examples include worm casts, leaves, nuts, twigs, refuse or similar material.

Match A contest between two sides, consisting of one or more games.

Offside ball A ball that may be subject to an *offside direction*.

Offside direction A direction by an *offside opponent* that an *offside ball* is to be next played from either *penalty area* as the *offside opponent* decides (see Rule 8.4).

Offside opponent The side opposing an *offside owner*.

Offside owner The side that owns an *offside ball*.

Outside agency An agency that may not lawfully affect play (see Rule 4.1).

Partner ball The ball of the *striker's* side that is not the *striker's ball*.

Penalty area A semi-circular area on the court, with a radius of one yard (see Rule 17.1.1).

Penalty area continuation A method of continuing a game (see Rule 17.2).

Previous stroke The stroke before the last stroke played.

Receiver A player entitled to play an extra stroke in a handicap game (see Rule 20).

Replaced Unless the relevant rule directs otherwise, a ball directed to be “replaced” is replaced in the position it occupied before it moved, whether as the result of a stroke or for another reason.

Start area Any position on the court within one yard of corner IV or within an adjacent area determined by the organising body.

Striker The owner of the *striker’s ball*.

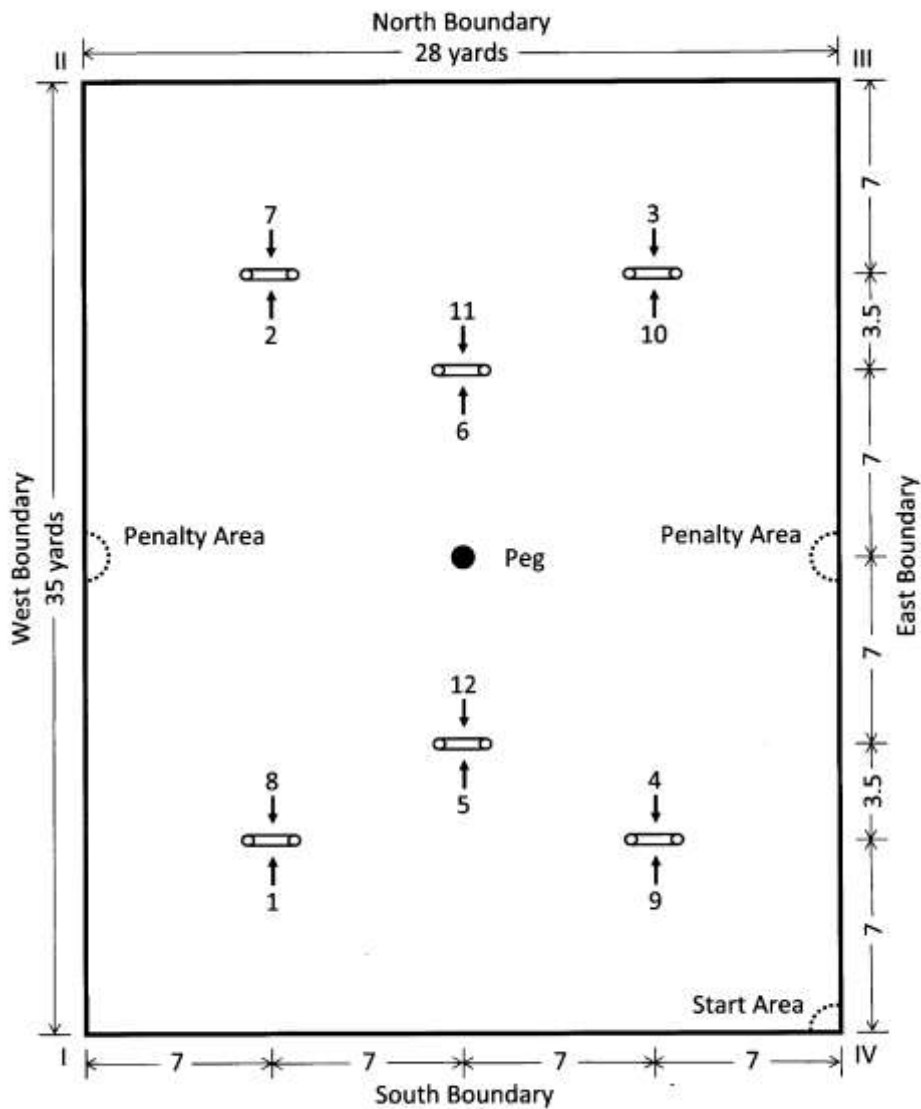

Striker’s ball Normally, the ball that follows next in colour sequence after the ball played in the last stroke (but see Rules 1.2 and 6.3.4).

Striking period A period of time which starts when a player has taken a stance with apparent intent to play a stroke and ends when the player quits the stance under control or, if sooner, when the turn ends (but see Rule 6.2.2).

Touching the boundary A ball *replaced* on the court so that one point on its circumference would touch a straight edge raised vertically from the *boundary* (see Rule 6.6.1).

Weather Wind, rain or any other form of precipitation.

INTRODUCTION

1. OUTLINE OF THE GAME

1.1 HOW THE GAME IS PLAYED

- 1.1.1 The game is played by striking a ball with a mallet. There are two opposing sides which play in alternate turns, each turn containing one stroke (subject to exceptions set out in these Rules).
- 1.1.2 The game may be played as either singles with one player on each side, or doubles with two. In doubles, each player of a side plays only one ball throughout the game.
- 1.1.3 One side plays with the blue and black balls and the opposing side with the red and yellow balls.

[Use of alternative colours: see Rule 18.1]

1.2 COLOUR SEQUENCE, STRIKER'S BALL AND STRIKER

- 1.2.1 The balls are to be played in the colour sequence blue, red, black and yellow.
- 1.2.2 Unless otherwise directed or permitted by these Rules, at the end of each turn, after whichever ball was played in the last stroke, the next ball in colour sequence becomes the *striker's ball* for the next stroke and its owner becomes the *striker*.

[Alternative colours: see Rule 18.1. Handicap play: see Rule 20.5.2]

1.3 OBJECT OF THE GAME

- 1.3.1 The object of the game is for each side to score points by causing either ball of its side to run hoops in the order set out in Rule 1.4. Each hoop has a number as shown in Diagram 1.
- 1.3.2 A point is scored for the side whose ball first runs the hoop in order in accordance with Rule 7. Both sides then contest the next hoop in the specified order.
- 1.3.3 If one or more hoops are contested or run out of order, Rules 7.9 and 15.4 apply.

1.4 GAME

- 1.4.1 A game is a contest for the best of 7, 13 or 19 points and ends at the end of the turn in which one side wins the game by scoring a majority of the points to be played, subject to Rules 1.4.5 and 1.4.6 and any remedies under Rules 8 to 16.

[Time-limited games: see Rule 19. Advantage play: see Rule 21]

- 1.4.2 In a 7-point game the first six hoops are contested in the order hoop 1 to hoop 6. If required, the seventh point is scored by contesting hoop 1 again.
- 1.4.3 In a 13-point game the first 12 hoops are contested in the order hoop 1 to hoop 12. If required, the 13th point is scored by contesting hoop 3 again.

- 1.4.4 In a 19-point game the first 12 hoops are contested in the order hoop 1 to hoop 12 and the next six hoops in the order hoops 3, 4, 1, 2, 11 and 12 as hoops 13 to 18 respectively. If required, the 19th point is scored by contesting hoop 3 again.
- 1.4.5 In tournament and team play, the organising body may specify an alternative method of determining when a game ends.
- 1.4.6 If the sides leave the court or start another game, having agreed which side has won the game, then the game has ended with the agreed result.

1.5 MATCH

- 1.5.1 Subject to Rule 1.5.2, a *match* is a contest for the best of one, three or five games. A *match* ends as soon as one side has won the majority of games to be played in the *match*.
- 1.5.2 In tournament and team play, a *match* may consist of two games.
- 1.5.3 If a *match* consists of more than one game, Rule 5.3 applies.

1.6 UNITS

All dimensions in these Rules are stated in imperial units, but metric units based on the equivalents stated in Appendix 2 are also permissible. Only one system of units may be used in respect of a court.

2. THE COURT

2.1 THE STANDARD COURT

- 2.1.1 The standard court is a rectangle measuring 28 by 35 yards. Its corners are known as I, II, III and IV. See Diagram 1.
- 2.1.2 The length and width of the court are each subject to a tolerance of ± 6 inches.

2.2 BOUNDARIES

- 2.2.1 The *boundaries* are known as the north, south, east and west *boundaries* regardless of the geographical orientation of the court. See Diagram 1.
- 2.2.2 The *boundaries* are to be clearly marked. The inner edge of the marking defines the actual *boundary*.
- 2.2.3 Where more than one *boundary* marking is visible and it is not obvious which one should be used, the most recent defines the actual *boundary* or, if that cannot be determined, the innermost defines the actual *boundary*. If the *boundary* marking is not straight, the actual *boundary* at any point is the straight line which best fits the inner edge of the *boundary* marking in the vicinity of that point.

2.3 PEG AND HOOPS

- 2.3.1 Subject to Rule 2.3.3, the peg is set in the centre of the court.
- 2.3.2 There are six hoops which are set parallel to the north and south *boundaries*. Subject to Rule 2.3.3, the centres of the two inner hoops are 7 yards to the north and south of the peg; the centres of the four outer hoops are 7 yards from the adjacent *boundaries*.

- 2.3.3 The positions of each hoop and the peg are subject to a tolerance of up to 12 inches provided that the lines joining the centres of hoops 1 and 2, 3 and 4, and 5 and 6 remain visually parallel to the east and west *boundaries*, and that the peg lies on the lines joining the centres of hoops 1 and 3, 2 and 4, and 5 and 6.

2.4 SMALLER COURTS

If the available area is too small for a standard court, a smaller court may be laid out by retaining the court proportions of five units long by four units wide but using a unit shorter than the standard 7 yards. In tournament and team play, the organising body may approve other proportions and dimensions.

2.5 MISSING OR MISPLACED PEG OR HOOP

- 2.5.1 If it is discovered that a game is being played with a hoop or the peg missing or significantly misplaced, the item is to be correctly placed and play is to continue in accordance with these Rules. All points already scored in otherwise lawful play are counted.
- 2.5.2 If a ball is located on the court where a hoop or the peg is to be correctly placed, the ball is to be placed as its owner decides so that it is touching the item when it has been correctly placed.

3. EQUIPMENT

3.1 PEG

3.1.1 Specification

The peg is a rigid cylinder with a height above the ground of 18 inches and a uniform diameter of 1½ inches. The tolerance for the height is ± 1 inch. The tolerance for the diameter is $\pm \frac{1}{4}$ inch.

3.1.2 Colouring

The peg should be painted white to a height of at least 6 inches above the ground and may have blue, red, black and yellow, and/or green, pink, brown and white, bands descending in that order from the top.

3.1.3 Proper state

- (a) The peg is to be vertical and firmly fixed.
- (b) If the peg is observed to be misaligned or loose at any time, the *striker* may require that it be corrected. Any correction is to be carried out immediately under the supervision of both sides (or a referee, if present), except when a ball is in contact with the peg or would be brought into contact with it by such a correction, in which case the peg is not to be corrected until the ball has been played away from it. Following any such correction, the positions of the balls are to be adjusted if necessary to ensure that the *striker* gains no advantage thereby.

3.2 HOOPS

3.2.1 Specification

- (a) Each hoop is made of solid metal and consists of two uprights connected by a crown. The crown is to be straight and at right angles to the uprights. A hoop is to

be 12 inches in height above the ground measured to the top of the crown. The tolerance for the height is + ½ inch / - 1 inch.

- (b) The uprights and the crown are to have a uniform diameter above the ground of between ⅝ inch and ¾ inch, with a tolerance of 1/16 inch, although minor deviations at the top and bottom of the uprights are permitted. Alternatively, the crown of the hoop may be of square cross-section with sides of between ⅝ inch and ¾ inch, with a tolerance of 1/16 inch and with rounded edges.
- (c) The inner surfaces of the uprights are to be approximately parallel and not less than 3¹¹/16 inches or more than 4 inches apart. However, in tournament and team play, the organising body may specify a narrower internal width as either the distance between the uprights or the gap between a ball and the inner surface of one upright when the ball is placed on the ground halfway through the hoop and touching the other upright. Each hoop on a court is to have the same width within a tolerance of 1/32 inch.

3.2.2 Colouring

The hoops may be left unpainted or coloured white and, in addition, the crown of the first hoop may be coloured blue and that of the final hoop may be coloured red. It is also permissible for the hoops to be coloured as required for Association Croquet.

3.2.3 Proper state

- (a) Each hoop is to be vertical and firmly fixed.
- (b) If a hoop is observed to be misaligned or loose at any time, the *striker* may require that it be corrected. Any correction is to be carried out immediately under the supervision of both sides (or a referee, if present), except when a ball is in contact with the hoop or would be brought into contact with it by such a correction, in which case the hoop is not to be corrected until the ball has been played away from it. Following any such correction, the positions of the balls are to be adjusted if necessary to ensure that the *striker* gains no advantage thereby.
- (c) The width and height of a hoop may be checked at the request of either side before the start of a game and, unless Rule 9.5 applies, at the joint request of both sides during a game.

3.3 BALLS

3.3.1 Specification

A ball is to be 3⅜ inches in diameter with a tolerance of +/− 1/32 inch and is to weigh 16 ounces with a tolerance of +/− ¼ ounce.

3.3.2 Additional requirements

In tournament and team play, the organising body may specify additional requirements.

3.4 MALLETS

3.4.1 Structure

A mallet consists of a head with a shaft firmly connected to its mid-point and at right angles to it for at least the bottom 12 inches, so that they function as one unit during play. Alternative but equivalent arrangements are also permitted provided that the

playing characteristics of the mallet do not depend on which end-face of the head is used to strike a ball.

3.4.2 **Grip**

A grip of any material may be attached to the shaft, but neither it nor the shaft shall be moulded with an impression of any part of the player's hands.

3.4.3 **Head**

- (a) The head is to be rigid and may be made of any suitable materials. It is to have essentially identical playing characteristics regardless of which end is used to strike the ball. Its end-faces are to be parallel, essentially identical and flat, though fine grooves are permitted.
- (b) The edges of each end-face should be of a shape and material unlikely to damage the balls and, however shaped or bevelled, the edges are not part of the end-face.

3.4.4 **Aiming devices**

No mirrors, pointers or other devices intended to assist the aiming or playing of a stroke may be attached to any part of the mallet. However, the shaft need not be straight and the head may bear sighting lines.

3.4.5 **Disabled players**

A disabled player may use a mallet with an appropriately modified shaft or artificial aids provided that no advantage is gained thereby compared to a player without that disability using a conventional mallet.

3.4.6 **Exchange**

- (a) A mallet may not be exchanged for another during a game unless it is no longer available or its use is significantly affected by accidental damage or a mechanical or structural defect that occurred or was discovered during the game. A damaged mallet may be used only if the player gains no advantage thereby. If the head is detachable from the shaft, neither may be exchanged except as provided for in this rule.
- (b) The playing characteristics of a mallet may never be changed during a game, except to restore its initial state following a change to it. Changing the grip to enable the player to cope with different *weather* conditions does not constitute changing the playing characteristics. If a mallet is exchanged for another under Rule 3.4.6(a) the playing characteristics of the replacement need not be the same as those of the original.

4. **OUTSIDE AGENCIES AND ACCESSORIES**

4.1 **OUTSIDE AGENCIES**

4.1.1 An *outside agency* is any agency that may not lawfully affect play. Examples include animals, spectators, a referee other than the players, the players or equipment of another game, accessories and other stray objects. However, the following are not outside agencies:

- (a) a *loose impediment*;

- (b) *weather* or the consequences of weather; and
- (c) a scoring clip attached to a hoop even if it belongs to another game.

4.1.2 In certain circumstances:

- (a) a ball of the game may be an *outside agency* (see Rule 6.4); and
- (b) a player's *body* or mallet may be treated as an *outside agency* (see Rule 9.1).

4.2 ACCESSORIES

4.2.1 Purpose

- (a) Accessories, including those described in Rules 4.2.2 to 4.2.6 below, may be supplied for guidance, convenience and decoration.
- (b) Any accessory, including a scoring clip attached to a hoop, may be removed temporarily by either side if it might affect the playing or outcome of the next stroke.

4.2.2 Alternative colours post

A post displaying alternative colour sequences may be located just off the court.

4.2.3 Ball restraints

- (a) A check fence or other suitable equipment high enough to arrest the progress of balls may be placed around the *boundary*.
- (b) If immovable, a check fence should be set back sufficiently from the *boundary* to allow a player to swing a mallet freely at a ball on the *boundary*.

4.2.4 Corner flags

- (a) Corner flags coloured blue, red, black and yellow may be placed in corners I, II, III and IV, respectively.
- (b) Corner flags are to be mounted on posts about 12 inches high, either up to 12 inches outside the court or on the *boundary* but are not to intrude into the court.

4.2.5 Halfway markers

White pegs, sufficiently prominent to be seen across the court, may be placed on the *boundary* to mark the ends of the halfway lines but are not to intrude into the court.

4.2.6 Scoring clips

- (a) Two sets of scoring clips may be provided. One set is to be blue or black and the other red or yellow (or other colours if alternative balls are used).
- (b) A scoring clip forms part of the player's *body* when attached to it.
- (c) A scoring clip is not an *outside agency* when attached to a hoop or to a player's *body* but is an *outside agency* when falling to or lying on the court surface.

PART 2

-

GENERAL RULES OF PLAY

5. THE START

5.1 ORDER OF PLAY

- 5.1.1 Subject to Rule 5.3.2, the sides are to decide the order of play by tossing a coin or by an equivalent procedure. The winning side decides whether to play first or second.
- 5.1.2 The side to play first becomes the *striker's* side and plays the first stroke of the game with the blue ball or the equivalent alternative colour.

5.2 HOW AND WHEN A GAME STARTS

- 5.2.1 Each ball is initially played from the *start area*.
- 5.2.2 A game starts when the first stroke of the game is played.

5.3 MATCHES OF MORE THAN ONE GAME

- 5.3.1 Subject to Rule 10.1.2, the sides retain the same balls throughout the *match* and, in doubles, each player retains the same ball.
- 5.3.2 Subject to Rule 5.3.3, the losing side of one game starts the next game with either ball of its side.
- 5.3.3 In tournament and team play, if a *match* consists of two games, the organising body may direct that the side that did not decide the order of play in the first game is to decide the order of play in the second game.

5.4 IRREGULARITIES IN THE FIRST FOUR TURNS OF A GAME

If a ball played from the *start area* under Rule 5.2.1 is *replaced* following an *irregularity*, it becomes an *outside agency* under Rule 6.4.2(e). It may be played from anywhere within the *start area* when it is next played.

6. THE TURN, STRIKING PERIOD AND STROKE

6.1 TURN

- 6.1.1 A turn is a period of time in which a stroke is to be:
 - (a) played; or
 - (b) played and, if necessary, replayed; or
 - (c) declared to be played.
- 6.1.2 The first turn of a game starts when the game starts (see Rule 5.2.2). All subsequent turns begin when the preceding turn ends.
- 6.1.3 Subject to Rule 6.1.4, a turn ends when all balls moved by a stroke have stopped or have left the court, or when a stroke is declared to have been played.

[Time-limited games: see Rule 19.1.2]

- 6.1.4 If a player is required to replay a stroke or, being so entitled, decides to do so, the turn ends when all balls moved by the replayed stroke have stopped or have left the court, or when the replayed stroke is declared to have been played.

[Time-limited games: see Rule 19.1.2]

6.2 STRIKING PERIOD

- 6.2.1 Subject to Rule 6.2.2, the *striking period* is a period of time which starts when a player has taken a stance with apparent intent to play a stroke and ends when the player quits the stance under control or, if sooner, when the turn ends.
- 6.2.2 If the player, having taken such a stance, quits it under control by clearly stepping away from the stance before playing a stroke or committing a fault, the *striking period* is cancelled and will not start again until the player takes a new stance with apparent intent to play a stroke.

6.3 STROKE

- 6.3.1 A stroke is an action or a declaration by a player. Subject to Rule 6.3.2, a stroke is played and a ball is said to be played in a stroke when:
- the player's mallet, during the *striking period*, contacts the ball the player intended to play during the *striking period*, whether deliberately or accidentally; or
 - the player commits a fault (see Rule 11); or
 - the player declares the stroke to have been played, in which case the stroke is deemed to have been played with the ball the player nominates.
- 6.3.2 A stroke is not played if:
- a player, without committing a fault, misses or fails to reach the ball that the player intended to strike; or
 - the ball belongs to another game unless this is not discovered until after the opposing side has played a stroke, in which case the stroke with the ball from the other game is to be treated as if it had been played with a ball of the game that did not belong to the side that played it (see Rules 10.4 and 10.6).
- 6.3.3 If, during the *striking period*, a player accidentally contacts a ball with a mallet while intending to strike another ball, the player has committed a fault under Rule 11.2.8 and is deemed to have played a stroke with the ball that the player intended to strike (see Rule 6.3.1(b)).
- 6.3.4 A stroke should be played by the *striker* striking the *striker's ball*. If the *striker* strikes another ball or a player other than the *striker* plays a stroke, Rule 10 applies.
- 6.3.5 Subject to Rules 8 to 16, a ball may move as the result of a stroke and cause another ball to move by either direct or indirect impacts between them or other balls, or by forces transmitted through a hoop or the peg.
- 6.3.6 If one or more strokes are *annulled* (see Rules 10.3.3, 13 and 16.4.4(a)), they are treated as if they had not been played and any *irregularity* committed as a result of such a stroke is ignored. The game is restored to its state before the earliest such stroke by replacing the balls in the positions they then occupied and cancelling any points scored for either side as a result of any such stroke. Any *irregularity* committed

as a result of the stroke before the earliest such stroke is remedied and play continues in accordance with these Rules.

[Time-limited games: see Rule 19.3.1. Handicap play: see Rules 20.5.3, 20.6.2 and 20.7.2]

- 6.3.7 If a side is directed to lose its next stroke under Rules 12.1.2(b), 15.5, 16.4.2 or 16.4.4(b), play is to continue as if the side had made a declaration under Rule 6.3.1(c) in respect of that stroke and nominated the next ball in colour sequence.

