

Advantage Target Scores and Scoring Fractional Percentage tables

In 2026 CNZ has adopted Advantage Target Scores for which the new Rule 21 can be found in Appendix 4 of the Golf Croquet Rules in the 2026 yearbook. This supersedes the Rule 21 currently included in the WCF Rules Book 6th Edition.

Tables (all are in colour to print at A4 size)

Some tables extend to a handicap of 14. These should cover virtually all New Zealand players, but tables that extend to a handicap of 20 are also available.

Target scores - Short game up to handicap 14

Target scores - Short game up to handicap 20

Target scores - Standard game up to handicap 14

Target scores - Standard game up to handicap 20

Target scores - Long game up to handicap 14

Target scores - Long game up to handicap 20