6.4 BALL AS AN OUTSIDE AGENCY

- 6.4.1 A ball is an *outside agency* until the start of the *striking period* of the stroke in which it is first played into the court and may become an *outside agency* temporarily during the game.
- 6.4.2 A ball becomes an *outside agency* when:
- (a) it leaves the court, which occurs as soon as any part of it would touch a straight edge raised vertically from the *boundary*; or
 - (b) it is directed to be played from a *penalty area* under Rules 8.4 or 17.2; or
 - (c) it is subject to *interference* (see Rule 9.2.1(a)); or
 - (d) it is temporarily moved from its lawful position; or
 - (e) it is *replaced* following an *irregularity* committed as a result of a stroke, having been an *outside agency* before the start of the *striking period* of that stroke; or
 - (f) it is swapped under Rule 10.5.6 with a ball that is an *outside agency*.
- 6.4.3 A ball ceases to be an *outside agency*:
- (a) subject to Rule 6.7, at the start of the *striking period* of the stroke in which it is next played; or,
 - (b) when an *interference* is remedied under Rule 9.2 or the ball is *replaced* after having been temporarily moved and its replacement position is not *touching the boundary*; or
 - (c) when it is swapped under Rule 10.5.6 with a ball that is not an *outside agency*.
- 6.4.4 If a determination of whether a ball has left the court concludes that, within the limits of observation, it is on the borderline between having left the court and having not done so, the decision is that it has left the court.

6.5 POSITIONS OF BALLS

- 6.5.1 At the end of a turn, play continues with the balls in the positions that they then occupy, except for any ball whose position is otherwise specified by these Rules.
- 6.5.2 The position occupied by a ball at the end of a turn is that in which it appears to have stopped for a period of at least five seconds, as agreed by both sides. However, if the sides do not agree, Rule 15.2.2 applies.
- 6.5.3 If a ball that was stationary moves before the next stroke is played, it is to be *replaced* before the next stroke is played.
- 6.5.4 Subject to Rule 6.5.5, both sides are responsible for ensuring that all balls are correctly positioned before a stroke is played. However, subject to Rules 8.4.4 and 13, there is

no remedy if a ball, including a ball that is an *outside agency*, is played from an incorrect position.

[Double-banking: see Rule 18.2.3]

- 6.5.5 A ball that is an *outside agency* need not be correctly positioned before a stroke is played if:
- (a) it will be not played in the next stroke; and
 - (b) both sides reasonably believe it would not be affected by the next stroke if it were in its lawful position.
- 6.5.6 If a ball that is an *outside agency* is left on the court and is affected by subsequent play, it is to be placed in its lawful position before it is next played.
- 6.5.7 If a ball that is not an *outside agency* is discovered to be incorrectly positioned but has not been affected by subsequent play, it is to be correctly positioned before the next stroke is played. There is no remedy if such a ball is affected by subsequent play.

6.6 REPLACING A BALL THAT HAS LEFT THE COURT

- 6.6.1 Subject to Rules 6.6.4 and 9.4, a ball that has left the court is to be *replaced* on the court before it is next played so that it is *touching the boundary* at the point where it left the court as agreed by both sides. However, if the sides do not agree where it left the court, the player who caused the ball to leave the court (or a referee, if present) is to decide.
- 6.6.2 A ball that has left the court may have its replacement position marked at any time before it is next played by:
- (a) being *replaced* under Rule 6.6.1; or
 - (b) being placed outside the *boundary* close to its replacement position; or
 - (c) the use of a ball marker (see Rule 14.6.3).

It is the responsibility of the side that wishes to have a replacement position marked to do so. If the sides do not agree about the method of marking, a ball marker is to be used.

- 6.6.3 If a ball *replaced* under Rule 6.6.1 or placed near a *boundary* under Rule 6.6.2(b) will impede the playing of another ball, it may be temporarily removed after its position has been marked.
- 6.6.4 If a ball cannot be *replaced* under Rule 6.6.1 because of the presence of another ball on the court, it is to be *replaced* after the other ball has been played. However, if the ball to be *replaced* will be played before the other ball, it is to be *replaced* as its owner decides so that it is *touching the boundary* and in contact with the other ball on either side.

6.7 PLAYING A BALL TOUCHING THE BOUNDARY

A ball *touching the boundary* is to be played into the court when next played in a stroke. If a ball *touching the boundary* is not played into the court when next played in a stroke, it remains an *outside agency*. Any balls moved by a stroke that is not played into the court are *replaced* and any points scored are cancelled.

7. SCORING A POINT

7.1 HOW A POINT IS SCORED

- 7.1.1 In order to score a point for the side that owns it, a ball must move as the result of a stroke, either directly or indirectly (see Rule 6.3.5), and pass through the *hoop in order*.
- 7.1.2 The process by which a ball passes through a hoop is known as running a hoop (see Rules 7.2 and 7.3 and Diagram 2).

7.2 WHEN A BALL STARTS TO RUN A HOOP

- 7.2.1 Subject to Rule 7.2.2 and the special situations set out in Rules 7.5.4 and 7.5.5, a ball starts to run a hoop when it first protrudes out of the *jaws* of the hoop on the non-playing side when travelling from the playing side to the non-playing side (see Diagram 2(ii)).
- 7.2.2 If the ball subsequently moves back through the hoop during the turn and either:
- (a) stops in the *jaws* where it does not protrude out of the *jaws* on the non-playing side (see Diagram 2(i)); or
 - (b) exits the hoop entirely on the playing side
- then it has not started to run the hoop.
- 7.2.3 If a ball first enters the *hoop in order* from the non-playing side, Rule 7.5.4 applies. Either side may request that the position of such a ball be tested in accordance with Rule 7.6 to determine if it is in a position to run the hoop and score the point. In a marginal situation, Rule 7.7.1 applies.

7.3 WHEN A BALL COMPLETES RUNNING A HOOP

- 7.3.1 Subject to Rule 7.3.2, a ball completes running a hoop when it ceases to protrude out of the *jaws* of the hoop on the playing side when travelling from the playing side to the non-playing side (see Diagram 2(iv)).
- 7.3.2 If the ball subsequently moves back through the hoop during the turn, and either:
- stops in the *jaws* where it protrudes out of the *jaws* on the playing side (see Diagram 2(iii)); or
 - exits the hoop entirely on the playing side

then it has not completed running the hoop.

- 7.3.3 Either side may request that the position of a ball be tested in accordance with Rule 7.6 to determine if it has completed running the *hoop in order*. In a marginal situation, Rule 7.7.2 applies.
- 7.3.4 A ball may complete running a hoop in the turn in which it started to run the hoop. Alternatively, it may complete running the hoop in a subsequent turn.

7.4 WHEN A POINT IS SCORED

- 7.4.1 Subject to Rule 7.4.2, a ball scores a point in a turn during which it completes running the *hoop in order*, and the next hoop becomes the *hoop in order*, when the whole of the ball no longer protrudes out of the *jaws* of the hoop on the playing side, provided that it stops at the end of the turn (see Rule 6.5.2) in a position in which no part of the ball protrudes out of the *jaws* of the hoop on the playing side.
- 7.4.2 A point may be cancelled or not counted in certain circumstances (see Rules 6.3.6, 6.7, 7.5.1, 7.9.2, 8.4.4, 9.6, 10.3, 10.4, 10.5.5(b), 11.4.3, 12.2, 13 and 15.4.1).
[Handicap play: see Rules 20.5.3 and 20.7.2]

7.5 SPECIAL SITUATIONS

- 7.5.1 If more than one ball runs the *hoop in order* as the result of a single stroke, only the ball that was nearer the hoop before the stroke was played scores the point.
- 7.5.2 More than one point may be scored in a turn by either the same or different balls provided that, at the time when each hoop is run, it is the *hoop in order* in accordance with Rule 7.4.
- 7.5.3 If a ball enters the *hoop in order* from the playing side and stops in the hoop and is *replaced* in the hoop following an *irregularity* in a later turn, the ball may complete running the hoop from that position and score the point.
- 7.5.4 If a ball first enters the hoop in order from the non-playing side, it cannot score the point for itself in the same stroke. In order to score the point in a subsequent stroke, it must either:
- stop in the *jaws* where it does not protrude out of the *jaws* on the non-playing side; or
 - exit the hoop entirely on the playing side.
- 7.5.5 A stationary ball cannot score or lose a point or become able or unable to score a point solely by the *hoop in order* being moved or straightened (see Rule 3.2.3(b)).

7.6 CONSULTING THE OPPOSING SIDE OR A REFEREE

A player is to consult the opposing side (or a referee, if present) before testing, except by an ocular test assisted by nothing more than spectacles or contact lenses, whether a ball is in a position to score a point or has scored a point.

7.7 ADJUDICATING CLOSE POSITIONS

7.7.1 If a determination of whether a ball that has entered the *hoop in order* from the non-playing side is in a position to run the hoop and score the point in accordance with Rule 7.2 concludes that, within the limits of observation, the ball is on the borderline between protruding out of the *jaws* of the hoop on the non-playing side and not doing so, the decision is that the ball may run the hoop and score the point from that position.

7.7.2 If a determination of whether a ball has completed running the *hoop in order* in accordance with Rule 7.3 concludes that, within the limits of observation, the ball is on the borderline between protruding out of the *jaws* of the hoop on the playing side and not doing so, the decision is that the ball has completed running the hoop and scored the point.

7.8 KEEPING THE SCORE

Both sides are responsible for keeping the correct score. After each point is scored, the side that caused the point to be scored (or a referee, if present) should announce the score or, if in use, attach a scoring clip to the hoop or ensure that a scoreboard is updated.

7.9 HOOP CONTESTED OR RUN OUT OF ORDER

7.9.1 A hoop is run out of order when a player, with the intention of scoring a point, causes a ball to run a hoop that is not the *hoop in order*. No point is scored for a hoop that is run out of order except when the sides have left the court, or started another game, having agreed which side has won the last game.

7.9.2 If it is discovered by a player that both sides have contested a hoop out of order in their respective last strokes, the player is to *forestall play* before the player plays a further stroke. In addition, if one or more hoops have been run out of order, the last hoop scored correctly and the score at that stage are to be confirmed and any misplaced scoring clips are to be removed. The balls are left where they stopped and play continues in colour sequence.

7.9.3 If a referee, whether active or inactive, believes that both sides have contested a hoop out of order in their respective last strokes or that a hoop has been run out of order, Rule 15.4 applies.

[Time-limited games: see Rule 19.3.1; Handicap play: see Rule 20.9]

8. OFFSIDE BALLS

8.1 HALFWAY LINES

8.1.1 The line between each hoop and the next *hoop in order* (see Rule 1.4) is called a halfway line.

8.1.2 The halfway lines are shown in Diagram 3 and are defined as follows:

- BG the line through the centres of 5 and 6
 AF the line halfway between BG and the line through the centres of 1 and 2
 CH the line halfway between BG and the line through the centres of 3 and 4
 DE the line through the peg perpendicular to the East and West boundaries.

8.1.3 The halfway lines apply as follows:

Hoop in order	Halfway line
7 or 17	AF
3, 9 or 15	BG
5 or 11	CH
7 th hoop in a 7-point game	DE
13 th hoop in a 13-point game	DE
19 th hoop in a 19-point game	DE
All others	DE

8.2 WHEN A BALL IS AN OFFSIDE BALL

- 8.2.1 Subject to Rules 8.2.3 and 8.3, a ball becomes an *offside ball* if all of it is clearly beyond the halfway line for the *hoop in order* at the end of a turn in which a point is scored. If a ball has left the court but has not yet been replaced under Rule 6.6, its position for this purpose is the point where it left the court.
- 8.2.2 A ball ceases to be an *offside ball*:
- (a) when it is subject to an *offside direction*; or,
 - (b) if no *offside direction* is given, when an *offside opponent* plays a stroke.
- 8.2.3 If a stationary ball is subject to *interference* by the opposing side or an *outside agency* when there is reasonable doubt about its position relative to the halfway line for the next *hoop in order*, it is *replaced* under Rule 9.2.2 but it is not to be treated as an *offside ball* in relation to that hoop if a point is scored before it is next played

8.3 EXEMPTIONS

- 8.3.1 A ball is not an *offside ball* if it is already subject to an *offside direction* or, subject to Rule 8.3.2, if it reached its final position by:
- (a) the stroke just played; or
 - (b) a stroke played by the opposing side; or
 - (c) subject to Rule 8.3.3, contact with an opponent ball at any time in the last turn in which the ball moved or was played.
- 8.3.2 The exemptions in Rule 8.3.1 do not apply to a ball whose owner has:
- (a) declared a stroke to have been played with it since it reached its final position; or
 - (b) committed a fault in the last stroke in which the ball moved or was played.
- 8.3.3 The exemption in Rule 8.3.1(c) does not apply if:
- (a) the only contact with an opponent ball was one from which the ball started in contact; and
 - (b) the opponent ball did not move or shake when the ball moved or was played.

8.4 OFFSIDE DIRECTION

- 8.4.1 An *offside opponent* may give an *offside direction* until it plays a stroke.
- 8.4.2 Before an *offside owner* plays a stroke, it may ask the *offside opponent* to decide if it wishes to give an *offside direction*. The *offside opponent* is to announce its decision promptly (see Rule 16.2.8) and may not change that decision.
- 8.4.3 A ball subject to an *offside direction* immediately becomes an *outside agency* (see Rule 6.4.2(b)) and cannot become an *offside ball* again until after it is next played. However, a ball that ceases to be an *offside ball* under Rule 8.2.2(b) may become an *offside ball* again if another point is scored before it is next played.
- 8.4.4 If, before an *offside opponent* plays a stroke, an *offside owner* plays a stroke with an *offside ball* either:
- (a) before the *offside opponent* has given an *offside direction*; or

- (b) after failing to act on an *offside direction* which was given in a manner that could reasonably be expected to convey the *offside direction* to those to whom it was addressed,

the *offside opponent* may give or repeat an *offside direction* after all balls moved by the stroke are *replaced* and any points scored by the stroke are cancelled.

- 8.4.5 An *offside owner* required to replay a stroke under Rule 8.4.4 may not give an *offside direction* until another point is scored.

PART 3

-

IRREGULARITIES

9. INTERFERENCE

9.1 INTERFERENCE WITH A BALL BY A PLAYER

- 9.1.1 Except during the *striking period* when playing or intending to play a stroke, a player *interferes* with a ball when it is moved, shaken or touched either:

- (a) by the player's mallet or *body*; or
 (b) as a result of contact between the player's mallet or *body* with a hoop, the peg, another ball or an *outside agency*.

- 9.1.2 Deliberate *interference* with a ball by a player at any time is a contravention of Rule 16.1 (see Rule 16.2.7(a)) unless the ball is an *outside agency* or the player:

- (a) lifts the ball in order to prevent it being hit by an *outside agency*; or
 (b) marks or cleans the ball with the permission of the opposing side or a referee (if present); or
 (c) stops a ball that is clearly about to leave the court shortly before it does so in order to save time, provided that the position of the ball, when *replaced* under Rule 6.6.1, will have no tactical significance; or
 (d) moves or touches the ball otherwise in accordance with these Rules.

- 9.1.3 *Interference* with a ball by a player is treated as *interference* with a ball by an *outside agency* (see Rule 9.2).

9.2 INTERFERENCE WITH A BALL BY AN OUTSIDE AGENCY

9.2.1 Effect of interference

- (a) A ball that is subject to *interference* by an *outside agency* becomes an *outside agency* itself (see Rule 6.4.2(c); also Rule 6.4.3 for when it ceases to be an *outside agency*).
 (b) No point may be scored by any ball while it is an *outside agency*.

9.2.2 Interference with a stationary ball

A stationary ball moved by an *outside agency* is to be *replaced* before the next stroke is played.

9.2.3 Interference with a moving ball by a stationary outside agency

If a moving ball hits an *outside agency* that was stationary from the start of the *striking period* to when the collision occurred, the stroke is not replayed and the opposing side is to decide whether:

- (a) to leave the ball where it stopped; or
- (b) to place it where the opposing side (or a referee, if present) judges that it would have stopped if there had been no *interference*.

9.2.4 Other interference with a moving ball

Where Rule 9.2.3 does not apply, if a moving ball is subject to *interference* by an *outside agency* when, in the opinion of both sides (or a referee, if present), the main intended outcome of the stroke was still in doubt, the ball is to be *replaced* and the stroke is to be replayed. Otherwise, the ball is to be placed where both sides (or a referee, if present) judge that it would have stopped if there had been no *interference*.

9.2.5 Interference and error in the same stroke

If a ball is caused to move by a stroke in which an *error* is committed and is subject to *interference* by an *outside agency* while still moving, the *error* is dealt with first. If all balls affected by the *error* are *replaced*, the *interference* is ignored. Otherwise, Rule 9.2.3 or 9.2.4 applies, as appropriate, but no replay is permitted under Rule 9.2.4.

9.3 INTERFERENCE BY THE COURT SURFACE

9.3.1 Before a stroke is played, the player is entitled to relief from unevenness on the court surface in accordance with Rules 9.3.2 to 9.3.4 if, in the opinion of both sides (or a referee, if present), the unevenness is likely to affect the outcome of the stroke.

9.3.2 Damage to the court surface in the *jaws* or in the immediate vicinity of a hoop is to be repaired and no other relief is permitted.

9.3.3 Other damage to the court surface, which is not a widespread feature of that particular court nor a result of a ball being hit into the court surface, is to be repaired if possible and, otherwise, is to be treated as an immovable *outside agency* (see Rule 9.3.4).

9.3.4 If unevenness on the court surface is caused by an immovable *outside agency* (such as a sprinkler head or a protruding tree root), any ball that is likely to be affected by the stroke may be moved by the minimum necessary, as agreed by the opposing side (or a referee, if present), to avoid the unevenness and give the player no advantage. A ball so moved but not affected by the stroke is to be *replaced* before the next stroke is played.

9.4 INTERFERENCE WITH THE PLAYING OF A STROKE

9.4.1 Before a stroke is played, an accessory or movable *outside agency* that may *interfere* with the playing or outcome of the stroke may be removed by either side. No other relief is permitted.

9.4.2 A player is entitled to relief before playing a stroke if a fixed obstacle outside the court *interferes* with the swing of the player's mallet or if uneven ground outside the court prevents the player from adopting a level stance. In such circumstances, subject to Rule 9.4.3, the player may move the ball that the player intends to strike ("the relevant ball") to a point on the line connecting the position where the ball lies and the intended target. However, the movement may be only the minimum necessary, as

agreed by the opposing side (or a referee, if present), to avoid the fixed obstacle or uneven ground.

9.4.3 Where Rule 9.4.2 applies, one or both of the following may be applicable.

- (a) If the player intends to cause the relevant ball to hit forcefully another ball that lies within 6 yards of the original position of the relevant ball, then, subject to the consent of the owner of the other ball, that other ball and any other ball that might be affected by the stroke are to be moved so that their positions relative to the relevant ball remain the same.
- (b) If a ball lies within 1 yard of the original position of the relevant ball and is likely to *interfere* with its passage, such a ball is to be moved so that its position relative to the relevant ball remains the same.

Any ball so moved but not affected by the stroke is to be *replaced* before the next stroke is played.

9.5 INTERFERENCE BY DEFECTIVE EQUIPMENT

9.5.1 If a player suspects that the outcome of the stroke that the player has just played was affected by a ball being a *jammed ball*, the player may have the hoop and ball checked and, if necessary, adjusted or exchanged.

9.5.2 References in Rules 9.5.3 and 9.5.4 to balls being *replaced* or left where they stopped include a ball exchanged for a *jammed ball* that does not comply with Rule 3.3.1.

9.5.3 Subject to Rules 9.5.4 to 9.5.6, if a ball is a *jammed ball*, the player may replay the stroke after all balls moved by the stroke are *replaced*. If the stroke is not replayed, the balls are left where they stopped.

9.5.4 If a *jammed ball* stops in a hoop off the ground above another ball, all balls moved by the stroke are *replaced*. The hoop and ball are to be checked and, if necessary, adjusted or exchanged. Subject to Rules 9.5.5 and 9.5.6, the stroke is to be replayed.

9.5.5 A replay is only permitted if the player was attempting to cause the *jammed ball* to pass through the hoop, in either direction.

9.5.6 A replay is not permitted if the player committed a fault in playing the stroke, unless it is agreed by both sides (or a referee, if present) that the fault was committed solely because the equipment was defective.

9.6 INTERFERENCE BY INCORRECT INFORMATION

9.6.1 The interference occurs if a player successfully claims to have played a stroke (“the affected stroke”) when acting on incorrect information supplied by the opposing side in a way that the player would not otherwise have played.

9.6.2 If the interference is discovered before the player plays the same ball again, the player may decide to replay the affected stroke after the balls are *replaced* in the positions they occupied before that stroke and any points scored by that stroke and any later strokes are cancelled. Otherwise, the affected stroke and any later strokes are treated as lawful.

[Time-limited games: see Rule 19.3.1, Handicap play: see Rule 20.10]

9.7 INTERFERENCE WITH A BALL BY A LOOSE IMPEDIMENT

- 9.7.1 A *loose impediment* may be removed from the court surface at any time.
- 9.7.2 If a moving ball is affected by a *loose impediment*, there is no relief.

9.8 INTERFERENCE WITH A BALL BY WEATHER

- 9.8.1 If a stationary ball is moved by *weather*, it is to be *replaced* before the next stroke is played.
- 9.8.2 If a moving ball is affected by *weather*, there is no relief.

10. PLAYING A WRONG BALL

10.1 GENERAL

- 10.1.1 Subject to Rule 10.1.2, a wrong ball is played when any of Rules 10.3 to 10.5 apply.
- 10.1.2 If it is discovered after a stroke has been played in the fifth turn of a game that, in all the first four turns of a game, the balls were played in compliance with the colour sequence stated in Rule 1.2 but by the opponents of the balls' owners, the ownership of the balls during the remainder of the *match* is treated as indicated by the first four turns.

10.2 FORESTALLING PLAY

- 10.2.1 If a player (or a referee, if present) believes that a wrong ball is about to be played, the player (or referee) is to *forestall play* and require that the correct ball is played.
- 10.2.2 If a player (or a referee, if present) believes that a wrong ball may have been played in the last stroke, the player (or referee) is to forestall play (see Rule 16.2.9). If a wrong ball has been played in the last stroke, play is to continue by applying the first of Rules 10.3 to 10.5 that applies. Otherwise, play continues in colour sequence, all earlier strokes are treated as lawful and all points scored are counted for the owners of the balls that scored the points.

10.3 PLAYING WHEN NOT ENTITLED

- 10.3.1 A side is not entitled to play a stroke if the Rules state that the opposing side is entitled to play a stroke.
- 10.3.2 A side that has just played a stroke is not entitled to play the next stroke unless it is a stroke played or replayed in accordance with Rules 6 to 17.
[Handicap play: see Rule 20.5.1 for a further exception.]
- 10.3.3 If a side played a stroke when not entitled to do so, a wrong ball has been played and the stroke is *annulled*.

10.4 PREVIOUS STROKE PLAYED WITH OPPONENT BALL

If the *previous stroke* was played with a ball that did not belong to the side that played it and the last stroke was played by the other side, a wrong ball has been played in both strokes and any points scored by those strokes are cancelled. Play continues by a *penalty area continuation*.

10.5 WRONG BALL PLAYED BY STRIKER'S SIDE

10.5.1 When played

A wrong ball has been played by the *striker's* side in the last stroke if the *striker* played a ball other than the *striker's ball* or, in doubles, if the *striker's* partner played any ball.

10.5.2 Striker's side played the partner ball

If the *striker's* side played the *partner ball*, the non-offending side is to decide whether to apply Replace and Replay (see Rule 10.5.5) or Ball Swap (see Rule 10.5.6). The non-offending side is to announce its decision promptly (see Rule 16.2.8) and may not change that decision.

10.5.3 Striker's side played an opponent ball

If the *striker's* side played an opponent ball, Replace and Replay applies (see Rule 10.5.5).

10.5.4 Striker's partner played the striker's ball

If the *striker's* partner played the *striker's ball*, Replace and Replay applies (see Rule 10.5.5).

10.5.5 Replace and Replay

If Replace and Replay applies:

- (a) all balls moved by the last stroke are *replaced*;
- (b) any points scored by the last stroke are cancelled;
- (c) the *striker* then plays the ball that should have been played in the last stroke.

10.5.6 Ball Swap

If Ball Swap applies:

- (a) all balls moved by the last stroke are left where they stopped, except that the positions of the ball played in the last stroke and the ball that should have been played in the last stroke are swapped;
- (b) a swapped ball takes the actual or potential offside status of the ball with which it is swapped;
- (c) any points scored by the last stroke are counted for the owner(s) of the balls that scored the points;
- (d) the non-offending side then plays the ball next in colour sequence after the ball that should have been played in the last stroke.

10.6 STATUS OF EARLIER STROKES AND POINTS

10.6.1 When play is *forestalled* after a wrong ball has been played in the last stroke, all earlier strokes are treated as lawful if they occurred before the stroke specified below.

- (a) If Rule 10.3 applies, the last stroke not *annulled*, unless Rule 10.4 applies to that stroke.
- (b) If Rule 10.4 applies, the *previous stroke*.
- (c) If Rule 10.5.1 applies, the last stroke.

10.6.2 Subject to Rule 7.9, all points scored in those strokes are counted for the owners of the balls that scored the points.

10.7 WRONG BALL AND FAULT IN THE SAME STROKE

- 10.7.1 If Rule 10.3 applies, a fault in an *annulled* stroke is ignored (see Rule 6.3.6).
- 10.7.2 If Rule 10.4 applies, a fault in the last stroke is ignored because play is to continue with a *penalty area continuation*. A fault in any earlier stroke is ignored under Rule 11.4.1.
- 10.7.3 If Rule 10.5.1 applies, a fault in the last stroke is subject to Rule 11 and the wrong ball is ignored. Play continues by the non-offending side playing the ball next in colour sequence after the ball that should have been played in the last stroke. A fault in any earlier stroke is ignored under Rule 11.4.1.

11. FAULTS

11.1 DEFINITION

A fault is an act prohibited by Rule 11.2 that is committed by a player playing, or intending to play, a stroke during the *striking period*. Committing a fault also constitutes playing a stroke with the ball that the player intended to strike (see Rule 6.3.3).

11.2 TYPES OF FAULT

Subject to Rule 11.3, a fault is committed by a player who, during the *striking period*:

- 11.2.1 touches the mallet head with a hand (but see Rule 11.3.2); or
- 11.2.2 strikes a ball by kicking, hitting, dropping or throwing the mallet; or
- 11.2.3 strikes a ball with any part of the mallet other than an end-face of the head, either deliberately in any stroke or accidentally in a stroke that requires special care because of the proximity of a hoop or the peg or another ball; or
- 11.2.4 strikes a ball with the mallet more than once, or allows a ball to retouch the mallet; or
- 11.2.5 maintains contact between the mallet and a ball; or
- 11.2.6 causes a ball, while still in contact with the mallet, to touch a hoop, the peg or, unless the balls were in contact before the stroke, another ball; or
- 11.2.7 strikes a ball when it lies in contact with a hoop upright or the peg other than away therefrom; or
- 11.2.8 touches any ball, other than the ball that the player intended to strike, with the mallet, or touches any ball with the player's *body*; or
- 11.2.9 moves or shakes a stationary ball by hitting a hoop or the peg with the mallet or the player's *body*; or
- 11.2.10 causes damage to the court surface inside the *boundary* with the mallet that, before the court surface is repaired, is capable of significantly affecting a subsequent stroke played over the damaged area.

11.3 DECLARATION OF FAULTS

- 11.3.1 A fault is to be declared if the player (or a referee or other observer asked to watch the stroke) believes that it is more likely than not that the relevant event occurred.

- 11.3.2 A fault under Rule 11.2.1 is committed only if the mallet head is touched during the final forward swing of the mallet.
- 11.3.3 When the mallet strikes a ball that is in contact with another ball before the stroke is played, the following faults may be declared only if the observer, assisted by nothing more than spectacles, contact lenses or a hearing aid:
- (a) under Rule 11.2.4, sees a separation between mallet and ball followed by a second contact between mallet and ball; or
 - (b) under Rule 11.2.5, sees or hears a contact between mallet and ball that is materially longer than that which necessarily occurs in a stroke of the same type.
- 11.3.4 In other cases, the commission of a fault may be deduced from other observations, including sound and the movement of balls.

11.4 ACTION AFTER A FAULT

- 11.4.1 Subject to Rule 6.3.6, if a fault is committed but play is not *forestalled* because of the fault before a stroke, whether lawful or unlawful, has been played by either side, there is no remedy for the fault and play is to continue as if the fault had not been committed.
- 11.4.2 Otherwise, the non-offending side is to decide whether the balls are left where they stopped or are *replaced*. The non-offending side is to announce its decision promptly (see Rule 16.2.8) and may not change that decision.
- [Handicap play: see Rule 20.8]
- 11.4.3 If the balls are left where they stopped, only a point scored for the non-offending side is counted. If the balls are *replaced*, no point is scored for any ball.
- 11.4.4 Subject to Rule 10.7, play continues by the non-offending side playing the ball next in colour sequence.

11.5 MORE THAN ONE FAULT IN A STROKE

If a player commits more than one fault in a stroke, there is no additional penalty.

12. OVERLAPPING PLAY

12.1 BOTH SIDES PLAY OVERLAPPING STROKES

- 12.1.1 If two or more balls are caused to be in motion at the same time as the result of strokes played by both sides, the stroke played by the *striker's* side is lawful, subject to Rules 10 and 11, and the stroke played by the non-striking side is unlawful.
- 12.1.2 If the *striker* played a lawful stroke:
- (a) all balls moved only by the unlawful stroke are *replaced*; and
 - (b) the non-striking side is to lose its next stroke (see Rule 6.3.7).
- 12.1.3 If Rule 12.1.2 applies and the unlawful stroke affected the outcome of the *striker's* stroke, this is to be treated as *interference* with a ball by an *outside agency* (see Rule 9.2).
- 12.1.4 If the *striker's* side played an unlawful stroke, play is to continue with a *penalty area continuation*.

12.2 ONE SIDE PLAYS OVERLAPPING STROKES

In doubles, if two or more balls are caused to be in motion at the same time as the result of strokes played by both players of the same side, no points are scored for any ball and the non-offending side is to decide whether all balls moved by the strokes are left where they stopped or are replaced. Play continues by the non-offending side playing either of its balls.

13. PLAYING AFTER PLAY HAS BEEN FORESTALLED

If a player plays a stroke after either side (or a referee, if present) has justifiably *forestalled play* and before the issue has been settled, the stroke is *annulled*. The issue is to be settled and the player entitled to play is then to play.

PART 4

-

OTHER MATTERS

14. INFORMATION, ADVICE AND MARKERS

14.1 INFORMATION REQUESTED BY THE OPPOSING SIDE

If asked and able to do so, a player is to inform the opposing side promptly about the Rules relating to anything relating to the state of the game, such as the score, which hoop is next in order, which ball was played last, the colour of any ball on the court or how any ball over the halfway line reached its position.

[Time-limited games: see Rule 19.2, Handicap play: see Rule 20.11]

14.2 NO REFERENCE TO WRITTEN INFORMATION

During a game, players are not permitted to refer to information in the form of printed, handwritten, electronic or other prepared material except for the purpose of clarifying the Rules or any regulations or event conditions that apply to a circumstance that has arisen or may be about to arise.

14.3 No tactical advice to the opposing side

A side should not give tactical advice to the opposing side. However, the opposing side may act on such advice.

14.4 NO TACTICAL ADVICE FROM OUTSIDE THE GAME

Tactical advice should not be given to either side by anyone from outside the game. However, a side may act on such advice unless, in a team event, it was given by a member or official of its team.

14.5 ADVICE IN DOUBLES

In doubles, partners may advise each other and a partner may assist in the preparation for playing a stroke, including indicating to the player the direction in which the mallet should be swung. However, when the stroke is played, the partner is to stand well

away from the player or any position which might assist the player in gauging the strength or direction of the stroke.

14.6 MARKERS

- 14.6.1 Subject to Rules 14.6.2 and 14.6.3, no mark or marker may be made or placed inside or outside the court.
- 14.6.2 Before a stroke is played, the player's mallet and, in doubles, the player's partner and the partner's mallet may be used as markers to assist the player in gauging the strength or direction of the stroke.
- 14.6.3 Ball markers may be used to mark the position of a ball that is to be temporarily moved or may have to be replaced.

15. REFEREEING

15.1 REFEREES INVOLVED IN A GAME

- 15.1.1 Both sides are responsible for the fair and correct application of these Rules.
- 15.1.2 References in these Rules to "a referee (if present)" refer to referees appointed in accordance with the WCF Refereeing Regulations. These include:
 - (a) a Referee in Charge of a game (including a Supervising Referee);
 - (b) a Referee on Request who is an Active Referee for the game; and
 - (c) an Inactive Referee who intervenes in accordance with those regulations. The presence of a referee does not remove a player's responsibilities under Rule 15.1.1.

15.2 OBSERVING STROKES AND DIFFERENCES OF OPINION

- 15.2.1 Where a stroke is to be played that may result in the commission of a fault or a ball leaving the court in a critical position, the player should first ask the opposing side (or a referee, if present) to watch the stroke. If the player does not ask, the opposing side may *forestall play* and require that the stroke be watched.
- 15.2.2 In the absence of a referee, or if Rule 15.2.1 does not apply, if there is a difference of opinion on a matter of fact, the opinion of the player with the best view is to be preferred, but if all views are equal, the opinion of the player who played the stroke is to be preferred.

15.3 IMPASSES

- 15.3.1 An impasse exists when neither side appears willing to play a stroke that might significantly alter the existing tactical situation.
- 15.3.2 An impasse may be declared by:
 - (a) both sides acting together; or
 - (b) a Referee in Charge of the game; or
 - (c) a referee called by the *striker*.

A referee may declare an impasse only after warning both sides that an impasse may be declared and that a decision will be made after each side has played two further turns.

15.3.3 If an impasse is so declared, play is to continue by a *penalty area continuation*.

15.4 HOOP CONTESTED OR RUN OUT OF ORDER

15.4.1 Subject to Rule 7.9.2, if a referee, whether active or inactive, observes that both sides have contested a hoop out of order in their respective last strokes, the referee is to *forestall play* and direct that play is to continue with a *penalty area continuation*. In addition, if one or more hoops have been run out of order, the last hoop scored correctly and the score at that stage are to be confirmed and any misplaced scoring clips are to be removed.

15.4.2 If a referee, whether active or inactive, observes that a hoop has been run out of order but that the side that did not run it did not contest the hoop in its last stroke, the referee should *forestall play* under Rule 15.4.1 only if that side then contests another hoop out of order in its next stroke.

15.5 OVERRIDING RULE

If a situation does not appear to be adequately dealt with by these Rules, or the interpretation appears to be uncertain in relation to a situation, the issue is to be decided by both sides (or a referee, if present) in a manner which best meets the justice of the case.

16. BEHAVIOUR

16.1 GENERAL

16.1 Players are responsible for maintaining good standards of behaviour towards other players, officials, equipment, courts and spectators.

16.2 UNACCEPTABLE BEHAVIOUR

A player contravenes Rule 16.1 by behaving unacceptably. Examples of unacceptable behaviour for which players may be penalised include, but are not limited to, cases where a player:

16.2.1 leaves the vicinity of the court during a game without permission from the opposing side or, in tournament and team play, from a referee (if present) or from the event manager.

16.2.2 contravenes any part of Rule 14.

16.2.3 physically abuses the player's mallet or other equipment or deliberately or repeatedly damages the court surface.

16.2.4 disturbs other players during the game by talking, making noises, standing in front of or moving in sight of a player who is about to play a stroke, except as permitted or required by the Rules.

16.2.5 argues aggressively or continuously with, or is aggressive towards, another player.

16.2.6 fails to accept a decision of a referee on a matter of fact or shows lack of respect for a referee.

- 16.2.7 deliberately or repeatedly:
- (a) *interferes* with a ball; or
 - (b) plays a wrong ball or tries to cause the opposing side to play a wrong ball; or
 - (c) commits a fault or tries to cause the opposing side to commit a fault; or
 - (d) plays a stroke with the wrong mallet; or
 - (e) fails to warn others in the vicinity before playing a forceful stroke if a ball may travel towards them.
- 16.2.8 fails to reply promptly to a request (see Rules 8.4.2 and 14.1), fails to announce a decision promptly (see Rules 10.5.2 and 11.4.2), wastes time or fails to play a stroke with reasonable dispatch (see Rule 16.3).
[Handicap play: see Rule 20.6.3]
- 16.2.9 deliberately fails to *forestall play* under Rules 10.2.1 or 10.2.2 and then plays a stroke.
- 16.2.10 touches a hoop or the peg either between strokes when a ball lies in contact with it or while another player is playing a stroke.
- 16.2.11 except with the permission of the opposing side (or a referee, if present), attempts to perform a physical test to determine whether a point has been scored or may be scored or whether a ball has left the court.
- 16.2.12 attempts to conceal or repair damage to the court surface that may indicate that a fault has been committed under Rule 11.2.10 before it is ruled on by the opposing side (or a referee, if present).
- 16.2.13 acts in a manner that may bring the sport into disrepute.

16.3 PLAYING WITH REASONABLE DISPATCH

- 16.3.1 In tournament or team play, a *match* may be made subject to a requirement that each player is to play a stroke or declare that a stroke has been played within one minute of the end of the last turn, except when play is delayed while a ball is retrieved or a referee is called, or another example of justifiable delay exists.
- 16.3.2 If a requirement under Rule 16.3.1 is to apply throughout a *match* at the direction of the organising body, both sides are to be informed before the *match* starts that such a requirement applies.
- 16.3.3 In exceptional circumstances, a Referee in Charge of a game or a referee called under Rule 16.5.2 may impose a requirement under Rule 16.3.1 after the *match* has started.
[Time-limited games: see Rule 19.3.2]
- 16.3.4 If a *match* is subject to a requirement under Rule 16.3.1, the existence of the requirement does not permit players to wait for one minute before playing.

16.4 PENALTIES WHEN A REFEREE IS IN CHARGE

- 16.4.1 If, in the opinion of the Referee in Charge of a game, a player has contravened Rule 16.1, the referee is to:
- (a) *forestall play* and draw attention to the contravention; and
 - (b) warn the player not to contravene Rule 16.1 in any way again.

- 16.4.2 If, in the opinion of the referee, a side contravenes Rule 16.1 for a second time in the same *match*, the referee is to *forestall play* and rule that the offending side is to lose its next stroke (see Rule 6.3.7).
- 16.4.3 If, in the opinion of the referee, a side contravenes Rule 16.1 for a third time in the same *match*, the referee is to *forestall play* and award the match to the opposing side. In this case the score in the game in progress is recorded as the winning total (4, 7 or 10) to the winning side and the score already recorded by the losing side. If the game forms part of a *match* of more than one game, any subsequent games in the *match* are recorded as won by the maximum margin.
- 16.4.4 If the referee decides that a contravention of Rule 16.1 is sufficiently serious, even if it is the first contravention in a *match*, the referee may *forestall play* and:
- rule that the last stroke is *annulled*; or
 - rule that the offending side is to lose its next stroke (see Rule 6.3.7); or
 - award the game in progress or the *match* to the opposing side; or
 - award the game in progress or the *match* to the opposing side and recommend to the Tournament Referee that the side in breach of Rule 16.1 be disqualified. If the *match* is not awarded to the opposing side, it is to be suspended until the Tournament Referee has decided the matter.

16.5 PENALTIES WHEN A REFEREE IS NOT IN CHARGE

- 16.5.1 Where there is no Referee in Charge of a game, both sides are responsible for monitoring behaviour during the game. If, in the opinion of the opposing side, a player has contravened Rule 16.1, the opposing side is to:
- forestall play* and draw attention to the contravention; and
 - warn the player not to contravene Rule 16.1 in any way again.

The contravention is to be treated as a first contravention of Rule 16.1 for the purpose of Rule 16.4.2, unless Rule 16.5.2 applies and the referee referred to therein decides that Rule 16.1 was not contravened.

- 16.5.2 If the sides are unable to agree that the player has contravened Rule 16.1, the game is to be suspended until a referee has been called and has ruled on the situation. The referee is to decide whether Rule 16.1 has been contravened and, if so, has all the powers of a Referee in Charge of the game (see Rule 16.4).
- 16.5.3 The Tournament Referee may intervene in a *match* at any time and has all the powers of a Referee in Charge (see Rule 16.4) and, in addition, may disqualify a player for a serious breach of Rule 16.1 without requiring a recommendation from another referee.

17. PENALTY AREAS AND PENALTY AREA CONTINUATION

17.1 PENALTY AREAS

- 17.1.1 The two semi-circular areas on the court with a radius of one yard and centred on the points marked D and E on Diagram 3 (see Rule 8.1.2) are each known as a *penalty area*. A ball directed to be played from a *penalty area* may be played from anywhere within it.

- 17.1.2 If a ball played from a *penalty area* under Rule 8.4 or 17.2 is *replaced* following an *irregularity*, it becomes an *outside agency* under Rule 6.4.2(e) and may be played from anywhere within the *penalty area* when it is next played.

17.2 PENALTY AREA CONTINUATION

If play is to continue by a *penalty area continuation* (see Rules 10.4, 12.1.4, 15.3.3 and 15.4.1), all four balls are to be next played from the same *penalty area*. The sides are to decide the order of play by tossing a coin or by an equivalent procedure. The losing side is to decide from which *penalty area* the balls are to be played. Play continues by the winning side playing a stroke with either of its balls from the chosen *penalty area*.

18. ALTERNATIVE COLOURS AND DOUBLE-BANKING

18.1 ALTERNATIVE COLOURS

- 18.1.1 A game may be played with balls other than the traditional colours referred to in Rules 1.1 and 1.2.
- 18.1.2 If the standard alternative colours are used, one side plays with the green and brown balls and the opposing side with the pink and white balls. The balls are to be played in the colour sequence green, pink, brown and white.
- 18.1.3 If another set of colours is to be used, the colours to be played by each side and the colour sequence are to be agreed before play starts.

18.2 DOUBLE-BANKING

- 18.2.1 Two or more games may be played simultaneously on the same court, normally using the traditional colours for one game and alternative colours or striped balls for the other game(s). This is known as double-banking and the games are described as double-banked.
- 18.2.2 When games are double-banked, all players are to be aware of the other game(s) and are to try to avoid *interference* with the other game(s). For that purpose, with the permission of both sides of the relevant game, one or more balls of another game may be temporarily moved after their positions have been marked. Rule 9.2 applies if a ball *interferes* with a ball of another game.
- [Time-limited games: see Rule 19.4.5]
- 18.2.3 A ball that is temporarily moved under Rule 18.2.2 becomes an *outside agency* (see Rule 6.4.2(d); also Rule 6.4.3 for when it ceases to be an *outside agency*).
- 18.2.4 If the same hoop is about to be contested in more than one game, the game involving the ball first played into the vicinity of that hoop should normally be given priority.

19. TIME-LIMITED GAMES

19.1 PROCEDURE WHEN TIME EXPIRES

- 19.1.1 When a time limit has been imposed on a game, both sides should arrange for an independent person or, failing that, one of themselves to be responsible for

announcing that time has expired in a manner that can reasonably be expected to convey the announcement to those to whom it is addressed.

19.1.2 The final turn of the game, or the final turn before the start of any extension period or other form of resolution, is the turn that includes the last stroke played (see Rule 6.3.1) before time expires. Subject to Rule 19.3.1, if the last stroke is to be replayed but time expires before it can be replayed, the stroke is to be replayed as part of the final turn.

19.1.3 After time has expired, play either stops at the end of the final turn or continues to accommodate an extension period or other form of resolution as notified to both sides by the organising body or, if no such notification has been given, as agreed between the sides. Such notification or agreement should normally be given or reached before the start of the game. In the absence of any notification or agreement to the contrary, an extension period is to apply which consists of two further turns for each ball.

19.1.4 If play stops at the end of the final turn, the winner is the side for which the greater number of points has been scored. If the scores are equal then, subject to Rule 19.1.6, play is to continue and the winner is the side for which the next point is scored.

[Handicap play: see Rule 20.12.1]

19.1.5 At the end of any extension period or other form of resolution, if the game has not already been won in accordance with Rule 1.4.1, the winner is the side for which the greater number of points has been scored. If the scores are equal then, subject to Rule 19.1.6, play is to continue and the winner is the side for which the next point is scored.

[Handicap play: see Rule 20.12.2]

19.1.6 The organising body may direct that play is not to continue after the end of the final turn or, if there is one, after the end of an extension period or other form of resolution even if the scores are equal. In this case, the game ends and the result is to be reported as a tie.

19.2 INFORMATION REQUESTED BY THE OPPOSING SIDE

A request made under Rule 14.1 may include asking how much time remains in a game.

19.3 RESTORATION OR ADDITION OF TIME

19.3.1 Time is restored if an *interference* under Rule 9 is rectified, but in no other circumstances.

19.3.2 In exceptional circumstances, a Referee in Charge of a game or a referee called under Rule 16.5.2 may increase the time remaining to compensate for time lost through breaches of Rule 16.2.8.

19.4 SUSPENSION OF TIME

Unless otherwise specified in the tournament regulations or event conditions, time is suspended in tournament and team play only if play ceases for any of the following reasons:

19.4.1 a refereeing event such as resetting equipment or repairing court damage, but not when a referee is called to watch a stroke.

19.4.2 searching for or replacing a lost ball.

- 19.4.3 a player being called away on official tournament duties or becoming unable to play because of illness or injury.
- 19.4.4 the game being adjourned.
- 19.4.5 play being held up in a double-banked game by another game on the same court.
- 19.4.6 any other event or situation, including *weather*, that leads to a delay of at least five minutes.

20. HANDICAP PLAY

20.1 GENERAL

- 20.1.1 A handicap game is played to allow players of different playing abilities to compete with more equal chances of winning by allowing extra strokes to be played.
- 20.1.2 Each player is allotted a handicap according to ability. The handicap range may extend from 20 (for the weakest players) to minus 6 (for the strongest players) although the extremes of this range need not be used.
- 20.1.3 Rules 1 to 19 above apply to handicap games except as indicated in this rule.

20.2 SINGLES

- 20.2.1 In singles, extra strokes are received by the higher-handicapped player from the lower-handicapped player.
- 20.2.2 In a 13-point game, the number of extra strokes received is calculated by subtracting the lower handicap from the higher handicap. This is the “handicap difference”.
- 20.2.3 The handicap difference is adjusted downwards in a 7-point game and upwards in a 19-point game. The number of extra strokes received in 7-, 13- and 19-point games is shown in Appendix 3, Table 1.

20.3 DOUBLES

- 20.3.1 In doubles, extra strokes are received by the two highest-handicapped players who may be on the same side or on opposing sides.
- 20.3.2 The player with the lowest handicap of the four players and the player with the higher handicap on the opposing side are identified.
 - (a) If two players on the same side have the same handicap and both will receive extra strokes, the players are to announce before the game starts which of them will receive extra strokes based on the lowest handicap.
 - (b) If two players share the lowest handicap, either may be identified as the player with the lowest handicap because it will not affect the allocation of extra strokes.
- 20.3.3 In a 13-point game, the number of extra strokes received by the higher handicapped player is calculated by subtracting the lower handicap from the higher handicap and halving the difference. This is the “half handicap difference” and, subject to Rule 20.3.6, if it is not an integer, it is to be rounded upwards.
- 20.3.4 The half handicap difference is adjusted downwards in a 7-point game and upwards in a 19point game. The number of extra strokes received in 7-, 13- and 19-point games is shown in Appendix 3, Table 2.

- 20.3.5 The same calculation is performed for the two remaining players to determine the number of extra strokes received by the player with the higher handicap.
- 20.3.6 If both players of a side will receive one or more extra strokes based on a half handicap difference that is not an integer before rounding upwards, 0.5 is to be deducted from the half handicap difference of one player of the side. The players are to announce before the game starts which of them will be affected by the deduction.

20.4 POINT SCORED BY AN EXTRA STROKE

A *receiver* may not score a point for the receiver's side by an extra stroke but may score a point for the opposing side.

20.5 WHEN AN EXTRA STROKE MAY BE PLAYED

- 20.5.1 Subject to Rules 20.6.5 and 20.7.1, a *receiver* may play an extra stroke at any stage of the game in a new turn that follows the end of a turn in which the *receiver* played or replayed a stroke. If a *receiver* may play more than one extra stroke, the *receiver* may play them in succession.
- 20.5.2 The extra stroke is to be played with the ball played in the last stroke. If the *receiver* plays a wrong ball in the extra stroke, Replace and Replay applies (see Rule 10.5.5).
- 20.5.3 If it is discovered that a player has played one or more extra strokes to which the player was not entitled and play is *forestalled* before the opposing side has played a stroke, whether lawful or unlawful, any such extra stroke is *annulled*. Otherwise, there is no remedy and any such extra stroke is treated as lawful.

20.6 COMMUNICATION WITH THE OPPOSING SIDE

- 20.6.1 A *receiver* considering whether to play an extra stroke is to warn the opposing side of the *receiver's* possible intention in a manner that can reasonably be expected to convey the warning to those to whom it is addressed. The warning is to be given either before or after the *receiver* has played the stroke that will precede the extra stroke but, in any event, is to be given before the opposing side plays a stroke.
- 20.6.2 If the opposing side ignores a warning given under Rule 20.6.1 and plays a stroke, the stroke is *annulled*.
- 20.6.3 The opposing side may ask a *receiver* who has just played a stroke if the *receiver* is considering whether to play an extra stroke. If so asked, the *receiver* is to reply promptly (see Rule 16.2.8).
- 20.6.4 A *receiver* who indicates an intention to play an extra stroke may revoke that decision at any time before playing the extra stroke.
- 20.6.5 A *receiver* who has indicated that an extra stroke will not be played, which includes revoking a decision to play an extra stroke under Rule 20.6.4, may not change that decision.

20.7 AFTER A WRONG BALL

- 20.7.1 An extra stroke may be played after playing a wrong ball only if the last stroke is first replayed after Replace and Replay has been applied (see Rule 10.5.5).
- 20.7.2 If it is discovered that one or more extra strokes have been played unlawfully and play is *forestalled* before the opposing side has played a stroke, whether lawful or unlawful,

any such extra stroke is *annulled*. Otherwise, there is no remedy and any such extra stroke is treated as lawful.

20.8 AFTER A FAULT

If a *receiver* has committed a fault in the last stroke, the *receiver* may delay a decision about playing an extra stroke until after the non-offending side has made its choice under Rule 11.4.2.

20.9 HOOP CONTESTED OUT OF ORDER

If Rules 7.9 or 15.4 apply, any extra strokes played while contesting a hoop out of order are restored.

20.10 INTERFERENCE BY INCORRECT INFORMATION

20.10.1 In Rule 9.6, playing an extra stroke does not constitute playing a ball again.

20.10.2 If a replay occurs under Rule 9.6, any extra strokes played after the affected stroke are restored.

20.11 INFORMATION REQUESTED BY THE OPPOSING SIDE

A request made under Rule 14.1 may include asking how many extra strokes remain.

20.12 TIME-LIMITED GAMES

20.12.1 If play continues after time has expired because the scores are equal and no extension period or other form of resolution applies (see Rule 19.1.4), any extra strokes may then be played.

20.12.2 In tournament and team play, unless the organising body has specified otherwise, no extra stroke is to be played during an extension period or other form of resolution. If play continues after the end of an extension period or other form of resolution because the scores are equal (see Rule 19.1.5), any extra strokes may then be played.

20.12.3 If a *receiver* played the last stroke before time expired (see Rule 19.1.2), the *receiver* may play an extra stroke only if permitted by Rules 20.12.1 or 20.12.2, even if they announced the intention to play an extra stroke before time expired.

20.13 ADMINISTRATION

The administration of the handicap system in the domain of a WCF Member is the responsibility of the WCF Member.

21. ADVANTAGE PLAY

21.1 GENERAL

An advantage game is played to allow sides of different playing abilities to compete with more equal chances of winning by altering the starting score for each side. Each side seeks to achieve the same target score (see Rule 21.3) after taking account of its starting score. Rules 1 to 18 apply subject to Rule 21.6.

21.2 ADVANTAGE HANDICAP

- 21.2.1 A player's playing ability is indicated by the player's advantage handicap. This is equal to the player's Rule 20 handicap or, if the player does not have a Rule 20 handicap, is derived from the player's published WCF Dynamic Grade ("published DGrade") using the conversion table at <https://worldcroquet.org/advantagegc>.
- 21.2.2 If a player does not have a Rule 20 handicap or a published DGrade, the organising body may award the player a temporary advantage handicap.

21.3 TARGET SCORE

The target score is 4, 7 or 10 points as notified to both sides by the organising body or, if no such notification has been given, as agreed between the sides. Such notification or agreement should normally be given or reached before the start of the game. In the absence of any notification or agreement to the contrary, the target score is 7 points.

21.4 STARTING SCORES

The starting scores that apply to combinations of advantage handicaps for each target score are set out in the relevant starting score table at <https://worldcroquet.org/advantagegc>.

21.5 DOUBLES

In doubles, the advantage handicap of each side is the average of the advantage handicaps of its players and, if it is not an integer, it is to be rounded upwards.

21.6 GAME

- 21.6.1 Rules 1.4.1 to 1.4.5 do not apply. An advantage game ends at the end of the turn in which one side scores the winning point, subject to any remedies under Rules 8 to 16.
- 21.6.2 If it is necessary to contest more than 12 hoops, further hoops are contested in the order 3, 4, 1, 2, 11, 12, 3, 4 until the game ends.

APPENDIX 1

ADJUDICATING UNCERTAIN SITUATIONS: SUMMARY OF THE RULINGS

Rule	Situation	Ruling
6.4.4	When there is doubt about whether a ball has left the court.	The ball has left the court.
6.6.1	When there is doubt about where a ball left the court.	Where both sides agree that it left the court or, in the absence of agreement, where the player who caused the ball to leave the court (or a referee, if present) is to decide.
7.7.1	When it is uncertain whether a ball at rest within the <i>jaws</i> of the <i>hoop in order</i> is in a position to run the hoop to score the point.	The ball can run the hoop and score the point from that position.
7.7.2	When it is uncertain whether a ball has completed running the <i>hoop in order</i> .	The ball has completed running the hoop.
11.3.1	When it is uncertain whether a fault was committed in a stroke.	A fault was committed if an adjudicator or the striker believes it more likely than not that the Rule was infringed.
15.2.2	When there is a difference of opinion on a matter of fact.	The opinion of the player with the best view is to be preferred but, if all views are equal, the opinion of the player who played the stroke is to be preferred.

APPENDIX 2

TOLERANCES AND METRIC EQUIVALENTS

Table 1: Dimensions subject to tolerances

Rule	Subject	Imperial units	Tolerance	Metric units	Tolerance

GOLF CROQUET HANDICAPPING SYSTEM

This Appendix describes a system used to administer a Handicapping system for use with the WCF GC Rules. National Croquet Associations who play competitive handicap matches may choose to adopt the system as described here, to modify it to better suit their needs or to produce their own Regulations for handling handicaps. In the latter case, National Croquet Associations may select what is appropriate from these regulations.

As in many handicapping systems a Golf Croquet handicap serves two functions. The self-evident one is to provide more opportunity for players to compete successfully against stronger players in special handicap competitions. The second purpose is to enable players to be placed in divisions or grades where they may compete against players of similar abilities.

1. Using handicaps in play

In matches where handicap play is being used, Rule 16 of the Rules applies.

2. An Automatic Handicap System for Golf Croquet

Handicaps are initially set for each player using paragraphs 3 or 4 below. Thereafter they are changed automatically based on player's success in both singles and doubles games as described in paragraph 5 below. Non- automatic changes in handicaps may also be made as described in paragraph 6 below.

3. Setting initial handicaps for players new to any form of croquet

Players who are new to croquet may have their initial handicap set by the following procedure. Start from the fourth corner and count the number of strokes taken to run hoops one to six inclusive. Complete this exercise three times to the best of their ability. The total number of strokes over the three rounds is the grading score. This score is used to assess their handicap and index from Table A below.

Table A

Strokes Taken	Initial Index	Initial handicap
50–54	1350	7
55–60	1300	8
61–64	1200	10
65–70	1100	12
71–78	1050	14
more than 78	1000	16

This will not be an accurate handicap as it measures only some of the skills and tactics needed. Players should initially play with this handicap and the automatic system will eventually obtain a correct value. Note that players should not be started automatically on 16.

4. Setting initial Golf Croquet handicaps for players with an Association Croquet handicap

Players who start Golf Croquet with Association Croquet experience may have their handicaps and initial index set by Table B. The first column should be modified, if necessary, to fit a National Croquet Association's handicap range in Association Croquet. Similar tables should be devised where other forms of croquet are commonly played.

Table B

Association Croquet Handicap	Initial Index	Initial Golf Croquet Handicap
-3 to -2.5	2350	-3
-2 to -1.5	2200	-2
-1 to -0.5	2100	-1
0 to 0.5	2000	0
1 to 1.5	1900	1
2 to 3	1800	2
3.5 to 5	1700	3
6 to 7	1600	4
8 to 9	1500	5

The three times round test described above may be used for players with higher Association Croquet Handicaps.

5. When handicaps change

Golf Croquet Handicaps change when the player's index points reach a trigger point for a handicap which is not their current handicap. They change immediately before the next game played, even if the next game is part of the same best-of-3 or best-of-5 match. The trigger points are shown in Table C. Table C also shows the range of index points for which the handicap on that line does not change.

Table C

Handicaps	Trigger Points for this handicap	Range for which there is no change for this handicap
-6	2800	2651 or more
-5	2650	2501 to 2799
-4	2500	2351 to 2649
-3	2350	2201 to 2499
-2	2200	2101 to 2349
-1	2100	2001 to 2199
0	2000	1901 to 2099
1	1900	1801 to 1999
2	1800	1701 to 1899
3	1700	1601 to 1799
4	1600	1501 to 1699
5	1500	1401 to 1599
6	1400	1351 to 1499
7	1350	1301 to 1399
8	1300	1251 to 1349
9	1250	1201 to 1299
10	1200	1151 to 1249
11	1150	1101 to 1199
12	1100	1051 to 1149
14	1050	1050 to 1099
16	1000	Less than 1049

6. When indexes change

A player's index normally changes after every competition game played, whether doubles or singles.

However players whose handicap is 14 or 16 do not lose index points, although their successful opponents do gain index points. Except as noted here the amounts of index change are given by paragraphs 6.1 to 6.4.

6.1 Index changes in Handicap Singles games

In handicap singles games the winner's index increases by 10 and the loser's index decreases by 10.

6.2 Index changes in Handicap Doubles games

In handicap doubles games the indexes of both winner's increase by 5 points and the indexes of both losers decrease by 5 points.

6.3 Index changes in Level Singles games

In level games the winner's index increases and the loser's index decreases by the amount shown in Table D.

Table D

16																		18	17	17	16	15	

Note: Players on a handicap of 14 or 16, do not lose index points

6.4 Index changes in level doubles games.

In level doubles games the combined handicaps are found for each side. The difference is found, then Table E shows the points gained by both winners and the points lost by both losers.

Table E

Difference in the combined handicaps	Smaller combined handicaps win	Larger combined handicaps win
0	5	5
1 to 3	4	6
4 to 6	3	7
7 to 9	2	8
10 or more	1	9

Note: Players on a handicap of 14 or 16, do not lose index points.

6.5 Record keeping

Each National Croquet Association should organise a system for keeping track of Index changes and handicap changes. This may be through the use of index cards, tables or other means.

OFFICIAL RULINGS

of the WCF Golf Croquet Rules Committee

The Official Rulings and Commentary take effect from 1 October 2018.

They have been incorporated within the Rules after each clause.

Croquet New Zealand Handicapping Regulations

These handicapping regulations apply to all Croquet Tournaments and competitions conducted in accordance with the CNZ Tournament Regulations.

1. Definitions:

- 1.1 **AHS card** means the Automatic Handicapping System Card issued by CNZ.
- 1.2 An **Association or Club Handicapper** is an official handicapper who has been elected or appointed to that position by the agreed procedures of the relevant association or club. In some cases, the positions defined here may not be filled. Clubs and Associations should ensure that someone with relevant experience is available to perform the handicapper's duties when required. At club level this will normally be the Club Captain with advice from senior players.
- 1.3 Croquet **players** in these Regulations are members of croquet clubs in New Zealand who play Association or Golf Croquet. They are herein referred to as players.
- 1.4 A **tournament** is an Official Tournament or another Tournament as described in Tournament Regulation 2. Most tournaments are advertised in the Yearbook. A tournament may consist of a single event, but most tournaments consist of several discrete events, e.g. Men's Singles, Women's Singles, Open Doubles, etc. Tournaments are governed by the Tournament Regulations.
- 1.5 An **event** is a single competitive event, open to a defined range of players, and expected to have a single winner, eg, Championship Singles for Handicaps 9–16, Women's Handicap, etc. Social events (Tournament Regulation 2.4) are excluded. An event may be part of a tournament, or may be independent of tournaments (e.g. a club competition).
- 1.6 **Competitive games** are those that are part of an event. They are governed by the Tournament Regulations and the Laws of Association Croquet or the Rules of Golf Croquet, and include but are not limited to;
 - 1.6.1 Tournament games
 - 1.6.2 Interclub and inter-Association games; and
 - 1.6.3 Club competitions
- 1.7 A **long-running competition** is a competition where individual games are played over a number of weeks or months (i.e., a competition not held on one day or over two or more consecutive days).
- 1.8 A player's **handicap** is a number used to determine the number of bisques or extra strokes to be given or received in handicap play (AC Laws 42 and 53) and GC Rule 20). It may also determine whether the player is eligible for a particular event.
- 1.9 A player's **index** is a number recorded on the AHS card, which changes after each competitive singles game. When the index changes sufficiently, it will trigger a change in handicap (see the instructions on the AHS card).

2. Handicaps:

- 2.1 These regulations govern the administration of players' handicaps under the Laws of Association Croquet and Rules of Golf Croquet in New Zealand.

- 2.2 Handicaps for players shall be on a scale with a range from -3 to 24 for AC and -6 to 16 for GC with steps as set out on the AHS card.
- 2.3 Every player shall have an official handicap determined as below (Sections 3 and 4).
- 2.4 All players will be given an initial handicap by their Club when they start playing. Thereafter their handicaps will change as described in Sections 3 and 4 below.
- 2.5 In handicap games, players use the handicap shown on their cards at the start of that game to decide entitlement to bisques or extra strokes.
- 2.6 For level (non-handicap) games, players use the handicap shown on their cards at the start of the games to determine the index changes after the games.
- 2.7 Any player wishing to enter singles or doubles competitions or play competitive singles or doubles matches shall be entitled to do so only if they comply with these regulations.

3. Automatic Changes of Handicaps

- 3.1 The Automatic Handicapping System (AHS) is the primary method by which handicaps change.
- 3.2 Competitive AC singles games and competitive GC games are referred to as "eligible games".

Whenever players play a competitive AC singles game or a competitive GC game, they update their AHS card according to the instructions on the card and/or CNZ website. In most cases this will result in a change in their index. When the index changes sufficiently, that will trigger a change in the player's handicap (see the instructions on the card).

- 3.3 Indexes do not change as a result of AC doubles play, except as in Section 4.
- 3.4 While indexes change after most games, handicaps only change when:
 - 3.4.1 immediately after a game, the index has reached or passed the trigger point for a new handicap, or
 - 3.4.2 before the next game played after a non-automatic handicap change is made.

4. Non-Automatic Changes of Handicaps

- 4.1 In some situations the AHS is unable to respond, or unable to respond quickly enough, to changes in a player's ability. These situations include:
 - 4.1.1 The player plays no or very few eligible games
 - 4.1.2 The player's play improves or deteriorates so rapidly that the AHS cannot keep up.
- 4.2 In these situations, Handicappers are empowered to change players' handicaps. **For both AC and GC** handicaps there is no restriction on the amount of change permitted.
- 4.3 In making these changes, Handicappers must be guided by considering what handicap the player needs to be on to compete effectively with other players who *are* playing sufficient competitive games for the AHS to be effective.

5. Players shall:

- 5.1 Complete an entry on their AHS cards for each eligible game played.
- 5.2 Maintain an accurate record on their AHS cards of all the eligible games they play and report their current handicaps and indexes to Tournament or competition Manager at the start of an event.
- 5.3 If their handicap changes, as a result of any game played in a competition, have the event Handicapper sign their cards confirming the change before playing any other singles game.
- 5.4 Advise their Club or Association Handicappers as soon as possible whenever their handicaps changes.
- 5.5 Show their official cards to Tournament Managers and all handicappers on request.
- 5.6 Provide a copy of their handicap cards (either electronically or via post) to the Manager within 7 days of the competition in the event that they have forgotten their handicap cards on the day. If this is not provided, the players are liable to disqualification and/or disciplinary action.

Note: Should players wish to keep a card of non-competitive games, they may do so, but this must be kept separate from the official card.

Beginning players should be encouraged by handicappers and clubs to keep unofficial cards of singles games for interest and experience, and to assist their Club Handicapper to assess their play.

6. Association Handicappers shall:

- 6.1 Assist Club Handicappers in understanding the handicapping system and these Regulations.
- 6.2 Co-operate with Club Handicappers when they are making non-automatic handicap changes, to ensure that a uniform standard applies throughout the association. This is particularly important when the player is playing in competitive events that may not qualify for AHS, e.g. Inter-club AC doubles events.
- 6.3 Where operating as a Tournament Handicapper, fulfil all the appropriate duties as in Section 8.

7. Club Handicappers shall:

- 7.1 Make any required non-automatic handicap changes for players within the Club and notify the Association Handicapper of the handicaps of these players when the changes are made.
- 7.2 Check and sign the AHS cards of players whose handicaps change automatically as a result of games played.
- 7.3 Observe the play of club members during club or interclub competitions.
- 7.4 Optionally, provide a letter to accompany a club member who is about to enter a tournament/competition and is improving rapidly, addressed to the Tournament Manager suggesting that the player's handicap should be kept under review.
- 7.5 Keep a record of the current handicaps of all players within their club and provide assistance to those players requiring help in maintaining an accurate official AHS card.

- 7.6 Assign handicaps to new players in accordance with Section 8 below.
- 7.7 Update the Croquet New Zealand player database with the details of any player whose handicap has changed as a result of actions under 7.1, 7.2, or 7.6. A handicapper who does not have database access to make these changes must ensure they are made by an authorised person.

Guidelines:

- In making non-automatic handicap changes, Club Handicappers are expected to use the handicaps of other players with similar skills as benchmarks.
- Club Handicappers will not need to seek approval from elsewhere for any decisions they make about non-automatic handicap changes. However, advice may be sought from Association Handicappers if the Club Handicapper wishes and must be sought if the player is going to play competitive games that may not qualify for AHS, e.g. AC inter-club doubles.
- Clubs may require that non-automatic handicap changes for club members be determined by committee and in this case the Club Handicapper shall comply with the committee's decisions.

8. New Players:

- 8.1 Club Handicappers shall assess each new to croquet player when the player has joined the club as an affiliated player and are admitted to general club play. For GC the procedures in the Appendix to the WCF GC Rules should be used to assign them an initial handicap. For AC the handicapper should assign them a handicap from 16 to 24, based on the level at which they are best likely to compete.
- 8.2 The starting AHS index will be the one corresponding to the starting handicap. The Club Handicapper must sign the card after assigning the initial handicap.

9. Foreign Players:

- 9.1 Foreign players from countries where CNZ has published an official table of equivalent handicaps will be assigned a NZ handicap based on their index. Other players will be assigned an initial handicap based on the handicaps of NZ Players of similar World Ranking. Note: As from September 2018, players from Australia and the UK should be able to use their existing handicaps since NZ is now using the same system.
- 9.2 This will be calculated and assigned by the Tournament Manager of the first tournament they enter.
- 9.3 Following that assignment, they shall be treated as any NZ player to whom the AHS applies.

10. Shortened Games:

The provisions of these Regulations shall apply to shortened games played under any of the official variations in AC Laws 51–53 and to any GC game played according to the Rules of GC.

FURTHER GUIDELINES

The official AHS card

- Instructions for use of this card are printed on the card and/or shown on the CNZ Website.
- New AHS cards will be issued free of charge to all Clubs on request to the National Office.

Aim of the system

- The aim of the Automatic Handicapping System is to ensure that two players in a handicap game (or two players on the same handicap in a level game) have an equal chance of winning when they play each other.
- The Automatic Handicapping System does this by adding points when games are won, and subtracting points when games are lost. These are called “index points”.

Index Points

- Each player is required to maintain an AHS card, which records the result of every eligible game and the index points added or subtracted.
- Index points increase after each win and decrease after each loss. The winner adds the number of points to his index that are shown on the AHS card for the handicaps of the two players involved. The loser subtracts the number of points shown on the AHS card. The number of points depends on whether the game is played handicap or level.
- For handicap singles games the number of points is always 10 (except in GC for players of handicap 14 or 16 and in AC for players of handicap 20 to 24).
- For handicap doubles games in GC the number of points is 5 except for players of handicap (14 or 16).
- For level games the number of points varies depending on the handicaps of the two players.

Handicap Changes

- Winning games and thus accumulating index points can result in a player reaching or passing the “trigger point” for a handicap different from the player’s current handicap, at which time their handicap will reduce.
- Losing games and thus losing index points can result in a player reaching or passing the “trigger point” for a handicap different from the player’s current handicap, at which time the handicap will increase.

Part A:

General

1. Introduction

- 1.1 Croquet New Zealand (hereafter CNZ), the Australian Croquet Association (Inc) and The Croquet Association of England have agreed that each independently may set the Regulations for Association Croquet tournaments held within their respective jurisdictions. These regulations have been modified to cover Golf Croquet as well as Association Croquet.
- 1.2 These Regulations are made by CNZ and are to be read in conjunction with the Constitution of CNZ, the Laws of Association Croquet, the Rules of Golf Croquet and the CNZ Handicap Regulations as appropriate (referred to below as “the Constitution” or “the Laws”, or “the Rules” respectively) and the relevant Laws or Rules of any other variations of the game approved by CNZ.
- 1.3 The Regulations in this document shall apply to all tournaments except where exemptions are specified.
- 1.4 The Laws of Association Croquet shall apply in all Association Croquet events and the World Croquet Federation (WCF) Rules of Golf Croquet pertaining to the play shall apply in all Golf Croquet events as will WCF Refereeing Regulations. Other types of events shall be played in accordance with their established laws or rules.

2. Definitions

- 2.1 There are two classes of tournaments: Official Tournaments and Other Tournaments. Official tournaments are further classified in tiers, as defined in Appendix 5 of the Tournament Regulations.
- 2.2 Official Tournaments are all tournaments held under the direct or indirect control of CNZ, i.e., those sponsored by CNZ and referred to in these Regulations as “CNZ Tournaments”, and those tournaments sponsored by an Association or Club which comply with Regulations 4.1 to 4.2.
- 2.3 Other Tournaments are those tournaments organised by Associations and Clubs which are not required to comply with Regulations 4.1 to 4.2.
- 2.4 The definition of tournament encompasses all CNZ events, association events such as interclub, challenges etc. and club competitions, which are played over one or more consecutive days or intermittently over some extended period. It does not include social events of whatever form, which may be played however the organisers wish.

3. Variations in the Laws, Rules and Regulations

- 3.1 The organisers of a tournament may apply to the relevant committee of CNZ (the Laws Committee or the Tournaments Committee) for permission to vary the Laws or these Regulations.
- 3.2 Such an application shall be made not later than one (1) week before the tournament is due to begin, although a later application may be considered in an emergency; such an application shall be made either in writing or verbally to the Chair of the relevant committee. In either case, the Convenor of that committee must advise the Chief Executive in writing of the application and its outcome.

- 3.3 If permission for a variation is obtained for a particular tournament or event, it shall continue for the same tournament or event in successive years unless the committee granting the permission specifies otherwise.
- 3.4 Any variations of the Laws/Rules or these Regulations that apply to a tournament shall be advertised in the tournament advertisement or any tournament notices that may be prepared and must be specifically advised to the players at the beginning of the tournament.

4. Advertising Tournaments

Official Tournaments

- 4.1 For CNZ Tournaments, the Tournament Committee, and for other Official Tournaments the organiser of the tournament, shall, prior to dates specified each year by the Chief Executive, apply for approval to stage those tournaments by submitting to the Chief Executive tournament advertisements for inclusion in the Yearbook containing the following details for each tournament:
 - 4.1.1 the starting date, place and the planned duration of the tournament;
 - 4.1.2 the number and nature of the events (including any provision that individual matches may be played as multiple games), who may compete, and the amount of the entrance fee;
 - 4.1.3 the number, and size (if not full size) of the lawns;
 - 4.1.4 the maximum number of entrants in any event (if necessary);
 - 4.1.5 the type of balls to be used if Dawson balls are not to be used;
 - 4.1.6 details of trophies;
 - 4.1.7 the hoops to be used, if Quadway hoops are not to be used
 - 4.1.8 the closing date for entries and the address to which they must be sent. For CNZ tournaments entries must be received, with the relevant New Zealand dollar payment, by the Chief Executive by the closing date set, though if the maximum number of entrants has not been exceeded, late entries may be accepted;
 - 4.1.9 the venues to be used for the tournament including the Headquarters;
 - 4.1.10 the time of the opening ceremony or the commencement of play on the first day of play;
 - 4.1.11 any variations in the Laws, Rules or Regulations for which permission has been obtained in accordance with Regulation 3;
 - 4.1.12 any other conditions for the event including the hoop size to be used. If no hoop setting specification appears in the advertisement, then hoops will be set to the largest ball plus $\frac{1}{16}$ th of an inch with an upward or downward tolerance of $\frac{1}{32}$ nd of an inch.
 - 4.1.13 By a further date specified by the Chief Executive each year the following additional details shall be provided to the Chief Executive: the names of the Tournament Manager, any Assistant Manager/s and the Tournament Referee for Tier 1 Events.

- 4.2 The Chief Executive shall before publication consult the Manager concerning any substantive alteration made to the tournament advertisement. Any failure to consult shall not, of itself, lead to the loss of official status for the tournament.
- 4.3 Associations staging any CNZ fixture must ensure it does not clash with any other CNZ fixture where any player might be eligible to play in both events. Association play-offs for the Arthur Ross, Don Reyland Stars and Silver Badge competitions are CNZ fixtures. AC and GC Silver Badges should be considered as separate events.

Other Tournaments

- 4.4 Any advertisement produced for such a tournament shall specify those conditions defined in 4.1.1 to 4.1.13 above that are relevant to the tournament. Where no advertisement is produced, the competitors shall be informed of the tournament conditions before play commences.
- 4.5 Advertisements for such tournaments (e.g. weekend tournaments) may be combined at the discretion of those organising them.

5. World Rankings

- 5.1 Excluding games played in internal Club tournaments e.g. Club Championship and Club Silver Badge events, generally, the results of all other relevant AC and GC levels play singles games, from tournaments appearing in the CNZ or Regional tournament programmes, are eligible for inclusion in the World Rankings. The relevant criteria are:

AC – games shall be advanced play, 26 point

GC - games shall be 13 or 19 point.

- 5.2 Game results correctly entered to Croquetscores will subsequently be extracted and processed for entry to the ranking systems. Refer to the CNZ Tournament Managers' Guide or the How To Use Croquet Scores manual, on the CNZ website for more details. Failure to comply with standard input requirements may mean results will not be processed for ranking.
- 5.3 In particular, include HANDICAP in the title of the event to avoid the inclusion of handicap game results.
- 5.4 If Croquetscores is not used for tournament management, or where multi-game match results are entered to Croquetscores instead of individual game results, then eligible game results can be separately submitted for ranking purposes.

Send GC results, in the required format, to the NZ GC Ranking Officer (contact details available from CNZ Office).

Send AC results to acresults@worldcroquet.org Refer to the WCF Ranking Regulations on the WCF website for the relevant formatting requirements.

Part B:

Tournament Management – Powers and Duties

6. Tournament Management Powers and Duties

6.1 Tournament Management Committee

The Tournament Management Committee (TMC) consists of the Tournament Manager and Tournament Referee. Should these roles be filled by the same person, a second member must be appointed in order to consider appeals made under Regulation 17. If the Tournament Referee is the only Authorised Referee, another Qualified Referee, who may not be physically present, must be appointed, and be available to consider appeals made under R6 of the Referee Regulations. The Tournament Management Committee is also responsible for considering non-automatic changes to players' handicaps.

- 6.1.1 Each Association hosting a CNZ Fixture is responsible for appointing the Tournament Manager and the Tournament Referee. The Tournament Committee will review the appointees prior to the Yearbook being published and raise any questions or concerns with the Association. For other tournaments the organisers should appoint the TMC.
- 6.1.2 Each Association or Club wishing to hold an Official Tournament must appoint a Manager, and a Tournament Referee who shall together constitute the Tournament Management Committee and who shall be responsible, insofar as the duties of each are herein defined, for the administration, interpretation and enforcement of the Laws/Rules and these Regulations.

6.2 Tournament Manager

- 6.2.1 It is the duty of the Manager to manage the tournament in all respects and to ensure that it is as enjoyable as possible for players, officials, spectators and all others involved.
- 6.2.2 From the time of appointment the Manager may act, in consultation with those organising the tournament, to meet the obligations specified in these regulations assuming primary responsibility for organising and running the tournament on receipt of the entries.
- 6.2.3 For Official Tournaments, the Manager shall determine for each event the number of entries that the capacity of the lawns and the duration of the tournament will allow, where this is not laid down in the tournament advertisement.
 - 6.2.3.1 Entries received before the closing date should be held and considered together on or as soon as possible after that date.
 - 6.2.3.2 Procedures for Dealing with Acceptance of Entries
 - 1. For CNZ Fixtures, entries received by the allocation date of 6 weeks prior to the event, as long as the event is not oversubscribed, shall be accepted. After this date entries will be accepted in order of receipt. The closing date shall be 2 weeks before the event starts.

2. If the number of entries then exceeds the number of places available, the Manager and current trophy holders shall be given priority. Thereafter (for individual/doubles events, but not team events), any player who is a member of an overseas association claiming reciprocal rights will be given priority provided the player is in the top 300 world ranking at the allocation date.
 3. If no further criteria are specified in the tournament conditions, then amongst players with the same priority: for Championship events, the players with the highest ranking Dynamic Grade (DGrade) at that date shall be selected; or if not oversubscribed at the allocation date, all the entries submitted should be accepted. Entries received subsequently should be accepted in order of receipt until the event is full or the closing date is reached. If the number of entries then exceeds the number of places available, the current trophy holders shall be given priority, then in CNZ Tournaments players shall be ranked and then accepted in order from lowest to highest of their NZ handicaps at that date, up to the number of places available. For entrants without a NZ handicap, Regulation 9 of the NZ Handicapping Regulations will apply. The Manager has the right to allocate one or two wild card entries.
- 6.2.3.3 For events for which there is a previous qualifying event, the Tournament Management Committee may reserve a previously advertised number of places to be allocated on the results of the qualifying tournament.
 - 6.2.3.4 Surplus entrants should be notified as soon as possible and placed on a reserve list in the order in which they would have been accepted, if additional places had been available.
 - 6.2.3.5 If not oversubscribed at the closing date, all the entries submitted shall be accepted.
 - 6.2.3.6 After the closing date, entries may only be accepted with the agreement of the Manager.
 - 6.2.3.7 Refund Policy. In the event that any player withdraws from an event prior to starting play, the player may apply for a refund of the entry fee. Any refund will be entirely at the discretion of the Chief Executive who will take into account administrative expenses as well as the cause of the withdrawal before deciding upon the level of refund, if any, to be made.
- 6.2.4 All Managers should ensure that they are fully familiar with these Regulations and the tournament handicap conditions for the particular tournament and events they are managing.
 - 6.2.5 The Managers shall ensure that standard or modified lawns are available, laid out and equipped in accordance with the Laws (Rules), and shall also provide balls identical in type and manufacture to those listed in the tournament advertisement.

- 6.2.6 At the beginning of the tournament the Manager shall inform the players which method of play is being used in each event and any procedures that will be used to break ties. They will record this information in the Commentary section of Croquetscores.com (see Section 12.6).
- 6.2.7 Before play commences in the tournament, the Manager shall check that players' handicaps are accurately recorded on tournament records.
- 6.2.8 Finishing dates shall be strictly adhered to. Unless extreme weather or other unforeseen emergency intervenes, each event of a tournament shall finish on, and not before, the advertised date. An event may be shortened if there are enough entries for an event to proceed but insufficient for a normal draw based on the specified number of days. If this is the case, entrants will be advised shortly following the closing date.
- 6.2.9 The Manager or nominee has the power to refuse any entry and, after due consultation, the right of deciding any question which may arise regarding such refusal but must give on request the reason(s) to the person refused.
- 6.2.10 The Manager shall supervise the draw or nominate another to do so, subject to any requirements specified for the particular event(s).
- 6.2.11 In Official Tournaments, the Manager shall decide the order of play, and for CNZ tournaments shall implement any instructions received from the Tournament Committee Chair or designee. The Tournament Committee Chair and/or designee should hold a meeting with the manager to discuss all aspects of the tournament as soon as possible after the closing date.
- 6.2.12 In events restricted to specified handicap ranges the Manager shall draw the players in their appropriate event as entered on their application forms, except where a handicap change that occurred between preparing the entry and the closing date is notified.
- 6.2.13 The Tournament Manager should communicate with all players at least 4 days prior to the start of the first event to inform them of formats, timings and any other useful information such as social events/lunches etc.

7. During the Tournament

- 7.1 The Manager shall allot lawns to the players, declare any lawns unfit for play, and shall have the discretion to prohibit any play other than tournament play on an area adjacent to a lawn where a match is being played. If play in any event is unavoidably delayed, e.g. by flooding of the lawns, the Tournament Management Committee (or the Manager if delegated that authority by the Tournament Management Committee) may change the nature of that event and any subsequent events in the tournament as necessary including reducing the duration of games.
- 7.2 When considered absolutely necessary, the Manager may direct that any game shall be played elsewhere than advertised, and at any time. However, play should be limited to hours where there is a reasonable amount of daylight, unless arrangements have been made for artificial lighting.

- 7.3 Each game shall with the following exceptions be played without pause and on the same lawn unless circumstances make it necessary to do otherwise. However, play may be interrupted, and clocks may be stopped:
- 7.3.1 in any case of emergency with the permission of a tournament official;
 - 7.3.2 in any situation that is not part of the game but is likely to prevent play for more than approximately one minute, e.g. the adjudication of a claim for a wiring lift in a double-banked game on the same lawn.
 - 7.3.3 in the event of a lunch or tea-break with the authority of the Manager, or of the game being pegged down for later completion.
- 7.4 No game, once started, may be moved to another lawn for other than climatic reasons. Games within a match may be moved.
- 7.5 The Manager may replace a player who withdraws during the playing of an event by a player who had not entered the event. The Manager may choose to allow the replacement player to be a competitor or a non-competitor at the Manager's discretion, except that in the case of events that are a part of the New Zealand Championships, the CNZ National Golf Croquet Tournament, the Arthur Ross Memorial Event or the Don Reyland Memorial Stars Event where a replacement player may not be a competitor. For a replacement player to be allowed, they should be able to complete the full playing schedule of the withdrawer.
- 7.6 Official Tournaments shall be played on full-sized lawns, if these are available.
- 7.7 Only balls which have been approved by CNZ shall be used in all Official Tournaments.
- 7.8 Double banking may be used if required.
- 7.9 Peeling turns involving triple peels or greater are to be recorded.

8. Tournament Programme

- 8.1 The Manager shall decide for each day the starting and finishing times giving due regard to the need to take full advantage of the prevailing daylight. If failing daylight is likely to affect a game the players should be informed of it before starting play and advised of alternative arrangements. Managers may extend play into evenings whenever desirable to assist in completing the tournament within the time set.
- 8.2 The Manager shall announce at the start of each tournament the amount of time players will have before the first game each day to hit up on their allocated lawns and details of what warm-ups will be available for players with first game byes. Such warm-ups are to be completed before the scheduled starting time. The Manager at his discretion may allow hit ups before the start of any other game.
- 8.3 No game shall fail to start, or fail to be completed because of wet weather, except with the Manager's permission. The manager should regard players welfare as of paramount importance.

Note: The initials AC and GC shall be taken to read Association Croquet and Golf Croquet as appropriate in the following regulations.

- 8.4 The Manager may alter the tournament programme, if necessary, by:
- 8.4.1 imposing time limits in accordance with Regulations 9.1 and 9.2;
 - 8.4.2 shortening games in accordance with Part 3E of the AC Laws;

- 8.4.3 deciding that the final of an event in which games have been shortened or limited, shall be played as a full game, with the right to override Regulation 9.1 to allow enough time to play a full game to completion if necessary.
 - 8.4.4 introducing a two-life variation as prescribed in Regulations 20.2.2, 20.2.3 and 20.2.4;
 - 8.4.5 allowing extra time for double banking;
 - 8.4.6 sanctioning other changes, as requested by the Tournament Management Committee, provided these do not contravene the Laws, Rules or these Regulations.
- 8.5 The Manager may adjourn an unfinished game, [AC: provided no ball is in a critical position as defined in the Glossary of the AC Laws. If this involves pegging down at a point at which any of the provisions of Laws 39 or 40 will come into operation in the subsequent turn, it shall be the Manager's duty, on resumption of play to remind the striker of such provision.]
 - 8.6 In the case of a pegged-down game, the Manager shall take all reasonable care to ensure that the balls and clips are replaced correctly before the game is resumed. Should the players elect to replace the balls and clips themselves, they become responsible for each such replacement and for any error that may later be brought to light regarding it.
 - 8.7 Managers shall advise players of a pegged-down game that there will be no warm-up prior to the game's re-start.

9. Time Limits

- 9.1 The Manager may impose a time limit
 - 9.1.1 on all games in an event provided that such a time limit is advertised in advance or announced at the tournament before the start of the event, in which case subject to Regulation 8.4 it may not be removed; or
 - 9.1.2 on each game in any round in an event.
- 9.2 The minimum time for a game shall be as follows;
 - 9.2.1 In GC, 60 minutes.
 - 9.2.2 When time has expired in a GC game there shall be an extension period with play consisting of two further turns for each ball.
 - 9.2.3 In AC, two hours for games in a weekend tournament or games shortened in accordance with Part 3E of the AC Laws, and two and a half hours otherwise.
- 9.3 If no time limit has been imposed under Regulation 9.1 above, the Manager, of an event or team competition may impose a time limit on a game that the Manager considers is impeding the progress of that event or competition. The Manager may impose the following;
 - 9.3.1 In GC, 20 minutes on a game that has been in progress for a minimum of 60 minutes;
 - 9.3.2 In AC, one hour on a game that has been in progress for a minimum of 90 minutes in a weekend tournament or is a shortened game played in accordance

with Part 3E of the AC Laws, or otherwise has been in progress for a minimum of two hours.

- 9.4 In matches comprising more than one game, any time used after time is called in a game is not counted against the allotted times for the remaining games in the match.
- 9.5 It is not permissible to change the number of points being competed for when a time limit is imposed in accordance with Regulations 9.1 – 9.3
- 9.6 In GC, the conclusion of a time-limited game is covered by Rules 19 and 20.12.
- 9.7 In AC, the conclusion of a time-limited game is covered by Law 61.

10. In Relation to Players

- 10.1 A dispensation of 24 hours is granted to a competitor when travelling from one CNZ Tournament to another CNZ Tournament. Association Finals of the Arthur Ross Memorial Event, Don Reyland Memorial Stars Event and the CNZ Silver Badge competitions are CNZ Tournaments. For the purpose of this regulation the timing of dispensation commences when the competitor ceases playing.
- 10.2 Any objection made to a competitor's qualification must be in writing, signed by another player in the event and handed to the Manager before the competitor's first game in the event has commenced. The Tournament Management Committee shall decide on each such objection and report their decision to the Chief Executive.
- 10.3 If any player has a grievance that cannot be settled by the Tournament Manager, the matter is to be settled by the Tournament Management Committee.
- 10.4 Players must report to the Manager each day on arrival at the grounds and must get the Manager's permission to leave the grounds if they wish to depart before the end of play for the day.
- 10.5 The Manager shall decide about any unsanctioned absence and may scratch or disqualify the player(s) in accordance with Regulation 17.3 and report such action to the Chief Executive.
- 10.6 CNZ Trophies must be returned to the Chief Executive, in a clean condition, no later than 30 June each year. Postage is the responsibility of the trophy holder, but engraving will be paid for by CNZ.

11. After the Tournament

- 11.1 As soon as possible after all CNZ Tournaments the Manager shall:
 - 11.1.1 send a tournament report to the Chief Executive using the form provided.
This report must include any changes made to the tournament programme in accordance with Regulation 8.4;
 - 11.1.2 update the CNZ Database with any handicap changes.
 - 11.1.3 send a report to the Chief Executive on any scratching or disqualification under Regulation 17.3, or any withdrawal under Regulation 15.
 - 11.1.4 ensure all results are entered correctly into CroquetScores.com and the rankings file sent for inclusion in the rankings where applicable.

12. Miscellaneous

- 12.1 Balls, hoops and other court equipment used for CNZ Tournaments will normally be supplied by the host association or club.
- 12.2 Clubs are responsible for the cost of lawn cutting. If they believe that significant additional expense is required to meet the lawn speed requirements, they may apply to the Chief Executive for additional financial support.
- 12.3 If there is a tie at the end of an event the prize money will be divided equally between those players.
- 12.4 The Manager of an Association Croquet event, or tournament, should ensure that each player is provided an adequate number of potential games for the entry fee and cost of travel and accommodation. For an event or tournament advertised to take place over two (2) days this means at least five (5) potential games for each player; over three (3) days at least eight (8) potential games; over four (4) days at least 11 potential games; and, over five (5) or more days at least 14 potential games.
- 12.5 The Manager of a Golf Croquet event or tournament should ensure that all players have at least five (5) potential games for each advertised day of the event to ensure an adequate number of games for the entry fee and cost of travel and accommodation.
- 12.6 Croquetscores.com

Managers for CNZ events must use Croquetscores.com and its use is strongly encouraged for all other events. This website allows players, friends, family and all interested parties from around the world to access tournament results in one location. At the end of level play events, the website provides a facility that generates a file that can be sent for Ranking purposes. It is free for all NZ Managers to use.

12.7 Reporting of Scores

The Tournament Manager should allow players a short period after completion of an event, or phase of an event, to check that results shown on display sheets and/or Croquet Scores are correct. The TM should correct any errors advised during this period before results, and the draw for the next phase if applicable, are considered final.

Part C:

Players' Responsibilities

13. Players' Eligibility to Compete

- 13.1 A player's eligibility to compete in Official Tournaments is laid down in the CNZ Constitution.
- 13.2 Players' eligibility for handicap restricted events is determined by their handicaps at the closing date of entries for that event (i.e., at the end of the player's play on that day).
- 13.3 Players may enter and play in a handicap-restricted event in a tournament where their handicaps are higher than those specified for that event. They may not play in an event where their handicaps are lower than that specified for the event.
- 13.4 Any croquet player resident in New Zealand who is a member of an affiliated club, and on whose behalf a levy has been paid to CNZ for that year may enter any tournament provided he or she complies with all Handicap Regulations.

- 13.5 All croquet players who are affiliated members in any country belonging to the WCF have automatic rights in any other WCF member country. (Regulation 14)

14. Reciprocity of Membership

See Appendix 7.

15. Withdrawing from an Event

- 15.1 Players defaulting the first game in an event which allows the loser to enter a Plate competition shall retire from the whole event.
- 15.2 If a player withdraws or is scratched before starting a game in any round of a knockout event, the opponent for that game receives a walk-over. If a player withdraws from the final, the opponent is declared the winner of the event.
- 15.3 Subject to 20.7.7 below, should a competitor in a section-play event default, withdraw or be scratched or disqualified before completing all of his or her games in the section, the procedure laid out in 20.7.9 below shall be applied. Should the winner of a section withdraw before the next stage of the event, the runner-up in the section shall take the winner's place in the next stage, etc.
- 15.4 A player who withdraws from X or Y in an XY or XYZ event may not enter Y or Z.
- 15.5 If a player decides to withdraw from an event after the event has commenced, that withdrawal is final and cannot be reversed once the Manager has been informed of the player's decision without the Manager's approval.
- 15.6 A player who offers either before or during a game to concede that game may be considered to have scratched or withdrawn from that event.
- 15.7 If a game has started and a player withdraws, the game will be recorded and the score will be 26 to the non-withdrawing AC player (or the equivalent score for a GC game) against the score of the withdrawing player at the time of the withdrawal.

16. Responsibility for Correct Handicap

- 16.1 Notwithstanding anything in these Regulations which may be deemed to be to the contrary, all players have the sole and final responsibility to play at the correct handicap in any event. If they neglect this responsibility and play at a higher handicap than that to which they are entitled they shall be disqualified from the event.
- 16.2 Players who have not neglected their responsibilities as specified in 16.1 and who have been incorrectly entered into an event by the Manager or by the Tournament Committee, so that they are disqualified, are entitled to have their entry fee reimbursed.
- 16.3 It is the duty of all players to record their correct handicap on the entry form. Players should immediately advise the Manager if they have any change to their handicap before a tournament starts. (See also Regulation 13.2)
- 16.4 Before the start of an event players should satisfy themselves, by reference to the Tournament Manager or Handicapper, if necessary, about the correctness of their handicaps as indicated on the charts and other documents of the tournament.

17. Liability to be Scratched or Disqualified

- 17.1 A player shall be liable to be disqualified under Regulations 13.3, and 16.1 above.
- 17.2 A player shall also be liable to be disqualified at the discretion of the Tournament Referee or a Referee in Charge of a Game.

- 17.3 At the discretion of the Manager, a player shall be liable to be disqualified for any of the following:
- 17.3.1 being absent or otherwise unable to play when called upon or failing to comply with any reasonable direction of the Manager, Referees or the TMC.
 - 17.3.1.1 Nevertheless, a player whose unavailability is expected to be temporary may appeal to the Appeals Committee against being required to play. The Appeals Committee may agree that the player should not be scratched if available to play again soon enough to ensure that all games in the event can still be reasonably completed within the scheduled period;
 - 17.3.2 changing a set or part of a set of balls during a match or at any other time during the event without first having obtained the Manager's permission;
 - 17.3.3 practicing on the lawn before or during the hours of play other than in accordance with Regulation 8.2;
 - 17.3.4 failing to comply with a request from the Manager either to remedy a breach of clothing standards, or to wear flat-soled shoes;
 - 17.3.5 misconduct including breaches of the CNZ Code of Conduct.
- 17.4 In all cases of disqualification, players shall forfeit any entrance fees which they have paid and shall return any prizes that may have been awarded to them.
- 17.5 In all cases of disqualification there is a right of Appeal to the Tournament Management Committee. The official whose ruling is being appealed should not hear the appeal but should be replaced by a Deputy or if none is available by an independent knowledgeable person, who may be an experienced player in the tournament. A written report on all Appeals and their outcomes should be sent to the Chief Executive within 48 hours of the Appeal hearing.

18. Reporting Scores

- 18.1 Players are responsible for reporting results of games correctly to the Tournament Manager. Where score cards (or equivalent) are used, both sides must check and sign the score card.

Part D: Seeding and Methods of Playing Events

19. Seeding

- 19.1 Seeding is permitted in all Official Tournaments.
- 19.2 All players will be seeded in order determined by their most recent ranking in the World Croquet Federation ranking system. For seeding purposes, any player who is not in the ranking system will be assigned a ranking by the Manager, equal to that the WCF system would initially assign them based on their handicap. In the event of seeding by ranking being required part-way through an event, the Manager may use the latest available rankings or, if experienced in the ranking system, use best endeavours to provide an accurate ranking order taking into account very recent results. Players will be informed before the start of the tournament which method will be used.

- 19.3 When an event is played in sections, the “striping” method of assigning players to sections will be used to achieve comparable playing strengths in each of the sections. To illustrate the “striping” method, when there are 8 sections, the first 8 seeds are assigned in order to sections 1 to 8; the next 8 seeds are assigned in order to sections 8 to 1, and so on. In addition to avoid, so far as is possible, imbalances between sections in the numbers of players from the same club, having close relatives in the same section. The numbers of competitors in each section should be as even as possible. Using the strict striping method applies to top events. Managers have the discretion to split blocks because of relationships for most events.

20. Methods of Playing Events

One of the following systems of play shall be adopted for each scheduled event in all Official Tournaments unless permission for a different system or variation has previously been obtained in accordance with Regulation 3.1.

20.1 Single Life Knockout

The draw is compiled by means of the following rules:

- 20.1.1 In a seeded draw, the seeds will be placed in the following order: 1, 16, 9, 8, 5, 12, 13, 4, 3, 14, 11, 6, 7, 10, 15, 2. Fewer seeds may be used as required, but the order of those used will be maintained. Seeds 1 and 2 must be in separate halves of the draw. 1 to 4 in separate quarters, 1 to 8 in separate eighths, and 1 to 16 in separate sixteenths. The byes are then allocated as per Regulation 20.1.4. Consecutive seeds can be deemed to be equal and drawn by lot into their respective positions.
- 20.1.2 Determine the total number of entries received and subtract this number from the next higher power of 2 (i.e. 4, 8, 16, 32, 64, 128, 256). This gives the number of byes.
- 20.1.3 If seeding is to be used, place the seeds in the draw in accordance with 20.1.1 above
- 20.1.4 Distribute the byes in the first round of the draw sheet as follows:
- A. If the number of byes is odd, one more bye is placed in the bottom than the top; or
 - B. If the number of byes is a multiple of 4 (i.e. 4, 8, 12, 16, etc) half are placed at the top and half at the bottom; or
 - C. In all other cases (2, 6, 10, 14, etc), either (at the choice of the manager, but consistently for an entire draw):
 - i. half are placed at the top and half at the bottom; or
 - ii. two more byes are placed in the bottom half than the top
 - D. Within each half the byes are to be distributed between the two quarters according to the same principle; similarly, within each quarter between the two eighths, etc. When a bye appears to need to be placed in a position already occupied (by a seed), the bye is instead placed as if drawn against that seed.

E. Byes can be omitted from a published draw sheet, with those players who are subsequently drawn against them promoted to the second round. This is a presentational change which does not affect the actual draw.

Note: For the purpose of speed, Managers may be instructed by the Tournament Committee to use alternative methods of distributing the byes.

20.1.5 The names of unseeded players are then drawn at random and entered into vacant positions on the draw sheet in the order in which they are drawn, starting at the top.

20.1.6 If a bona fide entry is omitted, the name of the player is inserted on the draw sheet in the position an additional name would occupy if the number of entries were one greater, and any consequential adjustment is made. If there is more than one omission or more than one possible position the matter is decided by lot. Alternatively, if there will be minimal disruption and the player omitted would otherwise be seeded, the Manager may decide to create a new draw.

20.1.7 If an entry is included in error, it is struck out and the draw remains valid. If the event has not yet started and it is practical to do so, the manager may instead decide to re-do the draw.

20.1.8 Byes shall be entered into CroquetScores.com as "Bye". This ensures that they are correctly dealt with by CroquetScores.com.

20.2 Draw and Process (The Two-Life System)

20.2.1 For the first life, called the Draw, the competitors are drawn on the knockout method and their names written down on a competition sheet of the appropriate size (for 4, 8, 16, 32 or 64 players). These names are then numbered from 1 upwards, starting from the top of the sheet. (For example, with 21 entries, the knockout method produces 5 byes at the top, 5 first-round matches and 6 byes at the bottom. The competitors at the top receiving byes would be given numbers 1 to 5, the competitors in the first-round matches numbers 6 to 15, and the competitors at the bottom receiving byes numbers 16 to 21.)

Bagnall-Wild System
TABLE OF BYES

Byes shall be allotted in accordance with the following table:

- 20.2.2 One of the following series of numbers, according to the number of entries, is then written down in full in the sequence given below on a second competition sheet, called the Process, which must be the same size as the Draw sheet, starting from the top of the sheet –

1 to 4 entries

1:3:2:4.

5 to 8 entries

1:5:3:7:2:6:4:8.

9 to 16 entries

1:9:5:13:3:11:7:15:2:10:6:14:4:12:8:16.

17 to 32 entries

1:17:9:25:5:21:13:29:3:19:11:27:7:23:15:31:

2:18:10:26:6:22:14:30:4:20:12:28:8:24:16:32.

33 to 64 entries

1:33:17:49:9:41:25:57:5:37:21:53:13:45:29:61:3:35:19:51:11:43:27:59:7:39:23:5:

5:15:47:31:63: 2:34:18:50:10:42:26:58:6:38:22:54:14:46:30:62:

4:36:20:52:12:44:28:60:8:40:24:56:16:48:32:64.

- 20.2.3 The names of the competitors on the Draw sheet are written down against their corresponding numbers on the Process sheet, a blank being left against numbers which have no corresponding names (e.g. with 21 entries, a blank would be left against numbers 22 to 32). Competitors bracketed with a blank thus receive byes into the second round, and it should be noted that, unlike the knockout method, this system may produce byes and matches interspersed throughout the sheet. The system also ensures that competitors who met in the first and second rounds of the Draw cannot meet in the Process before the final and semi-final rounds respectively.
- 20.2.4 The matches on the two sheets are played in the ordinary way, the winner of the Draw playing an extra match against the winner of the Process to determine the winner of the first prize. If the same competitor wins both the Draw and the Process, that person wins the first prize without further play, and the two unsuccessful finalists play an extra match to determine the winner of the second prize. Further duplications which may arise are dealt with in a similar manner.

20.3 Two-Life Variations

These variations reduce the concluding stages of a two-life event to a single life.

- 20.3.1 **Variation A.** This is introduced when both lives have reached the semi-final stage and there are fewer than eight players involved. The draw is compiled on a draw sheet containing positions numbered from 1 to 8.

7 players: the player in both lives is placed in position 1 and receives a bye; position 2 is blank and the other players are drawn by lot to fill positions 3 to 8.

6 players: the two players in both lives are drawn by lot into positions 1 and 8 and receive byes; positions 2 and 7 are blank and the other players are drawn by lot to fill positions 3 to 6.

5 players: the three players in both lives are drawn by lot to fill positions 1, 3 and 8 and receive byes; positions 2, 4 and 7 are blank and the other two players are placed in positions 5 and 6.

4 players: all players are drawn by lot.

20.3.2 Variation B. This is introduced when both lives have reached the final stage and there are fewer than four players involved.

3 players: the player in both lives plays the winner of a game between the other two players.

2 players: they play each other once.

CNZ recommends that Variation B should not be used unless vital to completing an event since it removes a life from the unbeaten player.

20.4 The Automatic Two-Life System

20.4.1 All competitors initially have two lives. The names of the competitors are drawn at random one by one and written down, in the order drawn, on the left-hand side of the competition sheet starting from the top of the sheet. A few spaces are left below the last name drawn and then a horizontal line is drawn across the sheet. (The sheet must be large enough to list half of the players again below the line.)

20.4.2 At all stages of the competition, those competitors who still have two lives are listed above the line, while those who have one life are listed below the line. Those who have lost both lives are eliminated from the competition. The competition continues until all competitors except one have lost both of their lives. That competitor, who may have either two lives or one life remaining, is the winner. The last competitor to be eliminated is the runner-up.

20.4.3 In each round of the competition, players are paired successively starting from the bottom of the competition sheet, except that, if the number of competitors in the round is odd, a bye must be allocated according to 20.4.4 below before the pairings are determined.

20.4.4 If there is an odd number of players in a round, a bye is allocated to the highest placed player in the round who has not already received a bye. If all of the players remaining in the competition have received a bye, any further byes are allocated to the players in rotation in the same order as before.

20.4.5 To make up the second round, the first-round winners are listed above the line in the same order as they occurred in the first round. A player who received a bye is placed in the second round at the bottom of the list of players with two lives. The first-round losers are listed below the line in the same order as they occurred in the first round.

20.4.6 To make up each subsequent round, the winning two-lifers are listed in the same order as they occurred in the preceding round. The winning one-lifers are placed below the line in the same order as they occurred in the preceding round. Below them are placed the losing two-lifers, who also appear in the same order as in the preceding round. The losing one-lifers are eliminated from the competition.

Any player who received a bye in the previous round is placed at the bottom of the list in the appropriate life. Pairings are then determined as in 20.4.3 above.

- 20.4.7 If the competition reduces to two players, one having two lives and the other only one, the game is played as a final. In the event of the one-lifer winning, a further final is played.

20.5 Full Knockout Play

Competitors are drawn using a normal knockout draw. It is best to use a seeded draw to allocate places in the first round. Everyone plays in each round (except as byes occur). Winners play winners and losers play losers in each subsequent round, finishing with the players ranked first (having won all games) to last (having won none). This is a particularly effective method to use for post section play where section play has helped to establish seedings and where time is limited. Information about a Full Knockout draw and a seeded Knockout draw can be found in the CNZ "Managing a Croquet Tournament" manual.

20.6 XY and XYZ Multi-level Knockouts

- 20.6.1 These multi-level knockouts may be used in competitions to provide ongoing play opportunities for players should they lose a match within each level. For example:
- 20.6.2 Competitors may be entered to the X draw (or the main knockout) by various methods e.g. their Dgrade rankings, preliminary play results for the knockout qualifiers, or Players' Choice seeding (see Appendix 2). The method will be determined and communicated to players by the event's organising body.
- 20.6.3 Competitors who lose their first match in the main knockout will automatically enter the Y Draw. Tournament organisers may describe this draw as the Bowl event to provide motivation and a meaningful competition. Names are entered on the draw chart in the same order as they were drawn in X.
- 20.6.4 Competitors in the Bowl event who lose their first match in that event and their second match loss overall will enter a Z draw to provide continuity of play.
- 20.6.5 Competitors who lose their second match in the main knockout will automatically enter a separate draw. Tournament organisers may describe this draw as the Shield event to provide motivation and a meaningful competition. Names are entered on this draw chart in the same order as drawn in X.
- 20.6.6 Players should be encouraged to play through the semi-final stages of these knockout levels to provide game opportunities for all players. Players knocked out at the semi-final stage could elect not to play on.

20.7 Section Play

- 20.7.1 The competitors are drawn into the required number of sections.
- 20.7.2 During section play, each competitor in a particular section is given the opportunity to play every other competitor in that section.
- 20.7.3 Unless specifically stated otherwise, each match consists of a single game. Multi-game matches are dealt with in Regulation 20.7.8 below.

- 20.7.4 The section winner is the player who scores the largest number of wins. Should two or more competitors tie for first place, the winner of the section is found by either the Play-off method or by the Net-point method. The method to be used for tie breaking should be advised in an advertisement produced for the tournament and announced at the start of the tournament.
- 20.7.4.1 In the Play-off method, the winner among the tied players is found by a play-off arranged on the Knockout method.
- 20.7.4.2 In the Net-point method the winner is the player in the tie who has scored the largest net points total. The net points total for each player is the number of points scored less the number of points conceded. If there is a tie on wins and net points totals
- between two players, the winner is the winner of the game between them; or
 - between more than two players, the winner is the winner of the most games in the games between the players in the tie. If there is still a tie, the winner is found by means of a play-off.
- 20.7.5 Subject to the provisions of 20.7.6 and 20.7.7, section winners shall play in a final draw arranged on the Knockout method to determine the event winner and runner-up. Play-off matches may be played as multiple games if the event schedule permits.
- 20.7.6 Section play may be used as the qualifying stage of an event, to be followed by further stages played according to sub-sections 20.1, 20.2, 20.5 and 20.6 of this Regulation. For such competitions, the Tournament Committee will determine the number of competitors who will qualify for the next stage from each section once the number of entries is known. The competitors shall be advised accordingly at the beginning of the competition.
- 20.7.7 Should any two competitors agree not to play their match they must request the Manager to excuse them. The Manager may agree to the request, provided the result of that match cannot alter the finding of the section winner or runner-up or otherwise affect who qualifies or wins a prize in any way. In such a case, the records of wins and losses of these competitors are not deleted from the chart.
- 20.7.8 Multi-game matches:
- The section winner is the player with the greatest number of match wins. The exception to this is in the case of a "best of two" section, in which case the winner is the winner of the most games. Should two or more competitors tie for first place and a playoff is not used, then
 - The winner is the player with the highest number of net games,
 - In the event of the two players tied in both match and net games, the winner is the player who won the match between the tied players.
 - In the event of a three-player tie in both matches and net games, if one of the players has defeated the other two, then they are the winner. Alternatively, if

a player in the three-way tie has lost to both the other two, the winner is the winner of the match between those two.

- If three or more players are still tied, then the player with the highest net points score is the winner.
- If players are still tied, then the title is shared.

20.7.9 General treatment of incomplete sections:

The validity of the format depends on all the games being completed and on players making the same effort to win in each of their games: Nevertheless, there may be circumstances which prevent all the games scheduled being completed. (A) and (B) below describe how to deal with this, for single- and multiple-life sections respectively. A single-life section is one in which each player is scheduled to meet each of the others once only; a multiple-life section is one in which each player is scheduled to meet each of the others two or more times.

(A) Incomplete single-life sections:

- (1) Any player whose final placing under 20.7.4 above, had the section been completed, could be predicted to be the same whatever the outcome of the uncompleted games shall be given that placing.
- (2) Any player for whom results are available for fewer than half of the largest number of games completed by any player in the section, or who has failed to win a game in the section, shall be treated as having withdrawn from the section and the results of any games he/she has played in it shall be ignored for the purpose of deciding the remaining placings.
- (3) Having applied (2) above, if results are available for all the games between the remaining players, then 20.7.4 above is applied to determine the remaining placings not established under (1), as though the section had contained only those players.
- (4) Otherwise, the remaining placings for the section are determined by a method of pairwise comparison, under which matchpoints are awarded to each player as follows, and are used to construct a matchpoint table, analogous to the Section Play results table.
 - (a) For each pair of players in the section the following comparison is performed:
 - i. subject to (b) below, in comparing the available results of two players, only the results of the game played between them, and of their games against other players whom they both have played, shall be considered;
 - ii. if the results considered give both players equal numbers of wins, they are each awarded one matchpoint; otherwise, the player with the greater number of wins is awarded two matchpoints and the other player none.

- (b) If (other than for reasons beyond his control) a player has failed to start one or more games, he shall be deemed to have played and lost them by the maximum margin, and all his matchpoints (but not those of his opponents) shall be recalculated on that basis.
- (c) The players are placed in descending order of matchpoints awarded.
- (d) Where two or more players are tied on an equal number of matchpoints, and the tie must be resolved for the purpose of awarding prize(s), a play-off between players in different sections, or qualification for another event, then Regulation 20.7.9(C) applies.
- (e) Appendix 9 provides a worked example of the application of matchpoints, for further clarification.

(B) Incomplete multiple-life sections:

The games played in a section are divided into series, such that the first game to be started between any two players belongs to the first series, the second game between the same two players to the second series and so on.

- (1) Any series for which results are available for fewer than half of the games scheduled in it shall be treated as having been abandoned and the results in it shall be ignored for the purpose of deciding the final placings.
 - (2) Having applied (1) above, any player whose final placing under 20.7.4 above, had all the other series been completed, could be predicted to be the same whatever the outcome of the uncompleted games shall be given that placing.
 - (3) Having applied (1) and (2) above, any player for whom results are available for fewer than half of the largest number of games completed by any player in a series, or who has failed to win a game in a series, shall be treated as having withdrawn from that series and the results of any games played in it shall be ignored for the purpose of deciding the remaining placings.
 - (4) Having applied (1), (2) and (3) above, if all the non-abandoned series are complete with respect to the players deemed to have competed in them, then players are placed in descending order of the number of games they have won to determine the remaining placings not established under (3) as though the section had contained only those players and series.
 - (5) Otherwise, the procedure defined in 20.7.9(A)(4) above is applied, except that the following Regulation applies instead of 20.7.9(A)(4)(a).
- (a) For each pair of players in each of the series the following comparison is performed:
- i. subject to ii. below, in comparing the available results of two players, only the results of the game played between

- them, and of their games against other players whom they both have played in that series, shall be considered;
- ii. if the results considered give both players equal numbers of wins, they are each awarded one matchpoint; otherwise, the player with the greater number of wins is awarded two matchpoints and the other player none.

(C) Resolving ties on matchpoints:

Where two or more players are tied on an equal number of matchpoints, and the tie must be resolved for the purpose of awarding prize(s), a play-off between players in different sections, or qualification for another event, then:

- (1) If Regulation 20.7.4.1 is in effect, then the players in the tie are placed relative to each other in descending order of the number of games they have won in the games played between them. If necessary, this procedure may be repeated.
- (2) If Regulation 20.7.4.2 is in effect, then the players in the tie are placed in decreasing order of the net points they have scored in the games that were used to determine matchpoints. If there is still a tie, then the players in the tie are placed relative to each other in descending order of the number of games they have won in the games played between them. If necessary, this procedure may be repeated.

20.7.10 Order of play and Lawn Allocations for 8 Player Invitation Events

For Invitation events where an 8-player double round robin format is to be used, the following table shows how to schedule the event. The top seeds can be allocated letters A, B, C and D. The remaining four players can be drawn letters at random.

20.8 Super Section Play

- 20.8.1 When entries are such that a single round robin of Section Play would produce too many matches, yet two or more sections followed by knockout finals would produce too few rounds, then Super Section play may be used.
- 20.8.2 For Super Section play the field is divided evenly into two or more sections, in each of which full round robins of play are used to establish placings for the section, using the Net Point (American) method. Then the top two, three, four or more players from each section are entered into the Super Section for the Event Final. Players carry forward into the Super Section their number of wins and net points from the games against the other players from their section who also go into the same Super Section. Results of their other section matches are not carried forward. Players then play in the Super Section the players who have come forward from the other initial sections. Final placings are based on total wins of the results carried forward and the matches played in the Super Section, with ties broken by net points, and then by matches between the players tied.
- 20.8.3 There will normally be one Super Section played to decide the event winner and to establish the top placings. One or more further Super Sections will provide play for all other players, producing consolation winners and placings for the rest of the field. Notes:
- (1) The number going forward to each Super Section will be decided when the draw is made, being determined on the basis of the number of rounds available.
 - (2) Where time permits a full round robin may be played in one or more of the Super Sections. For example, with a field of 26 and time for 18 rounds; two sections of 13 use 13 rounds; then two Super Sections of 10 (5 from each section) would require 5 rounds to decide the event and first consolation winners and place getters; leaving one Super Section of 6 (the bottom 3 in each section) who could play a full round robin, again using 5 rounds. Lawn availability may also have to be considered.

20.9 Swiss Events

- 20.9.1 Number of Rounds. The number of rounds should normally be at least two greater than the number of rounds required in a single-life knock-out event for the same entry.
- 20.9.2 Determination of Pairings. The following rules are applied in the order in which they appear:
- 20.9.2.1 Positions in the draw for the first round are determined by lot.
 - 20.9.2.2 No player may play the same opponent more than once except in the final round as a tie-break.
 - 20.9.2.3 After each round all players are grouped in order of their cumulative number of wins. The players within each group are then ordered as in the previous round.

20.9.2.4 Pairings for the next round are generated by pairing players as follows:

- the top two players
- the bottom two players
- the top two unpaired players
- the bottom two unpaired players and so on until all players are paired.

20.9.2.5 A player who cannot be paired as above is paired instead with the unpaired player whose record is closest to his or her own.

20.9.2.6 If any player cannot be paired with an unpaired player, the last pair successfully made should be reallocated and the pairing tried again. If necessary, this process is repeated by reallocating the second last pair successfully made and so on as may be required and pairing continued.

20.9.3 Byes

20.9.3.1 If the number of players is odd, or becomes odd by a player withdrawing, then, for pairing purposes, an imaginary player named Bye is introduced whose score is permanently zero. If a real player is paired with Bye in any round, that player is deemed to win by the maximum margin. Bye is withdrawn if the number of real players later becomes even.

20.9.3.2 No player may be paired with Bye more than once.

20.9.4 Tie-Breaking Procedures

20.9.4.1 The winner is the player who has won the most games.

20.9.4.2 If there is a tie between two players who have played each other, the winner is the winner of the game between them.

20.9.4.3 If there is a tie between more than two players all of whom have played each other, the winner is the player who has won the most games in the games between the players in the tie.

20.9.4.4 If there is a tie between more than two players, not all of whom have played each other, the winner is the player who has defeated all the other players in the tie.

20.9.4.5 If there is still a tie, and the players have all played each other, the winner is the player with the best net hoop score in the games between the tied players

20.9.4.6 If there is still a tie, the title may be shared, or a knockout play-off may be used.

Note: Experienced managers may use;
Sum of opponents wins or;

Sum of wins after each round
providing that the tie-breaking method has been announced prior to
the start of the event.

20.10 Progressive Swiss Events

- 20.10.1. Concepts. A Progressive Swiss Event is a Swiss played as a consolation event for a single-life knock out competition, which players enter as they are eliminated from the main event.
- 20.10.2. Determination of Pairings. After each round, the players eliminated from the corresponding round of the main event are included, credited with their record in the main event. They are inserted in draw order, above any players in the consolation event with the same number of wins. Pairings are then determined as in a Swiss.

20.11 Flexible Swiss Events

- 20.11.1. A Flexible Swiss is similar to a Swiss in that players are paired against those with similar records, with the exception that players need not play the same number of games. A player may, with the Manager's agreement, choose to declare that they are unavailable for the time being. The Manager may specify a minimum number of games that a player must play in order to qualify, win or be placed. The Manager may also require that a player must start a game at or after a specified time on the last day of the event. These requirements may be modified at the manager's discretion should weather conditions bring in to doubt the completion of the event.
- 20.11.2. Determination of Pairings. When the Manager decides that new games are to be started, the available players who have been waiting longest, up to the number required to fill the available courts, are ranked according to the percentage of games they have won in the event (including any main event for which this is a consolation) so far. They are then paired as in Regulations 20.9.2.4 and 20.9.2.5.
- The initial pairings should be seeded by world ranking;
 - The first loser should be paired with any player waiting for their first game.
- 20.11.3. Determination of the Winner. The winner, or qualifiers, shall be those with the greatest percentage of games won, subject to any minimum number of games declared by the Manager. In event of a tie various additional criteria can be applied to determine the ranking of the players in the tie. In the absence of any advertised variation the following should be used:
- (a) Average Strength of Opponents. To calculate the tied players' average strength of opponents, apply the following steps:
- Total how many games all player A's opponents have played
 - Total how many games all player A's opponents have won
 - Divide the second number by the first number. The answer is player A's average strength of opponent.

In the event of a tie after calculating the average strength of opponent, the winner can be determined by:

- (b) Who beat Who. The player with the most wins in the games played between the tied players is declared the winner.
- (c) Highest net points

If this does not resolve the tie, subject to any conditions advertised for the event, the Manager may employ an alternative method to resolve the tie (i.e. some form of playoff) or declare the title shared.

20.12 The Egyptian System

Object of the system: The competition consists of as many rounds as the Manager can arrange in the time available. Competitors are entitled to play in as many rounds as they wish, regardless of their results in earlier rounds. The winner is the player whose rating improves the most during the event, provided s/he has played at least a required minimum number of games.

- 20.12.1 For an Egyptian event played according to the laws of level advanced singles, each competitor is assigned an initial rating based on current handicap as set out below;

Handicap	Rating	Handicap	Rating	Handicap	Rating
-3	200	2	150	9	100
-2.5	195	2.5	145	10	95
-2	190	3	140	11	90
-1.5	185	3.5	135	12	85
-1	180	4	130	14	80
-0.5	175	4.5	125	16	75
0	170	5	120	18	70
0.5	165	6	115	20	65
1	160	7	110	22	60
1.5	155	8	105	24	55

- 20.12.2 For the first round, all competitors who have notified the Manager that they wish to play are drawn by lot and paired as they are drawn. Thereafter, as each game is finished, players wishing to play in the next round must add their names to a list of players currently available to play which will be maintained by the Manager.

- 20.12.3 As soon as any game finishes, the Manager will adjust both players' ratings by an amount determined from the table below. The winner's rating is increased by the amount shown, while the loser's rating is decreased by the same amount.

Change in Rating

Difference in ratings	Higher rated player	
	wins	Lower rated player wins
0 – 5	+5	+5
6 – 16	+4	+6
17 – 27	+3	+7
28 – 38	+2	+8
39 and over	+1	+9

- 20.12.4 The competition card should list all of the matches played in each round and their results. It should also list each competitor's cumulative change in rating at the end of each round.
- 20.12.5 When the Manager decides that the next round may be played, all players on the Available to Play list will be paired as the Manager decides ensuring that as many players as possible are drawn against opponents whom they have not previously played. Nevertheless, two competitors may play each other more than once during the competition.
- 20.12.6 The Manager will decide before the competition begins, and record on the competition card, the minimum number of games a competitor must play to be eligible to win the competition. The Manager may subsequently reduce this number if playing time is lost for any reason.
- 20.12.7 The winner of the event is the competitor who, having played at least the required minimum number of games, has the most improved rating.
- 20.12.8 The Tournament Committee may decide that there should be more than one winner, and in that event the Manager will group the players into the necessary number of sections of as nearly equal size as possible. The player with the most improved rating within a section will win that section. Note, however, that this division into sections is only for the purpose of determining winners: each competitor may always play other competitors from any of the sections, not only from his or her own.
- 20.12.9 An Egyptian event may be played on handicap rather than level, and in that case, all competitors are assigned an initial rating of 100 regardless of their handicap. Regulations 20.12.2 to 20.12.8 above apply for Egyptian events played on handicap.

(a) The CNZ AC Open Championships

Seeding

Singles

- Seeding for the preliminary sections of the singles will be carried out as described in Regulation 19, except that no consideration will be given to separating players based on same club, nationality or relationship, i.e., the event will be seeded strictly.
- Seeding for the knockout stage will be according to the Player Choice method (see Appendix 2)

Doubles

- If preliminary sections are to be used then seeding for the preliminary sections will be carried out as described in Regulation 19 based on average grade of the doubles pairing except that no consideration will be given to separating players based on same club, nationality or relationship. i.e. the event will be seeded strictly.
- Seeding the knockout stage will be based on block finishing positions.

Method of Playing the Event

The CNZ AC Open Championship will begin with section play followed by a knockout event. The number of sections should normally be either 8 or 4, depending on entries each with 5–6 players. The Manager may, with the agreement of the CNZ Tournament Management Committee liaison, choose a different number of sections, if that would better suit the number of entries.

Upon completion of section play thirty-two players may qualify for the Open Singles Knockout. The Manager has the discretion to alter this to sixteen players if there is a low entry into the event.

Ties in blocks will be determined by the tournament regulations in the relevant part of Regulation 20.

The remaining players will play in the Heenan Plate.

- (a) **The Open Singles.** Each match will be played as the best of three games, except that the manager may choose to play best of five games from the semi-final onwards.
- (b) **The Bowl.** All players who are knocked out of the Open Singles Knockout prior to the Quarter-Finals will automatically be entered to the Bowl knockout. A Z knockout will follow for players who lose their first match in the Bowl.
- (c) **The Shield.** All players who lose their Quarter-final match in the Open Singles knockout will automatically be entered to the Shield semi-final.
- (d) **The Heenan Plate.** All players who are non-qualifiers for the Knockout event. Preferred section play. The manager has discretion to alter this.

If time limits are used, 4–7–10 hours are recommended for best of 3. For best of 5 then 3.5-6.5-8.5-10.5-12.5 hours are recommended. Any time not used by an earlier game becomes available for the later game(s).

If, in exceptional circumstances, an alternative format is needed, the CNZ Tournament Committee must approve that format.

Seeding

Singles

- Seeding for the preliminary section play will be carried out as described in Regulation 19 except that no consideration will be given to separating players based on same club, nationality or relationship, i.e., the event will be seeded strictly.
- Seeding for the open knockout stage will be according to the Player Choice method (see Appendix 2)

Doubles

- Seeding for the preliminary sections will be carried out as described in Regulation 19 based on average grade of the doubles pairing except that no consideration will be given to separating players based on same club, nationality or relationship. i.e. the event will be seeded strictly.
- Seeding the knockout stage will be based on block finishing positions.

Method of Playing the Event

Singles

The event will begin with section play followed by a knockout event. The number of sections should normally be either 4 or 8 depending on entries. The Manager may, with the agreement of the CNZ Tournament Committee liaison, choose a different number of sections, if that would better suit the number of entries.

The section play shall be played as best of three, 13-point matches.

Upon completion of section play, sixteen players will qualify for the Open Singles Knockout. At the Manager's discretion this may be increased to thirty-two players. Ties in blocks will be determined by the Tournament Regulations in the relevant part of Regulation 19.

The remaining players will play in the plate event.

- Open Knockout.** Each match shall be played as best of three, 13-point matches. At the manager's discretion, the manager may choose to play best of five 13-point matches, from the semi-final onwards.
- Plate.** All players who do not qualify for the open knockout are eligible to play in the Plate. The Plate shall be played as section play, with eligible players randomly drawn into 2 or 4 sections. Upon completion of the Plate section, 8 players shall qualify for the Plate knockout based on block finishing positions. Play shall be single 13-point games.

Doubles

The event will begin with section play followed by a knockout event. The number of sections should normally be either 2 or 4 depending on entries. The manager shall, after consultation with the CNZ Tournament Committee liaison, have the power to choose a different number of sections, if that would better suit the number of entries.

The section play shall be played as single 13-point games.

Upon completion of section play, a number of pairs advertised by the manager prior to the event shall progress through to the knockout. The remaining doubles pairings shall be eligible for the Plate.

- (a) **Open Doubles Knockout.** Each match shall be played as best of three, 13-point games.
- (b) **Doubles Plate.** The Plate shall be played as section play with eligible players drawn into (probably 2) blocks so as to minimise the number of repeat games from the original block play and to attempt to equally distribute the strength of opponents in each block based upon previous block results. A final between the winners of the blocks will be played. Ties within sections will be broken by matches, then net games, then net points, then who beat who.

Time Limits

There will be no time limits for any match. However, the manager may enforce time limits if time pressure becomes an issue for completion of the event or tournament.

In the event time limits are required the following will apply;

Single 13-point game – 1 hour

Best of three match, 13-point games – 1.25 hours, 1 hour, 1 hour.

Best of five match, 13-point games - 1 hour, 1 hour, 45 minutes, 45 minutes, 45 minutes.

At the completion of time, players shall play an extension period of 2 full rotations of the four balls. If the scores are tied at the completion of the extension period, the next hoop in order will be contested to determine the winner.

In a match situation, any remaining time not used by an earlier game will become available for the later games.

If, in exceptional circumstances, an alternative format is needed, the CNZ Tournament Committee liaison must approve that format.

Appendix 2

Player Choice Seeding

This method is designed as a compromise between strict block-based seeding, which has been shown to sometimes produce unbalanced draws and strict grade-based seeding which some players dislike because they prefer a greater emphasis on same-event results.

It is recommended that this method is only used for when the knockout stage includes 16 or more players, with more than 2 blocks.

How it works

The block winners are listed in updated World Ranking Grade order. They will choose, with the fourth ranked block winner selecting first followed by the top-ranked block winner downwards, from a fixed number of positions in the draw that will equal the number of blocks. These positions correspond to the standard top-seeded positions in a normal seeded draw.

Those who came second in the blocks are then listed in updated World Ranking Grade order. They will then choose, from the top-ranked downwards, from the positions corresponding to the next level of seeded positions in a standard draw.

This procedure continues for the 3rd, 4th and any subsequent qualifier for the knockout.

Example

The following is an example of how Player Choice Seeding operates with 4 blocks with the top 4 players qualifying from each block.

- a. After the completion of block play, the four block winners are listed in order of updated World Ranking Grade and named A, B, C and D.
- b. The four 2nd placed players from the blocks are listed in order of updated World Ranking Grade and named E, F, G and H.
- c. The four 3rd placed players from the blocks are listed in order of updated World Ranking Grade and named I, J, K and L.
- d. The four 4th place players from the blocks are listed in order of updated World Ranking Grade and named M, N O and P.
- e. A standard fully seeded 16 player knockout draw is created as shown.
- f. You will see that the four block winners are now in separate quarters as would occur with block seeding, as are the 4 runners-up, 4 thirds and 4 fourths.

- a. Player D is offered the first chance to choose any position numbered 1–4.
Player A then chooses any of the three remaining positions 1–4.
Player B then chooses one of the remaining two positions 1–4
Player C is then placed in the remaining position 1–4
- b. Player E is offered the first chance to choose any position numbered 5–8.
Player F then chooses any of the three remaining positions 5–8.
Player G then chooses one of the remaining two positions 5–8.
Player H is then placed in the remaining position 5–8.
You will see that once again the block seconds are placed in different quarters as would occur with full block seeding, but this time, the highest ranked is given the first opportunity to choose their position in the draw. Theoretically, the players will attempt to avoid the strongest (in their own opinion) block winner’s quarter and the draw will become self-balancing.
- c. Player I is offered the first chance to choose any position numbered 9–12.
Player J then chooses any of the three remaining positions 9–12.
Player K then chooses one of the remaining two positions 9–12.
Player L is then placed in the remaining position 9–12.
These four players have the benefit of knowing where the “top” eight players have chosen to go in the draw and will theoretically choose positions to maximise their own chances, thereby self-balancing the draw.
- d. Player M is offered the first chance to choose any position numbered 13–16.
Player N then chooses any of the three remaining positions 13–16.
Player O then chooses one of the remaining two positions 13–16.
Player P is then placed in the remaining position 13–16.
That concludes the Player Choice Draw.

The above methodology can be used when only two players qualify or when there are only two blocks, but it is at its most useful when there are at least 4 of each category, such as the singles knockouts for national events – and works best with 8 or more blocks.

As soon as a player has a defined slot in the draw, the player’s name should be entered on a large display so that all remaining players (and spectators) are kept up to date with how the draw is filling up.

Issues with the Player Choice Method from a Manager’s Perspective

Q1. What happens if a player is not able to be present for the draw?

A1. The player may nominate a representative to choose for them. If the representative fails to do so, the manager should randomly allocate one of the available positions (4 playing cards, A, 2, 3 and 4 are useful for this).

Q2. What happens if a player can’t decide and takes too long?

A2. Players should be made aware that they have about 30 seconds to make a choice. If they have not chosen after 30 seconds, the manager should warn them they must choose in the next 10 seconds. If they still fail to choose, the manager should randomly allocate them one of the remaining available positions.

Each Association staging a CNZ Fixture will receive reimbursement from Croquet New Zealand at rates set from time to time by the Chief Executive and published in the Year Book. Note: (not part of the Regulations)

All Silver Badge events are hosted by the Association and for this reason no reimbursements for equipment or Manager's fees will be paid. Silver Badges will be given to the Association delegates at the CNZ AGM.

Rates set:

Association Croquet Games	\$6.50 per game
Golf Croquet Games	\$2.50 per game

Manager/s Allowances and Tournament Expenses:

NZ Open, GC Nationals, U21 GC Championship	\$50.00 per day
All Other Events	\$35.00 per day
Assistant Manager/s*	\$25.00 per day

* The CNZ Tournament Committee will determine if assistant manager/s is/are required. Assistant manager/s will be eligible for payment if the role is intended and approved by the CNZ Tournament Committee to manage at an additional venue/s or to assist a Playing Manager. If Associations elect to appoint additional assistant manager/s (e.g. for training purposes) the Association will be responsible for their costs.

**CNZ acknowledges that in order to meet required lawn standards, some clubs will be required to cut their lawns more frequently. To assist with this additional cost, CNZ will reimburse up to \$100 per additional cut. For extra lawn mowing, the club must send a receipt of expenses incurred to the Chief Executive for reimbursement.

While each club is expected to cut the lawns prior to hosting a tournament, clubs will be eligible to claim for additional cuts as per the table below:

4 – 7 Days	1	Up to \$100
7+ Days	2	Up to \$200

Appendix 5

Playing conditions for CNZ Official Tournaments

1. Purpose

To provide a standard measurement of lawn speed and conditions that will assist hosts and CNZ to deliver the desired tournament playing conditions. Measuring your lawn speed well in advance of and leading up to an event will allow hosts time to adopt the necessary corrective measures if lawn speeds are identified as 'tracking' below the desired level.

CNZ official tournaments are tiered according to the criteria in 2 below. Host Associations are encouraged to consider these minimum requirements prior to bidding for or accepting the allocation of any CNZ Official Tournament.

2. Tiered Events

Tier One AC Open Championships Selectors' A vs B or equivalent Top AC Invitation North Island/South Island Champs Men's and Women's Championships	Tier One GC Open Championships North Island/South Island Champs Top GC Invitation U21 GC Champs U21 v NZ Select
Tier Two Women's AC Invitation Second AC Invitation Third AC Invitation Arthur Ross Memorial Final Other Official Events	Tier Two Second GC Invitation Third GC Invitation Women's GC Invitation NZ Secondary Schools Don Reyland Memorial Stars Final Women's GC CNZ 3+ Other Official Events

AC tier 1

Requirement for host clubs to reliably provide lawn speed of 11+ seconds, rigid hoops set in new holes at the commencement of the tournament and provide sufficient lawns to host the event(s).

Hoops to be set to the largest ball plus $\frac{1}{32}$ inch with an upwards tolerance of zero and a downwards tolerance of $\frac{1}{64}$ of an inch unless otherwise advertised. Time permitting, hoops should be moved to fresh holes for the final.

AC tier 2

Requirement for clubs to reliably provide lawn speed of 10+ seconds, rigid hoops set in new holes at the commencement of the tournament and provide sufficient lawns to host the event(s).

GC tier 1

Requirement for clubs to reliably provide lawn speed of 10+ seconds, rigid hoops set in new holes at the commencement of the tournament and provide sufficient lawns to host the event(s).

Hoops to be set to the largest ball plus $\frac{1}{32}$ inch with an upwards tolerance of zero and a downwards tolerance of $\frac{1}{64}$ of an inch unless otherwise advertised.

GC tier 2

Requirement for clubs to reliably provide lawn speed of 9+ seconds, rigid hoops set in new holes at the commencement of the tournament and provide sufficient lawns to host the event(s).

3. Process

Lawn speed is determined by the number of seconds it takes for a croquet ball to travel the length of a full-sized croquet lawn north to south or visa-versa. A striker hits a croquet ball from the North or South Boundary line of the lawn being tested to the opposite boundary line. The strike must be sufficiently accurate to cause the ball to come to rest within $\frac{1}{2}$ yard of the far boundary line so to accurately determine the lawn speed had the ball come to rest on the boundary line. The Time keeper, standing at the opposite end of the lawn to the striker, starts time when the ball is struck and stops time when the ball comes to rest on the opposite boundary line. Several attempts may be required to achieve a reliable result.

4. Requirements

A minimum 50% of lawns at any venue to be used for the event will be tested. The minimum lawn speed required for the event shall be determined by an average figure of all lawns tested. The average figure will be referred to as 'Lawn Speed'. CNZ should be advised of the lawn speed at the conclusion of each test.

Test 2:

Not more than 2 weeks or less than 1 week prior to the first day of the event. Lawn speed should be no less than 1 second less than the minimum required speed on a minimum of 2 days within the test period.

Test 3:

Not more than 1 week or less than 2 days prior to the first day of the event: Lawn speed should be equal to or greater than the minimum required speed on at least 1 day within the test period.

Silver Badge Competition

The Chief Executive will give the silver badges to all Associations at the AGM to be presented to the winners of competitions governed by the following conditions:

- .1. For Association Croquet play will be in the following Handicap Ranges:
 - Silver Badge Handicap 0 to 3.5
 - Silver Badge Handicap 4 to 9
 - Silver Badge Handicap 10 to 16
 - Silver Badge Handicap 18 to 24

For Golf Croquet play will be in the handicap ranges:

 - Premier Silver Badge Handicap -6 to 2
 - Senior Silver Badge Handicap 3 to 5
 - Intermediate Silver Badge Handicap 6 to 8
 - Primary Silver Badge Handicap 9 to 16

2. Each Association shall hold a competition, including one where the format allows for Silver Badge play to occur in combination with another competition, for example Association Grades, thereby providing a more meaningful competition. The competition shall be open to all players in the above handicap ranges. However, if the total entry is to be limited, guaranteeing at least one place in each grade to each participating Club. Subject to Clause 8 below, the Silver Badge will be awarded to the highest placed player affiliated to that Association.
 - (a) If places in the Association competition are to be limited, clauses 3–7 must be used.

3. The Club event for both AC & GC shall be deemed to have commenced 6 weeks prior to the closing date specified for the Association event.
4. Each Club will hold a competition for each of the above Handicap Ranges in which it has members eligible to compete. If in any Club there is in any Handicap Range only one entry, then that player will be eligible to represent the Club in that Handicap Range.
5. If a member's handicap changes following the commencement of this competition, they will still be eligible to play in that grade for the Association event.
6.
 - (a) Immediately on completion of the Club competitions, the names of the winners and competition charts shall be forwarded to the Manager of the Association event or by the date specified by the Association.
 - (b) If in any Association there is in any Handicap Range only one Club winner available to play on the date of the play-off, then that player shall receive a Silver Badge, provided that there has been a Club competition in that Handicap Range and that player has won it.
 - (c) If a Club winner is unable to play in the play-off owing to indisposition or urgent necessity, the Club runner-up shall be permitted to act as a substitute.

7. Each Association will decide the method of play for the Association competition and if necessary, the Club competitions; the two methods need not be the same.
8. A player who is a member of more than one Club (whether in one or more Associations) may only represent the Club in which they are affiliated to CNZ and can only compete within that Club's Association Silver Badge competition.
9. Associations should ensure that all qualifying events (both club and association) are entered on Croquetscores.com.
10. A player is entitled to enter in one grade for GC and one grade for AC. Once the competition has started, they may not compete in another grade.
11. If there are no players in a grade, players may play "up" a grade to enable them to participate. If they elect to do so, they are not eligible to receive the Silver Badge from their original grade. No player may play "down" a grade.

Appendix 7

Reciprocity of Membership

From the World Croquet Federation (WCF) Statutes

164. RECIPROCITY OF MEMBERSHIP

- 164.1 When visiting a Member for a period not exceeding 60 days, a player who is an associate of and in good standing with another Member should be granted reciprocal rights to play in tournaments approved or advertised by the visited Member. This right is subject to any conditions that would apply to players who are associates of the visited Member (for example as to entry fees, entry timing, ranking or gender) and, for National Closed Championships, subject to any conditions requiring membership of the visited Member. For this purpose, a player is an associate of a Member if they have individual membership of that Member or of a subsidiary body which confers a right to play in tournaments approved or advertised by that Member. This right applies to only one visit in each visited Member's membership year.
- 164.2 A visiting player who is currently affiliated and in good standing with their Member association should arrange for a letter of introduction to be emailed by their Member association to the Member to be visited and the organising body of each tournament in which they wish to play.
- 164.3 Members should provide details to fellow Members if any visiting player fails to observe the highest standards of behaviour and conduct. Such a player could be denied a letter of introduction on a future occasion.

Appendix 8

Selection Procedure for the Invitations in the 2024-25 Season

The objective of the annual graded Invitations is to provide up and coming and elite players in AC and GC with challenging competition.

Croquet New Zealand will ask players to put in their Expression of Interest (EOI) to be selected for one of the invitations. The EOI will be due by date(s) determined annually by CNZ and advertised on the CNZ website and through Croquet Matters.

There will be four categories:

- AC Invitations
- Women's AC Invitation
- Women's GC Invitation
- GC Invitations

AC Invitations

For the AC Invitations the selectors will select up to twenty-six players and a reserve list from the players who have expressed an interest in being selected and who meet the following criteria:

- Have played in a Croquet New Zealand national event in the current or previous season; or
- Ranked in the top 30 players on the New Zealand ranking at the time of selection (min 5 games over the current and previous season).

If players in the initial selection of twenty-six names are unavailable, they will be replaced by those on the reserve list. Once the reserve list is exhausted no additional players will be added.

Selected players will be notified of their entry to the relevant invitation event (Top 8, Second 8 or Third 10). Players in the Third 10 group may be offered optional promotion to the Second 8 should withdrawals occur.

The initial notification of selection will occur approximately five weeks prior to the event.

Women's Invitations (AC and GC)

The relevant selectors will select up to ten players and a reserve list from the players who have expressed an interest in being selected and who meet the following criteria:

- Have played in a Croquet New Zealand national event in the current or previous season; or
- Hold a dynamic grade equal or greater than 1600 on the world ranking list at the time of selection (min 5 games over the current and previous season).

If players in the initial selection of ten names are unavailable, they will be replaced by those on the reserve list. Once the reserve list is exhausted no additional players will be added.

The initial notification of selection will occur approximately 5 weeks prior to the event.

GC Invitations

For the GC Invitations the selectors will select up to thirty players and a reserve list from the players who have expressed an interest in being selected and who meet the following criteria:

- Have played in a Croquet New Zealand national event in the current or previous season; or
- are within the relevant handicap range.

If players in the initial selection of thirty names are unavailable, they will be replaced by those on the reserve list. Once the reserve list is exhausted no additional players will be added.

Selected players will be notified of their entry to the relevant invitation event (Top 10, Second 10 or Third 10). Players in the Third 10 group may be offered optional promotion to the Second 10 should withdrawals occur.

The initial notification of selection will occur approximately five weeks prior to the event.

Appendix 9

Example of the use of Matchpoints to resolve incomplete sections

This appendix is intended to clarify Regulation 20.7.9(A)(4) by providing a worked example. The principle is that each player is given a matchpoint score, calculated by comparing his results with those of each of the other players in turn: he receives two points for each other player with a lower number of wins and one point for each other player with the same number of wins, in each case taking into account only those games in which either they have played each other or they both have played an opponent. A supply of Section Play charts will be needed to record the matchpoint scores.

Example section with results as played. A + sign indicates that the game was won by the player in the same horizontal row. A – sign indicates that the match was lost by the player in the same horizontal row.

Assume Regulation 20.7.4.1 is in effect for this event.

	A	B	C	D	E	F
A		+	+	-	-	-
B	-		-	+		+
C	-	+		-	-	+
D	+	-	+			
E	+		+			-
F	+	-	-		+	

Assume that B v E, D v E and D v F were uncompleted because of flooding, i.e. none of the players is to be held responsible.

The matchpoint table is:

	A	B	C	D	E	F	Total	Pos'n
A		1	1	1	0	1	4	4
B	1		1	0	0	1	3	6
C	1	1		0	0	1	3	5
D	1	2	2		1	2	8	1=
E	2	2	2	1		1	8	1=
F	1	1	1	0	1		4	3

A's matchpoints are calculated as follows:

- A v B: A's game against E is ignored as B hadn't played E. (It may be helpful to cover E's column with a strip of card or something similar.) In their remaining games they both had two wins, so tie on one matchpoint each.
- A v C: All games count as they have both played each other and the entire field. 2 wins each, so one matchpoint each.
- A v D: Only their games against each other, B, and C count, as D had not played E or F. Both had 2 wins so one matchpoint each.
- A v E: Only their games against each other, C, and F count, as E had not played B or D. A had one win, E two, so E gets both matchpoints.
- A v F: A v D ignored; 2 wins each, so one matchpoint each.

This completes the determination of A's matchpoints.

The matchpoints for the other players are now determined in the same way, but each time there is one less opponent to consider, until by the time we get to F all his matchpoints have already been determined. At this stage the matchpoint chart will be as shown above.

Overall D and E tie for first place (their matchpoints are equal and they didn't play each other, so there is nothing to separate them without some further play). F takes 3rd place ahead of A as F beat A; similarly, C is 5th.

If instead E had cold feet and scratched before starting his remaining games (against B and D) and only the game between D and F was unable to be played due to flooding, Regulation 20.7.9(A)(1)(b) would be applied and the matchpoints would then be:

	A	B	C	D	E	F	Total	Pos'n
A		1	1	1	0	1	4	3
B	1		1	0	0	1	3	6
C	1	1		0	0	1	3	5
D	1	2	2		1	2	8	1
E	1	0	1	0		1	3	4
F	1	1	1	0	1		4	2

Note firstly that only E's matchpoints change; no-one else's are affected by E's decision to scratch. E's matchpoints are now recalculated as follows:

- E v A: E is deemed to have lost to B, so A's win against B counts. 2 wins each, so one matchpoint for E.
- E v B: B's win against D stands, and he is treated as having beaten E. B therefore has 3 wins against E's 2, so E gets no points.
- etc.

On matchpoints, B, C and E all tie for 4th place on 3 points each. If this had to be resolved, C and E each won 1 game of those played between the three of them, so B is 6th. Applying Regulation 20.7.9(A)(4)(d) again, E beat C so is 4th, leaving C 5th.

Croquet New Zealand has adopted the WCF Referee Regulations in their entirety and this has been copied below. Croquet New Zealand has included a section at the beginning relating specifically to Referee and Umpire qualifications in New Zealand.

Croquet New Zealand Qualifications

1. In New Zealand there are three classes of referee for Association Croquet known as Umpire, Referee and Senior Referee and two classes of referee for Golf Croquet, known as Referee and Senior Referee. To qualify in any of these classes, candidates will be required to pass a test prepared by CNZ for that purpose. All classes of referee will be required to requalify every 5 years.
2. Umpires may be called to deal with the basic situations covered by AC Laws 13 to 22 and 29, including shot watching, testing for a wiring lift and judging stationary ball positions.
3. Referees may be called on to deal with any aspect of the laws.
4. Senior Referees are referees with the experience and ability to handle complex situations.

Abbreviations

In the following Regulations, the initials AC and GC refer to Association Croquet or Golf Croquet respectively. Where the text of a paragraph or sub-paragraph is prefaced by AC or GC, it applies only to that code. Otherwise, the Regulations apply equally to both codes.

R1 Definitions

- R1.1 Organising Body:** The body responsible for organising a tournament or event.
- R1.2 Tournament Referee:** The official with responsibility for hearing appeals and nominating Authorised Referees and allocating them to act as a Referee on Request or Referee in Charge. The Tournament Referee is also an Authorised Referee.
- R1.3 Qualified Referee:** A person on an official list of referees, but not necessarily an Authorised Referee for a tournament or event.
- R1.4 Authorised Referee:** A Qualified Referee nominated or permitted under these

Regulations to assist players by making decisions on Laws or Rules and facts. An Authorised Referee can perform one of the following roles:

- R1.4.1 a **Referee on Request** who generally may act only at the invitation of a player. A Referee on Request is said to be an **Inactive Referee** when first authorised. The referee becomes an **Active Referee** by responding to a request by a player to exercise a power or a duty or, exceptionally, by intervening in a game under R4. An Active Referee becomes an Inactive Referee again on quitting the court believing that the powers and duties arising from the request have been discharged or, after intervening under R4, when all relevant matters have been settled.
- R1.4.2 a **Referee in Charge**, who is allocated to a game and is therefore always an Active Referee for that game and may intervene in it whenever the referee considers it necessary. A referee may be allocated as a Referee in Charge to more than one game at the same time and, under those circumstances, may be referred to as a **Supervising Referee**.

R2 Powers and duties of the Tournament Referee

R2.1 Tournament Referee

The Organising Body must arrange for the Tournament Referee to be appointed.

R2.2 Appointment of Deputy Tournament Referees

- R2.2.1 The Tournament Referee must appoint a Deputy Tournament Referee whenever the Tournament Referee becomes unavailable.
- R2.2.2 If play occurs at more than one venue at the same time, a Deputy Tournament Referee must be appointed for each venue where the Tournament Referee is not present. As an alternative, the Tournament Referee may arrange for appeals to be made by telephone.
- R2.2.3 A Deputy Tournament Referee has the powers and duties of the Tournament Referee when the latter is not present.

R2.3 Nomination of referees

The Tournament Referee has the power to nominate Authorised Referees from an official list of Qualified Referees and to nominate other suitable persons if there are not enough Qualified Referees available. These powers are subject to any conditions published by the Organising Body.

R2.4 Allocation of referees

- R2.4.1 The Organising Body has power to direct whether Authorised Referees may act as Referees on Request or Referees in Charge.
- R2.4.2 Subject to any such direction, the Tournament Referee may allocate Authorised Referees to act as:
 - R2.4.2.1 a Referee on Request either generally or for one or more specified games or courts; or

R2.4.2.2 a Referee in Charge for one or more specified games or courts.

The Tournament Referee may also carry out such duties.

R2.4.3 Irrespective of any such direction, the Tournament Referee has the power to act as a Referee in Charge of a game or allocate another Authorised Referee to do so.

R2.4.4 The Tournament Referee must ensure that the players are told of any referee allocated to their game or court and whether that referee is a Referee on Request or Referee in Charge.

R2.4.5 If no referee has been allocated to a game, any Authorised Referee may act as a Referee on Request for that game.

R2.5 **Checking courts and equipment**

The Tournament Referee must ensure that the courts and equipment are checked for conformity with the Laws or Rules, regulations and advertised conditions. Hoop settings must be checked at the start of each day and may be checked between games.

R3 Powers and duties of an Active Referee

An Active Referee has the following powers and duties subject to the restrictions in R5 on using certain information.

R3.1 **General powers and duties**

R3.1.1 An Active Referee has power to decide all questions of fact and Law or Rule. However, a referee who is asked to rule on a matter for which the referee is insufficiently qualified should seek advice from or refer it to another Authorised Referee who is able to deal with the matter.

R3.1.2 An Active Referee must try to ensure that a match is played in accordance with the Laws of Association Croquet or Rules of Golf Croquet as appropriate and any applicable regulations and tournament or event conditions.

R3.1.3 An Active Referee should go onto or remain on the court only when necessary and should be mindful of any double-banked game.

R3.2 **State of the game**

R3.2.1 An Active Referee has the power to ask the players for information on the state of the game. The referee must do so when that information is required to make a decision but should otherwise avoid questions which might suggest a line of play. The players are obliged to answer to the best of their knowledge.

R3.2.2 An Active Referee who has reason to think that there is any disagreement about the state of the game must investigate and settle the matter before play continues. This applies especially to a referee who is appointed to be a Referee in Charge for a game that is already in progress.

R3.2.3 [AC: Subject to Law 23.3, an Active Referee must ask about any apparent discrepancy between the position of a clip and the course of play that the referee notices.]

R3.3 **Ruling on a past incident that is in dispute**

The following regulations apply if an Active Referee is asked to rule on an incident that has already occurred.

R3.3.1 The Active Referee must tell the players anything that the referee has seen that may affect a decision. The referee must hear what both sides have to say and may question them. The referee has the discretion to hear other witnesses. The referee will then give a decision to the best of the referee's ability.

R3.3.2 The Active Referee may declare a fault only on the basis of:

R3.3.2.1 facts about the stroke agreed by the striker and the opponent;

R3.3.2.2 the evidence of the striker;

R3.3.2.3 the referee's own observations of the stroke, its effects and its outcome; or

R3.3.2.4 the evidence of well-placed neutral witnesses, excluding the opponent, whom the referee chooses to consult believing that they have sufficient understanding of relevant Laws or Rules. The referee may not declare a fault solely on the evidence of the opponent.

R3.3.3 As a last resort, the Active Referee may give a compromise decision. This may involve arbitrary adjustment of:

R3.3.3.1 the positions of the clips and balls.

R3.3.3.2 the number of [AC: bisques] [GC: extra strokes] outstanding.

R3.3.3.3 the amount of time remaining.

R3.3.3.4 the order of play.

Exceptionally, the referee may direct that the game is to be restarted.

R3.4 **Forestalling**

R3.4.1 An Active Referee who observes or suspects that an error or interference is about to occur must forestall play subject to [AC: R3.4.2] and [GC: R3.4.3].

R3.4.2 [AC: an Active Referee must not forestall play while Law 23.3 applies].

R3.4.3 [GC: an Active Referee:

R3.4.3.1 who believes that a hoop is about to be contested or run out of order must not forestall play except in accordance with Rule 15.4; and

R3.4.3.2 must not draw attention to the fact that a ball may be an offside ball.]

R3.4.4 [GC: an Active Referee must forestall play immediately after a hoop has been run out of order.]

R3.5 Before watching a stroke

If about to watch a questionable stroke, an Active Referee has the power to:

- R3.5.1 ask the player what stroke the player intends to play. The player must answer the question.
- R3.5.2 choose the position from where to watch the stroke.
- R3.5.3 ask another Authorised Referee to watch the stroke from a different position and provide an opinion on the stroke to the Active Referee who remains responsible for judging the effect or fairness of the stroke.
- R3.5.4 tell the striker when the stroke may be played. If the striker plays before the Active Referee is ready, the referee may direct the stroke to be re-played.

R3.6 Referee giving information to players

An Active Referee may give information to a player subject as follows.

- R3.6.1 An Active Referee who is asked about the state of the game at any time should tell the player what the referee knows [AC: subject to R3.7 below].
- R3.6.2 An Active Referee must state the Law or Rule on any matter if asked by a player and may choose to volunteer such information.
- R3.6.3 An Active Referee may choose to explain the reasons for a ruling, and must explain the reasons as fully as possible to a player who asks for an explanation.
- R3.6.4 An Active Referee may not otherwise give information or advice to a player. [AC: A referee must not state whether a ball has been moved or shaken when a wiring lift may ensue unless asked by a player or unless a fault has occurred.]

R3.7 [AC: Testing for a wired ball

An Active Referee must be aware of the following Laws:

- R3.7.1 A decision whether one ball is wired from another may not be given unless the striker is claiming a wiring lift. The Active Referee must confirm that the claimant has not played a stroke in this turn and that the adversary is responsible for the position of the relevant ball. (Law 16.5.2)
- R3.7.2 When judging whether one ball is wired from another, the benefit of any doubt is given to the claimant. (Law 16.5.3)]

R3.8 Adjusting court settings or repairing damage

An Active Referee may arrange for the settings of the court to be adjusted or for special damage to be repaired, where the Laws or Rules permit it. In doing so, the referee must:

- R3.8.1 consider the effect on any other game on the court.
- R3.8.2 [AC: act consistently with Law 4.5 (which forbids some types of

adjustments), and Laws 5.1.4 and 5.2.3 (which place restrictions on adjusting a hoop or the peg).]

- R3.8.3 [GC: act consistently with Rule 2.5 (which permits adjustment of missing or misplaced equipment) and Rules 3.1.3 and 3.2.3 (which place restrictions on adjusting the peg or a hoop).]

R4 Powers and duties of an Inactive Referee

An Inactive Referee is permitted to intervene in a game without having been invited, and is required to do so, only in the following cases:

- R4.1 to ensure that play is lawfully continued after an error or interference is claimed or admitted, but only if the players appear unable to deal with the issue themselves and no Active Referee is present. If an Active Referee is present, an Inactive Referee who has relevant evidence should volunteer to be a witness.
- R4.2 on hearing a player give erroneous information on the Laws or Rules to the opponent.
- R4.3 [AC: if a ball is pegged out in breach of Law 43.]
- R4.4 [GC: if personally watching the game, by forestalling play
- R4.4.1 before a wrong ball is played; or
 - R4.4.2 immediately after a wrong ball has been played; or
 - R4.4.3 immediately after both sides have contested a hoop out of order in the respective last strokes.]

R5 Restrictions on using information obtained earlier

- R5.1 The following restrictions apply to an Active Referee who is a Referee on Request or a Referee in Charge who has been allocated to a game after it has started. They override the powers and duties specified in R3.
- R5.1.1 A referee may not use, or draw attention to, knowledge about the state of the game the referee acquired while inactive.
 - R5.1.2 The same applies to knowledge acquired while the referee was an Active Referee on a previous occasion, but only if at least one stroke has been played since the referee acquired the information.
- R5.2 These restrictions do not apply to knowledge relating to an issue:
- R5.2.1 to which a player has drawn attention; or
 - R5.2.2 for which an Inactive Referee could intervene under R4; or
 - R5.2.3 which would be apparent to a referee who had not previously seen the game.

R6 Appeals

R6.1 Grounds for an appeal

An appeal may be made by a player against a decision of a referee only in respect of:

- R6.1.1 a question concerning the interpretation or application of a Law/Rule, a regulation or a tournament or event condition; or
- R6.1.2 [AC: a ruling under Law 63; or]
- R6.1.3 [GC: a ruling under Rule 15.5; or]
- R6.1.4 a compromise decision under R3.3.3.

R6.2 Power to hear an appeal

The Tournament Referee or a Deputy Tournament Referee has the sole power to hear and decide an appeal, except that if such an official is a party to an appeal, either as a player or referee, another referee must be appointed to do so.

R6.3 Appeals are final

The decision on an appeal is final for the game.

R6.4 Limit of claims

A player who has played a stroke after a ruling was given cannot appeal against that ruling. Likewise, a player cannot appeal after:

- R6.4.1 [GC: an opponent has played a stroke.]; or
- R6.4.2 [AC: the opposing side has played two strokes. However, in a singles game, if the player is absent and performing official duties, the player may appeal before the first stroke of the player's next turn.]

R6.5 Reporting of Appeals

If a situation that is subject to appeal does not seem to be covered by the Laws or Rules or an official commentary, the Tournament Referee must report the facts and the decision to the appropriate national association for reference to whichever of the WCF AC Laws Committee and the WCF GC Rules Committee is appropriate.

R7 Players performing the functions of referees

R7.1 Players who are Qualified Referees

Unless the Tournament Referee or the Organising Body has directed otherwise, players competing in a tournament or event who are Qualified Referees may act as Referees on Request.

R7.2 Other players

Unless the Tournament Referee has directed otherwise, all experienced players competing in a tournament or event may act as follows, but only if requested by the striker or the opponent:

- R7.2.1 to watch a stroke to decide:
 - R7.2.1.1 where a ball crosses the boundary; or
 - R7.2.1.2 [AC: whether a ball hits the peg or another ball;] or
 - R7.2.1.3 [AC: whether a ball is moved or shaken, but only if specifically asked].
- R7.2.2 to decide whether a ball:
 - R7.2.2.1 is on or off the court; or
 - R7.2.2.2 protrudes out of or into the jaws of a hoop.

R8 Other regulations

- R8.1 The presence of a referee does not relieve a player in a game of the duty to draw attention to an irregularity that the player thinks the referee may have overlooked.
- R8.2 [AC: The Organising Body may modify these Regulations in accordance with Law 62.]
- R8.3 Only an Authorised Referee may intervene in a game under R4 (see R1.4.1). However, any Qualified Referee may report a problem to the Tournament Referee or a Deputy Tournament Referee.

Permanent lawns !

Lucky Club... And we have solutions for you.

If you are still at the planning stage then you have the option of fitting permanent **QuadSockets**.

QuadSockets use normal **Quadway** hoops so you have all the benefits. These are placed in the "ground" before the turf goes down.

YES you can use these on normal lawns.

Set them once... then just use the **second AND third** position when the rabbit runs show up.

Summerset Palmerston Nth

If your lawns are already in place then the **TigerHoops** can go on top of the lawn. They are standard height and weight not, just some bent rod. The cunning base/foot is nice and rigid. If you need additional anchoring there is provision for that.
